Our More Perfect Union From Eighteenth C:

Our More Perfect Union Arthur Norman Holcombe,1958 *Realignment* Theodore Rosenof,2003-05-07 *Realignment* The Theory that Changed the Way We Think About American Politics tells the dramatic story of how a new approach to American politics emerged in the aftermath of Harry Truman's stunning 1948 election upset victory This approach realignment theory held that critical elections such as those of the Civil War era the 1890 s and the 1930 s shaped politics for decades to come Theodore Rosenof details how realignment theory emerged as the predominant explanation of electoral change and how after decades of analysis it remains a subject of continuing influence and controversy The first history of this important theory *Realignment* weaves history and political science into a compelling look at American elections DoD GEN,1962 Ogg and Ray's Introduction to American Government Frederic Austin Ogg,Perley Orman Ray,1966 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1979 **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress. Copyright Office,1949 Nigeria's 2019 Democratic Experience Egodi Uchendu,Olawari D. J. Egbe,2022-06-06 Nigeria's democratisation efforts since attaining political independence from Britain have been tumultuous and have spanned over three successive republics A persistent bug decimating Nigeria's democracy and repeatedly leading to military coups has been brazen electoral violence perpetrated by the nation's political elite Nigeria's 2019 Democratic Experience analyses and explains what went wrong in Nigeria's experiment with democracy Nigeria Africa's most populous nation and the world's seventh most populous nation also contributes 70% of West Africa's population She is sub-Saharan Africa's largest oil producer and has remained Africa's largest economy by GDP since 2014 The country has hundreds of diverse ethnic nationalities and languages grouped into 36 states or federating units and an independent federal capital territory Though recognized as Africa's largest democracy her democratisation process since the 1960s has remained tumultuous with massive electoral violence and political intolerance This repeatedly compelled the military to intervene in the nation's political history in the years 1966 1983 and 1985 It is these developments that provided the motivation for this volume to capture for posterity the conduct of the 2019 General Elections in Nigeria **Parameters** ,1990 Our Country Grant R. Brodrecht,2018-06-05 On March 4 1865 the day Abraham Lincoln delivered his second inaugural address Reverend Doctor George Peck put the finishing touches on a collection of his sermons that he intended to send to the president Although the politically moderate Peck had long opposed slavery he along with many other northern evangelicals was not an abolitionist During the Civil War he had come to support emancipation but like Lincoln the conflict remained first and foremost about preserving the Union Believing their devotion to the Union was an act of faithfulness to God first and the Founding Fathers second *Our Country* explores how many northern white evangelical Protestants sacrificed racial justice on behalf of four million African American slaves and then ex-slaves for the Union's persistence and continued flourishing as a Christian nation By examining Civil War era Protestantism in terms of

the Union author Grant Brodrecht adds to the understanding of northern motivation and the eventual failure of Reconstruction to provide a secure basis for African American s equal place in society Complementing recent scholarship that gives primacy to the Union Our Country contends that non radical Protestants consistently subordinated concern for racial justice for what they perceived to be the greater good Mainstream evangelicals did not enter Reconstruction with the primary aim of achieving racial justice Rather they expected to see the emergence of a speedily restored prosperous and culturally homogenous Union a Union strengthened by God through the defeat of secession and the removal of slavery as secession s cause Brodrecht eloquently addresses this so called proprietary regard for Christian America considered within the context of crises surrounding the Union s existence and its nature from the Civil War to the 1880s Including sources from major Protestant denominations the book rests on a selection of sermons denominational newspapers and journals autobiographies archival personal papers of several individuals and the published and unpublished papers of Abraham Lincoln Andrew Johnson and Ulysses S Grant The author examines these sources as they address the period s evangelical sense of responsibility for America while keyed to issues of national and presidential politics Northern evangelicals love of the Union arguably contributed to its preservation and the slaves emancipation but in subsuming the ex slaves to their vision for Christian America northern evangelicals contributed to a Reconstruction that failed to ensure the ex slaves full freedom and equality as Americans

Elite White Men Ruling Joe Feagin, Kimberley Ducey, 2017-04-07 This book examines the who what when where and how of elite white male dominance in U S and global society In spite of their domination in the United States and globally that we document herein elite white men have seldom been called out and analyzed as such They have received little to no explicit attention with regard to systemic racism issues as well as associated classism and sexism issues Almost all public and scholarly discussions of U S racism fail to explicitly foreground elite white men or to focus specifically on how their interlocking racial class and gender statuses affect their globally powerful decisionmaking Some of the power positions of these elite white men might seem obvious but they are rarely analyzed for their extraordinary significance While the principal focus of this book is on neglected research and policy questions about the elite white male role and dominance in the system of racial oppression in the United States and globally because of their positioning at the top of several societal hierarchies the authors periodically address their role and dominance in other oppressive e g class gender hierarchies

The Colour of Our Future Xolela Mangcu, 2015-07-01 South Africa is ready for a new vocabulary than can form the basis for a national consciousness which recognises racialised identities while affirming that as human beings we are much more than our racial sexual class religious or national identities The Colour of Our Future makes a bold and ambitious contribution to the discourse on race It addresses the tension between the promise of a post racial society and the persistence of racialised identities in South Africa which has historically played itself out in debates between the I don t see race of non racialism and the I m proud to be black of black consciousness The chapters in this volume highlight the need for a race

transcendent vision that moves beyond the festival of negatives embodied in concepts such as non racialism non sexism anti colonialism and anti apartheid Steve Biko s notion of a joint culture is the scaffold on which this vision rests it recognises that a race transcendent society can only be built by acknowledging the constituent elements of South Africa s EuroAfricanAsian heritage The distinguished authors in this volume have over the past two decades used the democratic space to insert into the public domain new conversations around the intersections of race and the economy race and the state race and the environment race and ethnic difference and race and higher education Presented here is some of their most trenchant and yet still evolving thinking
