**Federico Garcia Lorca** Rupert C. Allen,2014-02-19 Symbol and psyche are twin concepts in contemporary symbolological studies where the symbol is considered to be a statement by the psyche The psyche is a manifold of conscious and unconscious contents and the symbol is their mediator Because Lorca s dramatic characters are psychic entities made up of both conscious and unconscious elements they unfold grow and meet their fate in a dense realm of shifting symbols In *Psyche and Symbol in the Theater of Federico Garcia Lorca* Rupert Allen analyzes symbolologically three dramatic works of Lorca He has found *Perlimpl n* to be a good deal more complex in both psyche and symbol than it has been admitted to be *Yerma* involves psychological complications that have not been considered in the light of modern critical analysis and the symbolic reaches of *Blood Wedding* have until this book remained largely unexplored Lorca was no stranger to the agony of creation and this struggle sometimes appears symbolically in the form of his dramatic characters Both *Yerma* and *Blood Wedding* reflect specific problems underlying the creative act for they are translations into the realm of sexuality of the creative turmoil experienced by Lorca the poet *Perlimpl n* portrays the paradoxical suicide as a self murder born out of the futile attempt to create not a poem but a self Previous criticism of these three plays has been dominated by critical assumptions that are transcended by Lorca s own twentieth century mentality Allen s analysis provides a new view of Lorca as a dramatist and presents new material to students of symbolology **The New England Farmer** ,1862 Ski ,1984-12
