**Life's Journey** Marlenne Schilperoord,2019-12-03 Often we hear people say that all religions should be forbidden because they only bring misery These reactions are understandable when we see or hear the daily news But where does all this misery come from Is it because former religious leaders pursued self interest too much instead of the Christian faith from the source Or is it our indifferent attitude that offers negative forces a free path To find the answer we must go back to our source of life to the reason for our earthly existence It teaches us that what we call religion is the development of a spiritual consciousness to elevate the human soul the very self And that the words of our Creator do not stop on the last page of the bible He has sent us His New Revelations to encourage us and to find our way home again to the House of our Eternal Loving Father Whoever reads the book may realize how important it is to ask yourself life questions How you can give substance to your earthly existence That this book may help you on your way to find your purpose in your life s journey

*Great Thoughts from Master Minds* ,1890      **Mentoring Avatars** Jonathan Erdlen, 2020-08-10 The World of the Avatar It is fascinating to have the desire to be aware of what is happening in the Universe our Planet and within the group of souls around us and indeed our very own personal and intimate life Some individuals have reached this current incarnation and are working their way toward feeling the integration of many levels of illumination The truth is that we touch all of these areas at a deeper level and the soul thoughts and feelings will determine if we are willing to embrace the experience this time around

In the increasing circles of our growth and awareness and I choose to call them circles rather than levels for specific reasons the very essence of the feeling generated inside of us is calling for a deeper and higher view through our hierarchy of needs as described and recently verified in the Maslow Hierarchy of Needs as he originally taught No level is lessor or to be belittled and the full integration of these logical categories is completely necessary with both our human and divine natures None are to be seen as weakness or being lessor but only the next step in our evolution toward a heavenly existence of peace love wisdom and self actualization toward Transcendence to a current Holy Place in our own being Book Clearly Addresses this thesis Maslow s Hierarchy of Needs is as follows and a reminder Transcendence Self Actualization Esteem Needs Social Needs Safety Needs Physiological Needs      **The thousand best poems in the world, selected and arranged by E.W.
