Our Dear Mother The Spirit:

The Trinity Roger E. Olson, Christopher Alan Hall, 2002 The premier volume in an exciting new series of guides to the core beliefs of the Christian faith The Trinity provides beginning theology readers with a basic knowledge of the doctrine of God's triune nature Concise nontechnical and up to date the book offers a detailed historical and theological description of the doctrine of the Trinity tracing its development from the first days of Christianity through the medieval and Reformation eras and into the modern age Special attention is given to early church controversies and church fathers who helped carve out the doctrine of the triune God as well as to its twentieth century renaissance The second half of the book contains a detailed annotated bibliography of all major books written about the Trinity **Community of the Cross** Craig D.

Atwood, 2010-11-01 Bethlehem Pennsylvania was a unique colonial town It was the first permanent outpost of the Moravians in North America and served as the headquarters for their extensive missionary efforts It was also one of the most successful communal societies in American history Bethlehem was founded as a congregation of the cross where all aspects of personal and social life were subordinated to the religious ideal of the community In Community of the Cross Craig D Atwood offers a convincing portrait of Bethlehem and its religion Visitors to Bethlehem such as Benjamin Franklin remarked on the orderly and peaceful nature of life in the community its impressive architecture and its high culture However many non Moravians were embarrassed or even offended by the social and devotional life of the Moravians The adoration of the crucified Jesus especially his wounds was the focus of intense devotion for adults and children alike Moravians worshiped the Holy Spirit as Mother and they made the mystical marriage to Christ central to their marital intimacy Everything even family life was to be a form of worship Atwood reveals the deep connection between life in Bethlehem and the religious symbolism of controversial German theologian Nicholas von Zinzendorf whose provocative and erotic adoration of the wounds of Jesus was an essential part of private and communal life Using the theories of Ren Girard Mary Douglas and Victor Turner Atwood shows that it was the Moravians liturgy and devotion that united the community and inspired both its unique social structure and its missionary efforts **Lives of Spirit** Nicky Hallett, 2016-05-06 Nicky Hallett has uncovered a major new source of material by and about English nuns living in exile in the Low Countries during the seventeenth and eighteenth centuries This volume presents the women's voices in unmediated form direct in all their vibrancy with an extensive introduction that provides historical and cultural contexts for an understanding of the Lives their sources and their authors Lives of Spirit draws upon several remarkable sets of papers compiled in enclosed convents between 1619 and 1794 These documents show that religious women developed an astute system of auto biographical practice within a protean political situation and that even in exile and from within enclosure they sought to shape a distinctive contribution to devotional change within a reforming church This volume reveals how the women's Lives challenge as well as affirm notions of gendered spirituality refiguring traditions of female life writing that extend from Catherine of Siena 1347-80 through the work of the Carmelite

reformer Teresa of Avila 1515-82 into the later modern period The newness of the material in this book allows a radical reappraisal of the self representation of religious women and of paradigms of life writing in and beyond the early modern period This book is of significant interest to scholars interested in early modern women's writing female spirituality and autobiography more widely as a genre

This Is Our Song Janet Wootton, 2013-01-07 Women have made an amazing creative and prolific contribution to hymnody through the centuries of Christian worship Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches women were able to express and influence spirituality in the writing of hymns This influence spreads across the whole range of hymn writing including writing for children which was at one time seen as women's natural place but also the introduction of new voices through translations engagement in social campaigns such as temperance and the abolition of slavery mission and evangelism and the general development of worshipping life However with the exception of the nineteenth century the voices of women have been largely silenced or marginalized The Hymn Explosion of the 1960s onward almost completely ignored women's writing and there has only recently been something of a recovery There is much more to *Our Song* than people think This book opens up women's writing from the beginnings of Christianity through the Middle Ages the development of printing and the rise of popular hymnody to the present day Living hymn writers add their voices in a series of biographical stories which complete the overarching story of *Our Song*

more intimately the God who breaks through our compartmentalization and naming While most in the West have heard God's name as almost exclusively masculine a child growing up in Israel would have experienced the Spirit of God and Lady Wisdom as female This ruach the breath of God brooded over the face of the deep in the creation story like a hovering mother bird The God of the Bible and the early church has been described with both masculine and feminine imagery referred to by the church fathers and mystics as both Mother and Father In our time we have lost much of this rich feminine imagery This book explores not only this historical knowing of God but also more contemporary writers such as Carl Jung Paul Young The Shack George MacDonald and Thomas Merton Each of these men engaged with the Divine Feminine giving us examples of how we too may find God more deeply and more intimately The Western Journal and Civilian ,1853 My evolution!... The Western Journal ,1853 Agriculture and the mechanic arts are the basis of civilization **The Old Rugged Cross** Ben Pugh,2016-10-10 A lot has been said about the atonement theology of the theologians but what of ordinary believers and their church leaders What if anything have they done with penal substitution or with Christus Victor How if at all have these doctrinal approaches helped ordinary Christians to live more devoted lives or lead good church services Ben Pugh takes the temperature of the church at various points in its history right up to the present day noting particular emphases that can be detected in various expressions of personal and corporate faith whether these be hymns sermons magazines or devotional texts The book aims not only to describe what the implied atonement theologies of the church have in reality been but also to explore why these have taken the forms that they have This exploration will shed some fresh light on current debates building on the findings of the author's earlier work *Atonement Theories A Way through the Maze* **Spiritual Philosopher** ,1850 **History of Chester, New Hampshire, Including Auburn** ,1926 **The Christian guardian (and Church of England magazine).** ,1828 *A Complete Concordance to Shakespeare* John Bartlett,2016-02-17 A complete concordance or verbal index to words phrases and passages in the dramatic works of Shakespeare There is also a supplementary concordance to the poems This is an essential reference work for all students and readers of Shakespeare
