Our Florida History:

Our Florida History Betty J. Davison, Dade County Public Schools, 1982
1763 to Our Own Times: Florida as a state Caroline Mays Brevard, 1925
magazine of Florida's heritage
Sharing Our History With Others Tomie L. Brown, 2014
Sharing our history with the world
is mostly information compiled by the author of the book
We have no written book of how our wonderful establishment began
This magnificent Organization began in 1926 by late Bishop Major Solomon Bennett
In its 88 years history we had four fantastic Bishops to head these Churches
Bishop Major Solomon Bennett Bishop Benjamin Fields Colty Bishop James Kelly
and presently Bishop Moses Alfred Lewis
a written history of some of these Churches that makes up this wonderful Organization
as well as the former churches of Church South Carolina
History of each church was compiled by the Pastors Members and Secretaries of each church
Its foundation to the present Its establishment and structure our forefathers came together
and set the guidelines that this organization will follow not much has been revised since
Pictures of some notable Leaders and Members past and present whose faces will be recognizable
to the body of Christ There are many many more great giants that can be placed in OUR CHURCH HALL OF FAME
that space will not consent to When the Spirit of God change the lives of ordinary people through
the fabric of the church People through the power of the Holy Spirit can and will accomplish great things
that will last and help to change the lives of others through Christ for generations to come
We thank our God through Christ Jesus for all that has built on this foundation because of their FAITH in Christ
which will be reported to the whole world Romans 1:8
Our America: A Hispanic History of the United States Felipe Fernández-Armesto, 2014-01-20
A rich and moving chronicle for our very present Julio Ortega New York Times Book Review
The United States is still typically conceived of as an offshoot of England with our history unfolding east to west
beginning with the first English settlers in Jamestown
This view overlooks the significance of America's Hispanic past
With the profile of the United States increasingly Hispanic the importance of recovering the Hispanic dimension to our national story has never been greater
This absorbing narrative begins with the explorers and conquistadores who planted Spain's first colonies in Puerto Rico
Florida and the Southwest
Missionaries and rancheros carry Spain's expansive impulse into the late eighteenth century settling California
mapping the American interior to the Rockies and charting the Pacific coast
During the nineteenth century Anglo America expands west under the banner of Manifest Destiny and consolidates control through war with Mexico
In the Hispanic resurgence that follows it is the peoples of Latin America who overspread the continent from the Hispanic heartland in the West to major cities such as Chicago Miami New York and Boston
The United States clearly has a Hispanic present and future
And here is its Hispanic past presented with characteristic insight and wit by one of our greatest historians
