Outbreak Creating A Contagious Youth Ministry Through Viral Evangelism:

Outbreak Greg Stier, 2006-06-01 New in paperback and now revised and updated *Outbreak* by gifted youth leader Greg Stier draws on the example of viral marketing in secular marketing to illustrate the idea of viral evangelism He believes if we equip teens to be contagious unstoppable Christians like those in the book of Acts a major revival is sure to follow This new edition contains practical strategies and links to free resources and forums *Outbreak!* Greg Stier, 2002 Engaging Generation Z Tim McKnight, 2021-01-26 A holistic approach to reaching Generation Z in your local church To disciple the youth in our student ministries today we have to understand the unique characteristics of Generation Z and apply lessons learned from recent decades of youth ministry In this thoroughly revised second edition of *Raising the Bar Student Ministry for a New Generation* pastor and professor Timothy McKnight brings a wealth of new insights resources and guidance for reaching today's adolescents Following an overview of the beliefs attitudes and practices of Generation Z McKnight provides youth pastors and volunteers with a complete plan for discipling adolescents through the local church This includes practical advice on topics such as Engaging parents in youth ministry Holistically guiding students in their beliefs behavior and affections Equipping adult leaders who can serve as role models Working with pastors staff and church leaders Helping parents develop rites of passage for their children as they move into adulthood Raising expectations for adolescents to encourage them to grow toward maturity Based on years of personal experience and practice *Engaging Generation Z* provides everything youth ministers need to equip grow and encourage today's generation of young people to follow Christ and to take their student ministry to the next level Raising the Bar Alvin L. Reid, 2002 Two thirds of today's teens are interested in having a meaningful relationship with God yet less than one third of them are active in a local church These statistics indicate that it is time to change how the church does youth ministry and this compelling book provides an impassioned plea for the church to set higher standards for ministry to teens and their families *Preaching to Convert* John Fletcher, 2013-11-13 *Preaching to Convert* offers an intriguing new perspective on the outreach strategies of U S evangelicals Author John Fletcher frames these activities from door to door proselytizing to the spirited sermons of superstar televangelists as examples of activist performance broadly defined here as acts performed before an audience in the hopes of changing hearts and minds Most writing about activist performance has focused on left progressive causes events and actors and if evangelicals have appeared at all they often appear as one dimensional forces of ignorance or bigotry against which brave left leaning activists must fight *Preaching to Convert* argues against such a constricted view of activism and for a more nuanced understanding of U S evangelicalism as a movement defined by its desire to win converts and spread the gospel In other words evangelicals are activist performers par excellence The book positions evangelicals as a diverse complicated group confronting the loss of conservative Christianity's default status in twenty first century U S culture In the face of an increasingly secular age evangelicals have been reassessing models of outreach In acts like handing out Bible tracts to

strangers on the street or going door to door with a Bible in hand in elaborately staged horror themed morality plays or multi million dollar creationist discovery centers in megachurch services beamed to dozens of satellite campuses and in controversial ex gay ministries striving to return gays and lesbians to the straight and narrow evangelicals are redefining what it means to be deeply committed in a pluralist world The book s engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields
