A. Beggs, Richard F. Mull, Mick Renneisen, Michael A. Mulvaney, 2023-09-28 Recreation Facility Management Second Edition With HKPropel Access is the fundamental text for students and new professionals who will manage a recreational facility. It outlines essential responsibilities and prepares readers to perform the duties of a manager for various types of facilities ranging from recreation and aquatic centers, playgrounds and parks to fitness centers, golf courses and sport complexes, each with its own unique set of goals and challenges. Recreation Facility Management begins by defining the characteristics and expectations of the profession. It discusses the facility design and development process, including assessing needs, planning, reading blueprints and securing funding. Topics such as facility resource management, financial issues and human resources are explored in depth. The text then tackles strategies for utilizing facilities in a safe and efficient manner, addressing safety and security, maintenance and emergency preparedness and response plans. Finally, a detailed examination of the operation of common types of recreation facilities is offered alongside coverage of national industry standards and guidelines. Content updates to the second edition include a new chapter on ancillary space design with a focus on sustainability and technology updates as well as accessible design. A chapter was also added to address larger scale recreational sport events and outdoor facilities. Recreation Facility Management also includes new enhancements to help students apply and retain important information. Learning aids including chapter objectives, review questions and summary elements help to facilitate learning. Case studies provide real scenarios and related discussion questions to help students better understand the material. Sample answers to the questions are provided in the instructor guide. Industry Profile features offer real world examples from the field. Check It Out elements call out special content to help engage readers. Online materials include learning activities as well as checklists and forms from the files of actual facility managers. Recreation Facility Management offers a practical introduction to facility design, management and maintenance for practicing recreation professionals or future professionals. It arms readers with the knowledge and skills necessary for becoming a successful facility manager in any recreation setting. Note: A code for accessing HKPropel is included with this ebook.
