Public Policy Toward Corporate Takeovers:

Public Policy Toward Corporate Takeovers Murray L. Weidenbaum, Kenneth W. Chilton, This volume examines critical issues in the debate over the effects of the current wave of corporate takeovers Media accounts are often sensational but proposed public policy remedies need to be evaluated on the basis of more than simple rhetoric The studies contained in this collection provide solid economic grounding for the debate Public Policy Toward Corporate Takeovers is the result of extensive research sponsored by the Center for the Study of American Business and directed by Murray Weidenbaum it examines key aspects of takeovers the evolving regulatory role of the Antitrust Division state versus federal authority over offensive and defensive takeover maneuvers whether leveraged buyouts improve the firm s economic performance and the validity of assertions about entrenched managements The book also includes the views of the most publicized corporate raider T Boone Pickens Balancing Pickens highly favorable view of the value of hostile takeovers as a disciplining factor for subpar management performance is a chapter by David Ravenscraft of the Federal Trade Commission who takes a long term viewpoint and argues that the popular belief that takeovers create substantial efficiencies has not been borne out by the record The overall findings do not fully support either side of the takeover controversy The book presents both legal and economic perspectives and suggests strategies for government policymakers as well as leaders of private enterprise

Forum for Applied Research and Public Policy, 1988 **Corporate Takeovers** United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs, 1976 **Corporate Takeovers** United States. Congress. House. Committee on the Judiciary. Subcommittee on Monopolies and Commercial Law, 1982 Managers Vs. Owners Allen Kaufman, Lawrence Zacharias, Marvin Jay Karson, 1995 This book deals with a subject of profound importance to understanding the place of the modern corporation in a democratic society This is the inherent conflicts between the interest of corporate owners the shareholders the interest of the larger society and the interest of the managers who run the corporations Managers have created a shared professional ideology that is designed to preserve their autonomy To protect itself from unbridled corporate power government has enacted a myriad regulations to check this power In Managers vs Owners the authors describe how in different eras the balance between corporate power and government regulation has changed with the interests of society as a whole The authors conclude by looking at the impact of collective investor action especially institutional investors on the efforts by managers to preserve their autonomy **Government and Business: American Political Economy in Comparative Perspective** Richard Lehne, 2012-03-23 In this thoroughly updated edition Lehne takes a comparative approach evaluating the U S political economy with respect to those of Great Britain Germany Japan and the EU The book provides detailed historical context for and a conceptual understanding of the business government environment and then clarifies the roles of the major actors and outlines the regulatory and policy frameworks Along the way Lehne probes some of the most crucial dilemmas facing government and business today Takeover Tactics
