Public Sector Labour Relations In An Era Of Restraint And Restructuring:

Bad Time Stories Yonatan Reshef, Charles Keim, 2014-01-01 In *Bad Time Stories* Yonatan Reshef and Charles Keim analyse the language of both parties in order to identify the legitimization strategies at work during government union conflict. The authors use evidence drawn from newspapers, speeches, parliamentary transcripts and legal statements in presenting a new framework for understanding the discursive strategies employed by governments and unions in labour disputes.

Labour Relations and Health Reform K. Wetzel, 2005-10-10 Over the past 25 years governments that operate publicly funded health care systems have endeavoured to modernize service delivery and to control health spending. This has occasioned high profile efforts to reform and restructure previously stable health systems. Health organizations are typically complex, labour intensive and unionized. Health reform can have enormous consequences for workers and their unions. Governments' ideologies determine the nature of reform initiatives. This book examines the experiences of five jurisdictions: Great Britain, New Zealand, New South Wales, Saskatchewan and Alberta.

Unions in the Time of Revolution Yonatan Reshef, Sandra Rastin, 2003-01-01 The election of neo-conservative governments in Alberta and Ontario in the early 1990s brought dramatic changes to provincial public policy. Both the Ralph Klein Revolution and Mike Harris Common Sense Revolution emphasized fundamental changes in the role of government, balanced budgets and the elimination of provincial debts. While public sector unions were forced to react, the response of the Alberta and Ontario unions differed significantly. The reasons, outcome and long term impact of the difference is the focus of Yonatan Reshef and Sandra Rastin's careful and revealing analysis. The authors' argument concentrates on union responses to the neo-conservative transformation in the two affected provinces, but the scope of the discussion expands to cover such issues as the differences between the two regimes, the damage to the Ontario labour movement dealt by the labour-oriented NDP government, the limits of inter-union cooperation and the role of modern unions in politics. Lively and timely, *Unions in the Time of Revolution* places Canada's unions in the full context of the neo-conservative trend in provincial politics and demonstrates the importance of individual union responses in times of such significant change.

How Ottawa Spends, 2007-2008 G. Bruce Doern, 2007-08-01 In the twenty-eighth edition of *How Ottawa Spends*, leading Canadian scholars examine the Harper government agenda in the context of Stéphane Dion's election as Liberal opposition leader and the emergence of climate change as a dominant political and policy issue. This volume focuses on Quebec-Canada relations and federal-provincial fiscal imbalance. Contributors explore several key policy and expenditure issues including Canada-U.S. relations, the Federal Accountability Act, energy policy, health care, child care, crime and punishment, consumer policy and public service labour relations. They also offer a critical analysis of the challenges to overall governance, including ministerial responsibility, public-private partnerships and the handling of long-term spending commitments inherited by succeeding governments. Contributors include Timothy Barkiw (Toronto Metropolitan University), Gerard Boychuk (Waterloo), Keith Brownsey (Mount Royal College, Calgary), Peter Graefe

35 *Accords* Tony Penikett, John Calvert, 2025-06-23 What does a cash strapped government do when the collective agreements for almost a quarter million of its unionized employees expire simultaneously while wishing to maintain a respectful relationship with its labour supporters In 1997 the Premier of British Columbia BC Canada Glen Clark thought of an imaginative solution It was to offer unions an opportunity to participate with the government in developing policies on issues affecting their members and the services they provide This was BC s public sector policy Accord process The goal was to establish a different more collaborative relationship with unions one in which they had a voice in shaping policy solutions This parallel process entirely separate from collective bargaining would also avoid the adversarial relationship that so often characterizes a government s relations with its unions by recognizing the positive role unions and their members could play in contributing to improving BC s public programs and services The authors who worked on the Accord process with Premier Clark provide an insider s story of the intensive three year period during which the parties

negotiated 35 policy accords across the entire provincial public sector. The Accords covered a wide range of issues including pension trusteeship and portability, early retirement, provincial school class size, benefits, trusts, government procurement, policy, hospital laboratory services, workforce training, pay equity, creation of a health and safety agency, and numerous smaller policy fixes. The accord process demonstrated that it was possible for a government to initiate a new and more collaborative relationship with its unions by inviting them into the policy process. The accords definitely improved relations with the government and contributed to collective bargaining settlements within the government's money mandate.

The Public Sector in an Age of Austerity Bryan M. Evans, Carlo Fanelli, 2018-07-23

Following the 2008 global financial crisis, Canada appeared to escape the austerity implemented elsewhere, but this was spin hiding the reality. A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered the burden. *The Public Sector in an Age of Austerity* examines public sector austerity in the provinces and territories, specifically addressing how austerity was implemented, what forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes, and what, if any, political responses resulted. Contributors focus on the period from 2007 to 2015, the global financial crisis, and the period of fiscal consolidation that followed, while also providing a longer historical context. Austerity is not a new phenomenon. A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances, highlighting the consequences such changes have had for public sector workers and users of public services. The first book of its kind in Canada, *The Public Sector in an Age of Austerity* challenges conventional wisdom by showing that Canada did not escape post-crisis austerity and that its recovery has been vastly overstated.

From Consent to Coercion Leo Panitch, Donald Swartz, 2008-08-23

Published Under the Garamond Imprint, *From Consent to Coercion* addresses several of the key issues about the future of unions and social democratic policies in Canada.

From Consent to Coercion Bryan Evans, Carlo Fanelli, Leo Panitch, Donald Swartz, 2023-02-27

From Consent to Coercion examines the increasing assault against trade union rights and freedoms in Canada by federal and provincial governments. Centring the struggles of Canadian unionized workers, this book explores the diminution of the welfare state and the impacts that this erosion has had on broader working class rights and standards of living. The fourth edition witnesses the passing of an era of free collective bargaining in Canada, an era in which the state and capital relied on obtaining the consent of workers and unions to act as subordinates in Canada's capitalist democracy. It looks at how the last twenty years have marked a return to a more open reliance of the state and capital on coercion, on force, and on fear to secure that subordination. *From Consent to Coercion* considers this conjuncture in the Canadian political economy amid growing precarity, poverty, and polarization in an otherwise indeterminate period of austerity. This important edition calls attention to the urgent task of rebuilding and renewing socialist politics, of thinking ambitiously and meeting new challenges with unique solutions to the left of social democracy.
