Richard C. Eichenberg

Public Opinion And Nuclear Weapons:

Public Opinion and Nuclear Weapons Catherine Marsh, Colin Fraser, 1989 *Public Opinion and National Security in Western Europe* Richard C. Eichenberg, 1989-06-18 This survey of European public opinion on national security issues interprets numerous public opinion polls retrieved from government ministries commercial agencies and educational institutions It is a comparative and historical survey of the security challenges faced by Western governments British Public Opinion on Foreign and Defence Policy Ben Clements, 2018-12-07 This book provides a long term perspective on the opinions of the British public on foreign and defence policy in the post war era Thematically wide ranging it looks at the broader role of foreign and defence policy in British politics and elections public opinion towards Britain's key international relationships and alliances the United States NATO the EU and the Commonwealth and public opinion towards the projection of soft power overseas aid and hard power defence spending nuclear weapons and military intervention Assessing the main areas of change and continuity in the public's views it also pays close attention to the dividing lines in wider society over foreign and defence policy Analysing an extensive range of surveys and opinion polls the book situates the analysis in the wider context of Britain's changing foreign policy role and priorities in the post war era as well as linking public opinion with the politics of British external policy the post war consensus on Britain's overseas role historical and contemporary areas of inter party debate and enduring intra party divides This text will be of key interest to scholars and students of British politics European politics foreign policy analysis public opinion defence and security studies and more broadly to comparative politics and international relations International Law, Human Rights and Public Opinion Heping Dang, 2017-03-16 This book explores situations in which public opinion presents itself as an obstacle to the protection and promotion of human rights Taking an international law perspective it primarily deals with two questions first whether international law requires States to take an independent stance on human rights issues second whether international law encourages States to inform and mobilise public opinion with regard to core human rights standards The discussion is mainly organised within the framework of the UN system The work is particularly relevant to situations in which public opinion appears as discriminatory attitudes based on race gender age health sexual orientation and other factors It is also pertinent to circumstances in which public opinion is responsible for the existence of certain harmful customs and practices such as female genital mutilation and capital punishment Noting that the death penalty is increasingly recognised as an infringement of human rights this study further challenges States argument that capital punishment cannot be abolished because of public opinion The book also discusses the role that education bears under international law in moulding favourable attitudes towards human rights Finally the book challenges States acceptance that public opinion cannot be confronted in this respect **Statistical Reference Index**, 1986 **The Oxford Handbook of Political Psychology** Leonie Huddy, David O. Sears, Jack S. Levy, Jennifer Jerit, 2023 This updated third edition gathers together an international group of distinguished scholars to

provide an up to date account of key topics and areas of research in political psychology Focusing first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new chapters on authoritarianism nationalism status hierarchies and minority political identities along with updated material this is an essential reference for scholars and students interested in the intersection of the two fields

Nuclear Projects Michael Davis, AI, 2025-03-21 *Nuclear Projects* examines the development and impact of nuclear weapons revealing how the pursuit of this immense power reshaped the 20th century and continues to influence global politics The book explores the scientific breakthroughs intense political pressures and evolving military strategies that fueled the nuclear arms race It highlights how the Manhattan Project a massive undertaking during World War II not only produced the first atomic bombs but also presented profound ethical dilemmas for the scientists involved The text argues that nuclear weapons represent a pivotal turning point in human history fundamentally altering warfare and international diplomacy The book begins by detailing the scientific foundations of nuclear weapons moving through the Manhattan Project and analyzing the controversial decisions to use atomic bombs Subsequent chapters dissect the Cold War arms race the doctrine of Mutually Assured Destruction and various attempts at arms control *Nuclear Projects* concludes by considering contemporary challenges like nuclear proliferation and terrorism The book offers a balanced perspective drawing on declassified documents scientific reports and memoirs to provide a holistic understanding of the nuclear phenomenon and its continuing impact

The Public and Atlantic Defense Gregory Flynn, Hans Rattinger, 2021-01-26 This book first published in 1985 analyses the polarization of popular opinion over NATO defence policies during the latter years of the Cold War In many countries the domestic consensus that once supported Allied policies came close to collapsing and this study examines the question of the democratization of defence policy It explores four themes for each of the Allied countries views of the Soviet Union deterrence security and the Allies A rigorous and systematic analysis of the raw data allows for easy cross national comparisons

Unparalleled catastrophe Rhys Crilley, 2023-09-12 After the first use of nuclear weapons in 1945 Albert Einstein warned that we thus drift towards unparalleled catastrophe Today we are no longer drifting but racing toward catastrophe at breakneck speed This book analyses recent events that have brought about a dangerous Third Nuclear Age From the collapse of arms control treaties and the development of hypersonic missiles to the pop culture that shapes how we think about nuclear weapons via how nuclear weapons intersect with the global threats posed by pandemics populism climate change corruption militarism and racism this book explores the nuclear zeitgeist of today It presents the case for critical nuclear studies and provides an important intervention into debates about nuclear weapons and international security Today the planet stands on the brink of catastrophe This book tells you why and what we can do about it

Australian Public Opinion, Defence and Foreign Policy Danielle Chubb, Ian

McAllister, 2020-10-28 This book examines the impact of Australian public opinion towards defence and foreign policy from the mid twentieth century to the present day For most of this period the public showed little interest in defence and security policy and possessed limited knowledge about the strategic options available The principal post war exception to this pattern is of course the Vietnam War when political divisions over Australia s support for the U S led action eventually resulted in the withdrawal of troops in 1972 The period since 2001 has seen a fundamental change both in the public s views of defence and foreign affairs and in how these issues are debated by political elites This has come about as a result of major changes in the strategic environment such as a heightened public awareness of terrorism party political divisions over Australia s military commitment to the 2003 11 Iraq War and the increasing overlap of economic and trade considerations with defence and foreign policies which has increased the public s interest in these issues Combining the expertise of one of Australia s foremost scholars of public opinion with that of an expert of international relations particularly as pertains to Australia in Asia this book will be a critical read for those wishing to understand Australia s alliance with the U S interactions with Asia and China and the distinctive challenges posed to Australia by its geographic position

Public Opinion And Nuclear Weapons: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Public Opinion And Nuclear Weapons : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
