Publish Be Damned:

Blood of the Dragon David T. Pudlevitz, 2003-11 A team of archaeologists digging in present day Romania uncover a mass execution ground They have unexpectedly also unearthed the executioner himself Prince Vlad Dracula The King of the Undead has been waiting for hundreds of years to resurrect himself in a bid for world domination In the meantime he forces Doctors Peter Ralston and Louise Johnston to transcribe his awesome memoirs In this book penned by his own dead hand Dracula describes his monstrous birth life and rise to power and finally the dark forces which caused him to become the world most powerful vampire He describes a world of evil rituals and necromancy that is beyond the rules and laws that govern mankind He is an inhuman monster who lusts after only immortality and power This is the Dracula that Bram Stoker shocked the world with Once again Dracula has risen from his grave to cast a shadow of evil over the world *Mrs Warren's Profession* Bernard Shaw, 2005-09-13 One of Bernard Shaw s early plays of social protest Mrs Warren s Profession places the protagonist s decision to become a prostitute in the context of the appalling conditions for working class women in Victorian England Faced with ill health poverty and marital servitude on the one hand and opportunities for financial independence dignity and self worth on the other Kitty Warren follows her sister into a successful career in prostitution Shaw s fierce social criticism in this play is driven not by conventional morality but by anger at the hypocrisy that allows society to condemn prostitution while condoning the discrimination against women that makes prostitution inevitable This Broadview edition includes a comprehensive historical and critical introduction extracts from Shaw s prefaces to the play Shaw s expurgations of the text early reviews of the play in the United States Canada and Great Britain and contemporary contextual documents on prostitution incest censorship women s education and the New Woman **MUP** Stuart Kells, 2023-02-07 Australia s oldest university press is also one of our best known and most trusted publishers Founded in 1921 as a bookshop for students at the University of Melbourne Melbourne University Press was soon publishing important works that contained the best of national scholarship Landmark MUP books and series include The Australian Dictionary of Biography Manning Clark s History of Australia The Encyclopaedia of New Guinea and the journal Meanjin These and other MUP publications helped shape how Australians perceived themselves and how they talked about literature politics race the Pacific the world wars and public policy From its inception MUP grappled with hard questions How should a university press be governed To what extent should such a press be concerned with political polemical and radical works And can a university press be financially self sustaining if it focuses on books that commercial publishers overlook The respective leaders of MUP answered these questions in ways that regularly led the press into controversy Using a century of MUP publications and archives Stuart Kells has written a rich and fascinating history of an invaluable Australian institution one that is widely seen as public property and whose ups and downs have always been news The Market Mafia Palak Shah, 2020-11-11 In 2008 the then SEBI Chairman C B Bhav s detachment from his Dharma as the market watchdog opened the door for data theft at the National

Stock Exchange NSE India's largest asset pool. It also led to the installation of defective Co location COLO trading infrastructure at NSE by an unofficial decree which gave a select few brokers preferential access to equity derivatives. Fast moving trading bots, deep rooted nexus between enterprising PhD scholars Ajay Shah and Susan Thomas, economists, top dollar earning executives, politicians, bureaucrats and salivating brokers were at play. In 2015 SEBI was woken up by a whistleblower who described the contours of a front running market operation perpetrated for over five years involving the use of COLO and High Frequency Trading. Surprisingly SEBI never scrutinized NSE's COLO grid, an omission of duty before the whistleblower highlighted the skulduggery. Harshad Mehta and Ketan Parekh are considered the formidable villains for exploiting the systemic loopholes to manipulate share prices. Once the Demigods of Dalal Street, the rogue stock traders attracted such severe crack down from government investigative agencies that could shock even the most hardened criminals. But a scandal of much larger magnitude involving data theft at NSE and the Multi Commodity Exchange that Mehta and Parekh could ever rev up has largely remained a mystery. The author's path breaking investigative journalism fleshes out the meticulous planning and organization behind the COLO scam, the dark drama involving SEBI probe and its loosely knit final verdict.

Conspiracies of Colours Harish Kumar, 2020-07-15. Wherever he goes, colours chase him and hound him. They dog him to no end. He is a committed chromophobe, a victim of a strange condition called chronic malachromia. His aversion to colours and the deep hatred he nurses for them is not a new phenomenon. He developed them right when he was a teenager. Later as a journalist, he finds himself victimised by colours, whichever publication he worked for. Disgusted, he quits active journalism in the quest of colour free vocations such as e publishing and teaching. Sadly, he discovers to his dismay, the entire knowledge sector is awash in duplicitous colours. That pushes him to turn to non profits. And later to electoral politics which survives solely on double timing colours. Seeing no escape from colour conspiracies, the committed chromophobe turns into a colours chasing chromophiliac. Nevertheless, colours continue to conspire against him. Felled by fatal colour conspiracies again and again, he relapses into chromophobia. There, on his life story, takes a tragic turn. What happens to him finally? What are colours doing in his life now? Where do colours finally take him? Do the diabolical conspiracies of colours, integral parts of every human life, succeed in getting him finally? *Conspiracies of Colours* is not just the story of a chromophobe. It is the story that reflects on the colour dilemmas everyone of us face and the shocking story of the duplicitous lives most of us lead today. Packed and peppered with colour aphorisms, colour wisecracks and colour anecdotes, this edge of the seat thriller is a must read for everyone. Simply because this is everyone's story as we all continue to be victims of colours, sometime or other.
