Puerto Rico Mito Y Realidad:

Puerto Ricans in the Empire Teresita A. Levy, 2014-12-01 Most studies of Puerto Rico's relations with the United States have focused on the sugar industry recounting a tale of victimization and imperial abuse driven by the interests of U.S. sugar companies. But in *Puerto Ricans in the Empire* Teresita A. Levy looks at a different agricultural sector: tobacco growing and tells a story in which Puerto Ricans challenged U.S. officials and fought successfully for legislation that benefited the island. Levy describes how small-scale politically involved independent landowners grew most of the tobacco in Puerto Rico. She shows how to gain access to political power: tobacco farmers joined local agricultural leagues and the leading farmers' association, the Asociación de Agricultores Puertorriqueños (AAP). Through their affiliation with the AAP, they successfully lobbied U.S. administrators in San Juan and Washington, participated in government-sponsored agricultural programs, solicited agricultural credit from governmental sources, and sought scientific education in a variety of public programs all to boost their share of the tobacco leaf market in the United States. By their own efforts, Levy argues, Puerto Ricans demanded and won inclusion in the empire in terms that were defined not only by the colonial power but also by the colonized. The relationship between Puerto Rico and the United States was undoubtedly colonial in nature, but as *Puerto Ricans in the Empire* shows, it was not unilateral. It was a dynamic, elastic, and ever-changing interaction where Puerto Ricans actively participated in the economic and political processes of a negotiated empire.

Puerto Rico: mito y realidad Manuel Maldonado-Denis, 1979 *War Against All Puerto Ricans* Nelson A. Denis, 2015-04-07 The powerful, untold story of the 1950 revolution in Puerto Rico and the long history of U.S. intervention on the island that the *New York Times* says could not be more timely. In 1950, after over fifty years of military occupation and colonial rule, the Nationalist Party of Puerto Rico staged an unsuccessful armed insurrection against the United States. Violence swept through the island; assassins were sent to kill President Harry Truman; gunfights roared in eight towns; police stations and post offices were burned down. In order to suppress this uprising, the U.S. Army deployed thousands of troops and bombarded two towns, marking the first time in history that the U.S. government bombed its own citizens. Nelson A. Denis tells this powerful story through the controversial life of Pedro Albizu Campos, who served as the president of the Nationalist Party. A lawyer, chemical engineer, and the first Puerto Rican to graduate from Harvard Law School, Albizu Campos was imprisoned for twenty-five years and died under mysterious circumstances. By tracing his life and death, Denis shows how the journey of Albizu Campos is part of a larger story of Puerto Rico and U.S. colonialism. Through oral histories, personal interviews, eyewitness accounts, congressional testimony, and recently declassified FBI files, *War Against All Puerto Ricans* tells the story of a forgotten revolution and its context in Puerto Rico's history from the U.S. invasion in 1898 to the modern-day struggle for self-determination. Denis provides an unflinching account of the gunfights, prison riots, political intrigue, FBI and CIA covert activity, and mass hysteria that accompanied this tumultuous period in Puerto Rican history.
