Puffin Of Funny Verse:

The New Puffin Book of Funny Verse, 1993 The Puffin Book of Nonsense Verse Quentin Blake, 1996-10-03 Ever eaten Poodle Strudel Slain a Jabberwock Bathed in Irish Stew Quentin Blake is one of the best loved of children's illustrators In this brilliant book he has selected and illustrated his favourite comic verse making it pure entertainment for nonsense lovers of all ages His unique style of drawing brings a new perspective to every poem Classic writers such as Lewis Carroll and Edward Lear are combined with more contemporary talents such as Roger McGough Margaret Mahy and Russell Hoban With fifteen wonderfully absurd sections including Distracting Creatures Sticky Ends I Wish I Were a Jelly Fish A Recipe for Indigestion and Chortling and Galumphing here is a delightful collection of the topsy turvy the fantastical the anarchic the illogical and the utterly wonderful

Humorous and Nonsensical Poems Liz Miles, 2014-01-01 Examines humorous and nonsensical poetry providing readers with the skills to explore the meaning in a poem and discussing the techniques the poets used to create them *Teaching Poetry in the Primary Classroom* Gervase Phinn, 2009-01-05 When asked by the school inspector what he thought of poetry an eleven year old replied that it's all la dida and daffodils isn't it In his primary school the boy had come across very little poetry apart from nursery rhymes snatches of rhyming verse and a few comic pieces and nonsense poems Poetry to him was something arcane not really related to his own life He had studied no powerful challenging contemplative arresting quirky poems and had written very few poems himself His teacher admitted that he was no English specialist had received few ideas at college on the teaching of poetry and didn't really know where to start As children progress through the primary school they need to be exposed to a rich diet of poetry and encouraged to read perform and write it themselves Providing a varied and stimulating environment is essential if it is to flourish In addition children need specific guidance and ideas to start them off writing their own poems This book written by a former teacher and school inspector and popular and widely published children's poet offers an accessible practical and structured programme for the teaching of this sometimes neglected aspect of the English curriculum **Funnybunch** Kit Wright, 1993

The New Puffin book of Funny Verse Kit WRIGHT, 1995 The New Puffin Book of Funny Verse Kit Wright, 1995 This lively collection of funny verse contains a good mix of contemporary and humorous verse from poets such as Vernon Scannell Gerard Benson John Agard Sue Cowling Roger McGough and Michael Rosen **Books in the Life of a Child** Maurice Saxby, 1997-10-15 Books in the Life of a Child explores the value of books and reading in the stimulation of children's imagination and their fundamental importance in the development of language and true literacy It examines not only the vast range of children's books available but also how to introduce young people to the joys of reading in the home the school and in the community The book has been written as a resource for all adults especially teachers student teachers librarians and parents and those who care about the value of literature for children It is a comprehensive and critical guide with chapters on the history of children's literature and an analysis of its many forms and genres from poetry fairytale myth legend and

fantasy through realistic and historical fiction to humour pulp fiction and information books *Speak, Listen and Learn* Tony Wood, 2015-04-10 This indispensable resource for teachers of pupils aged 7-13 years consists of a series of graduated lesson plans aimed at improving children's speaking and listening skills, their self-confidence and their motivation to learn, ultimately leading to better school performance. The scheme was developed and tested in schools during a four-year period with over three thousand children and their teachers and focuses on class and group activities that are enjoyable as well as instructive. All pupils are able to participate regardless of background, academic standing or facility in English, and the skills acquired are central to the National Curriculum for England and Wales Key Stages 2 and 3. Each lesson worksheet includes learning objectives, guidance on preparation and organisation, an activity guide and follow-up suggestions, all presented in a clear and simple manner to lead the teacher step by step through the session. The materials are grouped into four levels of difficulty which combine to build a powerful range of abilities associated with persuasive and presentational speech, dialogue and debate as well as developing the children's command, use and articulation of English. Each level consists of twelve starter lessons suitable for class-based group work, with sections preparing pupils for a variety of class competitions including public speaking, poetry reading and debating. The activities link naturally with other areas of the curriculum and topics already being studied can easily be incorporated. In a parallel controlled research project, highly significant gains in a nationally standardised test of non-verbal reasoning were made over a seven-month period by children who followed the activities for one lesson a week compared to those who did not. These were well in excess of what would be expected for their increased age. Particularly high gains were made by children of lesser ability and those for whom English was an additional language. The improvements recorded were later confirmed by the schools' own National Curriculum assessments of progress against targets where, on average, the project children exceeded substantially the end-of-year forecasts made by their teachers.

Supporting Language And Literacy Development In The Early Years Whitehead, Marian, 2009-03-01 Radically updated in light of new research and developments, the new edition of this important book gives clear guidance on how to support young children's language and literacy development.
