Punjabi Linguistics Tej Bhatia, 2013-08-21 First Anna L. DeMiller, 2000-01-15 Thoroughly revised and updated with some 500 new entries including the addition of pertinent Internet sites this is the only bibliographic guide to information sources for linguistics Coverage spans from 1957 the publication date of Chomsky's seminal work to the present with emphasis on English language resources DeMiller's detailed citations describe and evaluate each work often offering comparisons to similar titles Its broad coverage and in depth reviews make this work essential to the research and study of general or theoretical linguistics The book is also indispensable in the related areas of anthropological linguistics applied linguistics mathematical and computation linguistics psycholinguistics semiotics and sociolinguistics which are all treated in separate chapters as well as the study of language and languages from a linguistic perspective A must for any library supporting the study of linguistics or its related fields this is a valuable reference and research tool It is
The Indo-Aryan Languages Danesh Jain, George Cardona, 2007-07-26 The Indo Aryan languages are spoken by at least 700 million people throughout India Pakistan Bangladesh Nepal Sri Lanka and the Maldives They have a claim to great antiquity with the earliest Vedic Sanskrit texts dating to the end of the second millennium B C With texts in Old Indo Aryan Middle Indo Aryan and Modern Indo Aryan this language family supplies a historical documentation of language change over a longer period than any other subgroup of Indo European This volume is divided into two main sections dealing with general matters and individual languages Each chapter on the individual language covers the phonology and grammar morphology and syntax of the language and its writing system and gives the historical background and information concerning the geography of the language and the number of its speakers
The Languages and Linguistics of South Asia Hans Henrich Hock, Elena Bashir, 2016-05-24 With nearly a quarter of the world's population members of at least five major language families plus several putative language isolates South Asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory This volume provides a state of the art survey of linguistic research on the languages of South Asia with contributions by well known experts Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research In addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous South Asian grammatical traditions applications of modern technology to South Asian languages and South Asian writing systems An appendix offers a classified listing of major sources and resources both digital online and printed
Annual Review of South Asian Languages and Linguistics Rajendra Singh, 2008-12-19 South Asia is home to a large number of languages and dialects Although linguists working on this region

have made significant contributions to our understanding of language society and language in society on a global scale there is as yet no recognized international forum for the exchange of ideas amongst linguists working on South Asia The Annual Review of South Asian Languages and Linguistics is designed to be just that forum It brings together empirical and theoretical research and serves as a testing ground for the articulation of new ideas and approaches which may be grounded in a study of South Asian languages but which have universal applicability Each volume will have three major sections I Invited contributions consisting of state of the art essays on research in South Asian languages II Refereed open submissions focusing on relevant issues and providing various viewpoints III Reports from around the world book reviews and abstracts of doctoral theses

A Descriptive Grammar of Hindko, Panjabi, and Saraiki Elena Bashir, Thomas J. Connors, 2019-08-19

Hindko Panjabi and Saraiki are three closely related geographically contiguous languages of Pakistan Together they are the native language of some 125 million people Panjabi alone ranks among the 15 most widely spoken languages in the world The Grammar of Hindko Panjabi and Saraiki provides a comparative description of these three language varieties focusing where possible on the variety of Hindko spoken in Abbottabad the Panjabi spoken in Lahore and the Saraiki spoken in Multan Based on both fieldwork and corpus research the grammar provides coverage of the phonology orthography morphology and syntax of the language with extensive exemplification presented in the native Perso Arabic script along with standard Roman representations and morphological analysis Written in an accessible style from a basic linguistic theory perspective this work will be of use to linguistic researchers language scholars and students of the languages of Pakistan and South Asia
