Branson,2025-09-02 Meet the bold the brilliant and the blundering Washington's Lieutenants tells the untold story of the generals who won and lost the Revolutionary War As commander in chief of the Continental Army George Washington developed the strategy that won the Revolutionary War but while Washington directed some battles his strategy for the most part was carried out and most battles were won or lost by his subordinates major and brigadier generals of varying background experience and ability In the spirit of the best military history and biography Washington's Lieutenants tells the story of the generals who served under Washington from 1775 to 1781 Based on extensive research in a variety of sources the book finds the brigadier generals a laudable group of commanders Hugh Mercer for instance played a pivotal role in the surprise crossing of the Delaware in December 1776 and was bayoneted during the Battle of Princeton a week later Clergyman turned soldier Peter Muhlenberg led a Virginia Line brigade at Brandywine Germantown Monmouth and Yorktown A quarter of all brigadiers died in the service of the new nation Although some stood out for their military skill battlefield bravery and loyalty to Washington the major generals as a whole were disappointing marked by the pursuit of their own military and political ambitions and by a penchant for infighting and bickering Only three served for the war's duration including the great Nathanael Greene and Henry Knox Ten resigned Benedict Arnold turned coat At least three were involved in the so called Conway Cabal of 1777-78 to oust General Washington In the southern theater Robert Howe womanized argued with local leaders to the point of dueling and ultimately botched the defense of Savannah The controversial Horatio Gates self proclaimed victor of Saratoga was accused of cowardice at the Battle of Camden South Carolina At once entertaining reading about some of the Revolutionary War's most colorful military commanders and an insightful analysis of how the young nation fought for its independence Washington's Lieutenants will be essential reading during the war's 250th anniversary and beyond **Youth Crime Gun Interdiction Initiative: Washington, DC , State laws and published ordinances, firearms** Department of the Treasury, Bureau of Alcohol, Tobacco and Firearms,United States. Pennsylvania,1856 Washington News Letter ,1911 **Shooting and Fishing** ,1915 Increasing Small Arms Lethality In Afghanistan: Taking Back The Infantry Half-Kilometer Major Thomas P. Ehrhart,2015-11-06 Operations in Afghanistan frequently require United States ground forces to engage and destroy the enemy at ranges beyond 300 meters These operations occur in rugged terrain and in situations where traditional supporting fires are limited due to range or risk of collateral damage With these limitations the infantry in Afghanistan require a precise lethal fire capability that exists only in a properly trained and equipped infantryman While the infantryman is ideally suited for combat in Afghanistan his current weapons doctrine and marksmanship training do not provide a precise lethal fire capability to 500 meters and are therefore inappropriate Comments from returning non commissioned officers and officers reveal that about fifty percent of engagements occur past 300 meters The enemy tactics are to engage United States forces from high ground with medium and heavy weapons often including mortars knowing that we are restricted by our equipment limitations and the inability of our overburdened soldiers to maneuver at elevations exceeding 6000 feet Current equipment training and doctrine are optimized for engagements under 300 meters and on level terrain There are several ways to extend the lethality of the infantry A more effective 5 56 mm bullet can be designed which provides enhanced terminal performance out to 500 meters A better option to increase incapacitation is to adopt a larger caliber cartridge which will function using components of the M16 M4 The 2006 study by the Joint Service Wound Ballistics Integrated Product Team discovered that the ideal caliber seems to be between 6 5 and 7 mm This was also the general conclusion of all military ballistics studies since the end of World War I New York in the War of the Rebellion, 1861 to 1865 ,1912 **Documents of the Assembly of the State of New York** New York (State). Legislature. many forgotten individuals of the war including officers and soldiers from both sides bring to life the Continental Army's desperate circumstances and shocking victory. Myths that Tucker debunks include the Hessians' slovenly drunkenness, Washington acting alone in creating the attack strategy, and Rall's incompetence as a leader largely contributing to his troops' defeat. By exploring the forgotten aspects of one of America's most famous battles, revealing Trenton's story proves to be even more fascinating. In the end, America's founding was nothing short of miraculous, and no chapter of America's story was more miraculous than Washington's improbable success at the battle of Trenton, where America's fate was decided to almost everyone's amazement on a dark, snowy morning.
