## **Lord Jim After The Truth:**

Lord Jim Ross C. Murfin, 1992 A tale of dramatic experiences in far away places and of the ongoing fight between the primitive and the civilized Lord Jim 1900 is one of Joseph Conrad's most highly regarded works His forceful style and perceptive treatment of very modern problems have earned him the respect and admiration of both the general reader and writers such as William Faulkner and Graham Greene Lord Jim After the Truth is only the second critical study devoted entirely to Conrad's most far flung and disparate novel It deftly combines a fascinating introduction to biographical and historical background a fast paced survey of major critical response chapters on the novel's significances and a clearly organized and carefully developed reading of Lord Jim Murfin argues that because Conrad's novel creates conditions that militate against one central viewpoint it cannot be declared optimistic or nihilistic any more than Jim can be called a hero or a failure Lord Jim After the Truth holds our constant interest in these issues by aiming a multifaceted interpretation towards reader response A strong chronology and annotated bibliography make it an essential reference tool for all fans of Lord Jim

Stape, 1996-06-27 The Cambridge Companion to Joseph Conrad offers a wide ranging introduction to the fiction of Joseph Conrad one of the most influential novelists of the twentieth century Through a series of essays by leading Conrad scholars aimed at both students and the general reader the volume stimulates an informed appreciation of Conrad's work based on an understanding of his cultural and historical situations and fictional techniques A chronology and overview of Conrad's life precede chapters that explore significant issues in his major writings and deal in depth with individual works These are followed by discussions of the special nature of Conrad's narrative techniques his complex relationships with late Victorian imperialism and with literary Modernism and his influence on other writers and artists Each essay provides guidance to further reading and a concluding chapter surveys the body of Conrad criticism

**Conrad's Fiction as Critical Discourse** Richard Ambrosini, 1991-07-26 Joseph Conrad's comments about his works have commonly been dismissed as theoretically unsophisticated while the critical notions of James Woolf and Joyce have come to shape our understanding of the modern novel Richard Ambrosini's study of Conrad's Fiction as Critical Discourse makes an original claim for the importance of his theoretical ideas as they are formed tested and eventually redefined in Heart of Darkness and Lord Jim Setting the narrator's discourse in these tales in the context of the dynamic interplay of Conrad's fictional with his non fictional writings and of the transformations in his narrative forms Ambrosini defines Conrad's view of fiction and the artistic ideal underlying his commitment as a writer in a new and challenging way Conrad's innovatory techniques as a novelist are shown in the continuity of his theoretical enterprise from the early search for an artistic prose and a personal novel form to the later dislocations of perspective achieved by manipulation of conventions drawn from popular fiction This reassessment of Conrad's critical thought offers a new perspective on the transition from the Victorian novel to contemporary fiction

Forster D.H. Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period For these authors Burden suggests travel becomes a narrative paradigm and dominant trope by which they explore questions of identity and otherness related to deep seated concerns with the crisis of national cultural identity He pays particular attention to the important distinction between travel

and tourism at the same time that he attends to the slippage between seeing and sightseeing between the local character and the stereotype between art and kitsch and between older and newer ways of storytelling in the representational crisis of modernism Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism resulting in a consciousness of cultural difference that challenged the ethnographic project of empire
