Lords of the Atlas Gavin Maxwell ,1966 **Lords of the Atlas** Gavin Maxwell,2000 The Construction of Homosexuality David F. Greenberg,2008-10-29 At various times homosexuality has been considered the noblest of loves a horrible sin a psychological condition or grounds for torture and execution David F Greenberg s careful encyclopedic and important new book argues that homosexuality is only deviant because society has constructed or defined it as deviant The book takes us over vast terrains of example and detail in the history of homosexuality Nicholas B Dirks New York Times Book Review **The Holocaust and North Africa** Aomar Boum,Sarah Abrevaya Stein,2018-11-06 The Holocaust is usually understood as a European story Yet this pivotal episode unfolded across North Africa and reverberated through politics literature memoir and memory Muslim as well as Jewish in the post war years The Holocaust and North Africa offers the first English language study of the unfolding events in North Africa pushing at the boundaries of Holocaust Studies and North African Studies and suggesting powerfully that neither is complete without the other The essays in this volume reconstruct the implementation of race laws and forced labor across the Maghreb during World War II and consider the Holocaust as a North African local affair which took diverse form from town to town and city to city They explore how the Holocaust ruptured Muslim Jewish relations setting the stage for an entirely new post war reality Commentaries by leading scholars of Holocaust history complete the picture reflecting on why the history of the Holocaust and North Africa has been so widely ignored and what we have to gain by understanding it in all its nuances Published in association with the United States Holocaust Memorial Museum **Guardians of Faith in Modern Times** Meir Hatina,2009 This collective volume provides an integrative historical and contemporary discussion of Sunni EulamaE3 4 in the Middle East in both an urban and a semi tribal context The various chapters reinforce a renewed interest in the position of the EulamaE3 4 in modern times and offer new insights as to their ideological vitality and contribution to the public discourse on moral and sociopolitical issues

Salkin,Sharon La Boda,1995 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company **Moroccan Monarchy and the Islamist Challenge** M. Property, Social Structure, and Law in the Modern Middle East Ann E. Mayer,1985-09-01 For too long the study of law and society in the modern Middle East has been left to specialists in narrow subcategories of law or the social sciences Property Social Structure and Law in the Modern Middle East lays the groundwork for a new field of scholarship in which analysis of the social dimensions of law and the legal dimensions of social structure are integrated It offers the stimulus of a variety of new models of scholarship by a distinguished international group of contributors whose work shares a common focus on regimes of property in the societies of the modern Middle East The case studies examine the regulations of many kinds of property in relation to the social structures of selected Middle Eastern communities form the eighteenth century to the present Most of the societies studied are subjected to pressures for rapid modernization and adjustment to major economic transformations The book features comparisons of property rights and relations under regimes of Islamic and customary law as well as modern statutory law Highlighted are new patterns of intervention by modern Middle Eastern states to alter traditional regimes of property and to transform the accompanying social structures Their implications for development are also considered The book s notes and bibliographies constitute a valuable resource for anyone interested in further research Humor and Moroccan Culture Matthew Helmke,2007 This project started as a language learning experiment Matthew Helmke was sitting in a cafe with a Moroccan having a discussion in Moroccan Arabic The friend told a joke and it was quickly discovered that vocabulary alone would not insure an understanding of humor This prompted a question What did I miss In this book Matthew Helmke explores the hidden aspects of Moroccan culture These are the things that Moroccans know inherently without being taught The result is an intriguing look through the eyes of an American trying

to make sense of Moroccan culture Middle East and Africa Trudy Ring, Noelle Watson, Paul Schellinger, 2014-03-05 This five volume set presents some 1 000 comprehensive and fully illustrated histories of the most famous sites in the world Entries include location description and site details and a 3 000 to 4 000 word essay that provides a full history of the site and its condition today An annotated further reading list of books and articles about the site completes each entry The geographically organized volumes include Volume 1 The Americas 1 884964 00 1 Volume 2 Northern Europe 1 884964 01 X Volume 3 Southern Europe 1 884964 02 8 Volume 4 Middle East Africa 1 884964 03 6 Volume 5 Asia Oceania 1 884964 04 4
