Lords Of The Ascendancy:

Toleration and State Institutions Karen Stanbridge, 2003-01-01 *Toleration and State Institutions* explores the rise of more charitable British policy toward Catholics in Ireland and in Quebec beginning in the latter half of the eighteenth century Karen Stanbridge carefully demonstrates that Catholic relief arose more gradually and encountered less opposition than is generally maintained This work sheds new light on the official treatment and mistreatment of minorities at home during the height of British expansion abroad offering a fascinating example of the divisions and rapprochements that characterize the relationship between state and society **The Parliamentary Debates** Great Britain. Parliament, 1892 Cobbett's Parliamentary Debates Great Britain. Parliament, 1892 **Parliamentary Debates** , 1892 **Restoration Ireland** Mr Coleman Dennehy, 2013-06-28 In recent decades the historiography of early modern Ireland in general and of the seventeenth century in particular has been revitalised However whilst much of this new work has focused either on the critical decades of the 1640s or the Williamite wars the Restoration period still remains largely neglected As such this volume provides an opportunity to explore the period between 1660 and 1688 and reassess some of the crucial events it witnessed For whilst it may lack some of the high drama of the Civil War or the Glorious Revolution this was a time that established a political and social settlement based upon the maintenance of the massive land confiscations of the 1650s that would underpin the social and class structure of Ireland until the end of the nineteenth century Including contributions from both established and younger scholars this collection provides a set of interlocking and interrelated essays that focus on the central concerns of the volume whilst occasionally reaching beyond the chronological and thematic barriers of the period as required The result is a homogenous volume that not only addresses a glaring historiographical gap in critical areas of the Restoration period but also serves to take stock of the work that has been done on the period and as a consequence of this it will help stimulate and provoke further argument debate and research into the history of Ireland during the Restoration period Directed primarily at an academic audience this collection will be useful to a range of scholars with an interest in seventeenth century political social and religious history A Character of the Trimmer H. C. Foxcroft, 2014-07-28 This book first published in 1946 provides a biography of the statesman and writer Sir George Savile 1st Marquis of Halifax The Works of Lord Macaulay Complete Thomas Babington Macaulay Baron Macaulay, 1873 The Life and Works of Lord Macaulay. Complete Thomas Babington Macaulay Baron Macaulay, 1908 **The Works of Lord Macaulay Complete** , 1871 **The Scottish Law Reporter Containing Reports ...** , 1919 *Family and Empire* Yuen-Gen Liang, 2011-09-21 In the medieval and early modern periods Spain shaped a global empire from scattered territories spanning Europe Africa and the Americas Historians either have studied this empire piecemeal one territory at a time or have focused on monarchs endeavoring to mandate the allegiance of far flung territories to the crown For Yuen Gen Liang these approaches do not adequately explain the forces that connected the territories that the Spanish empire comprised In *Family and Empire* Liang

investigates the horizontal ties created by noble family networks whose members fanned out to conquer and subsequently administer key territories in Spain's Mediterranean realm. Liang focuses on the Fern ndez de C rdoba family, a clan based in Andalusia that set out on mobile careers in the Spanish empire at the end of the fifteenth century. Members of the family served as military officers, viceroys, royal councilors, and clerics in Algeria, Navarre, Toledo, Granada, and at the royal court. Liang shows how, over the course of four generations, their service vitally transformed the empire as well as the family. The Fern ndez de C rdoba established networks of kin and clients that horizontally connected disparate imperial territories, binding together religious communities (Christians, Muslims, and Jews) and political factions (Comunero rebels and French and Ottoman sympathizers) into an incorporated imperial polity. Liang explores how, at the same time, dedication to service shaped the personal lives of family members as they uprooted households, realigned patronage ties, and altered identities that for centuries had been deeply rooted in local communities in order to embark on imperial careers.
