Great Britain: Parliament: House of Lords: Information Committee, 2009-07-15 Parliament's reputation is at a low point and parliamentarians have to respond to the public's legitimate expectations This report examines what steps the Lords should take to engage with the public and to enable members of the public to communicate with it It investigates how far the recommendations made by the Hansard Society Commission four years ago have been implemented and points the way forward Aspects covered included education outreach online communication and engagement broadcasting press and the media The Committee considers that the House of Lords can and should do more and recommends in particular that there be an online database running in parallel with debate in the Lords Chamber greater access to the House of Lords for filming information and documentation related to the core work of the House be made available online better information about members areas of expertise and interest and a review of parliamentary language used Lords of the Press George Seldes, 1938 Third edition January 1939 **Press Lords V Press Freedom** George Matthews (Editor of the Daily Worker.), 19?? **The Law of the Press** Joseph Robert Fisher, James Andrew Strahan, 1891 *Newspaper Press Directory*, 1912 **The United States Catalog**, 1924 **Lords and Laborers of the Press** Linton Andrews, Henry Archibald Taylor, 1970 Sir Linton Andrews Editor Emeritus of the Yorkshire Post and H A Taylor a noted British author and journalist have here contributed a notable chapter to the history of journalism The first book of its kind their work adds new dimensions to the men who created the modern British press Beginning with the era of the 1890s when William Thomas Stead's initiative in exposing prostitution created the public trust the press today holds dear the authors systematically portray the men and events of modern times among them Lord Northcliffe Lord Thomson of Fleet Sir William Haley Cecil Harmsworth King and Hugh Cudliff The authors have brought to their accounts special knowledge of events such as the Edward VIII Mrs Simpson story which adds interest to this extraordinary history of modern British journalism A New Horizons in journalism series book **How to Write for the Press** E. P. Davies, 1910 Palmer's Index to the Times Newspaper, 1870 Covers the period from 1790 to 1905 in The Times of London **The Law of the Press** Thomas Dawson (barrister.), Thorvald Solberg, 1927 **Medical Press and Circular**, 1887 The Wine Trade in Medieval Europe 1000-1500 Susan Rose, 2011-06-23 Wine has held its place for centuries at the heart of social and cultural life in western Europe This book explains how and why this came about providing a thematic history of wine and the wine trade in Europe in the middle ages from c 1000 to c 1500 Wine was one of the earliest commodities to be traded across the whole of western Europe Because of its commercial importance more is probably known about the way viticulture was undertaken and wine itself was made than the farming methods used with most other agricultural products at the time Susan Rose addresses

questions such as Where were vines grown at this time How was wine made and stored Were there acknowledged distinctions in quality How did traders operate What were the social customs associated with wine drinking What view was taken by moralists How important was its association with Christian ritual Did Islamic prohibitions on alcohol affect the wine trade What other functions did wine have **Submission of the Sir Rowland Hill committee, with opinions from the press** Patrick Chalmers,1886 **Photastatic [sic] Reproduction of Essays from the Shakespeare Head Press Edition of the Works of William Shakespeare** ,1918 **Conflict and Compromise in the Late Medieval Countryside** Peter L. Larson,2012-12-06 Larson examines the changing relations between lords and peasants in post Black Death Durham This was a time period of upheaval and change part of the transition from medieval to modern Many historians have argued about the nature of this change and its causes often putting forth a single all encompassing model Larson presses for the importance of individual choice and action resulting in a flexible human framework that provides a more appropriate explanation for the many paths followed in this period The theoretical side is balanced by an on the ground examination of rural life in Durham an attempt to capture the raw emotions and decisions of the period No one has really examined this most studies are speculative relying on theory or statistics rather than tracing the history of real people both in the immediate aftermath of the plague and in the longer term Durham is fortunate in that records survive in abundance for this period most other studies of rural society end at 1300 or 1348 As such this book fills a major gap in medieval English history while at the same time grappling with major theories of change for this transformative period **The Fortnightly** ,1906
