about one seventh of its present area derives from the land grants made by Spain and Mexico to its settlers A land commissioner played a part in every case The story of the empresarios who contributed to the colonization of Texas is a staple of Texas history but an account of the land commissioners engaged in this process is given here for the first time The cast of commissioners features among others a Spanish field marshal a Dutch baron a cashiered United States army colonel a philandering state official a self serving opportunist an Alamo defender and a Tejano patriot Drawn largely from primary sources and richly documented this sometimes contentious story of the Spanish and Mexican land commissioners of Texas helps complete the narrative of the colonization of Texas and the history of its public domain This study is a reminder of another lasting legacy of Spanish and Mexican sovereignty in Texas their land grants Paranormal Merseyside S.
