Abu-Lughod,1999 New York Chicago and Los Angeles for all their differences they are quintessentially American cities They are also among the handful of cities on the earth that can be called global Janet L Abu Lughod s book is the first to compare them in an ambitious in depth study that takes into account each city s unique history following their development from their earliest days to their current status as players on the global stage

Literature and Race in Los Angeles Julian Murphet,2001-03-19 Los Angeles is both the most fragmented and the most minoritized metropolis in America and its most luridly abstract and aestheticized city With more than eighty five languages being spoken in its classrooms and one homogeneous visual language emanating from its entertainment industry LA radically challenges the prospects of that archaic representational medium literature In its investigation of the work of Bret Easton Ellis James Ellroy Anna Deveare Smith and others Literature and Race in Los Angeles articulates their aesthetic preoccupations with the structures of social space in the city Harnessing some of the theoretical insights of Henri Lefebvre and the LA school of geographers Murphet demonstrates the versatility of literary production in LA and speculates about the fortunes of literature in a predominantly visual culture

Race and the War on Poverty Robert Bauman,2022-08-16 President Lyndon B Johnson s War on Poverty did more than offer aid to needy Americans in some cities it also sparked both racial conflict and cooperation Race and the War on Poverty examines the African American and Mexican American community organizations in Los Angeles that emerged to implement War on Poverty programs It explores how organizers applied democratic vision and political savvy to community action and how the ongoing African American Chicano and feminist movements in turn shaped the contours of the War on Poverty s goals programs and cultural identity Robert Bauman describes how the Watts riots of 1965 accelerated the creation of a black community controlled agency the Watts Labor Community Action Committee The example of the WLCAC combined with a burgeoning Chicano movement inspired Mexican Americans to create The East Los Angeles Community Union TELACU and the Chicana Service Action Center Bauman explores the connections that wove together the War on Poverty the Watts revolt and local movements in ways that

empowered the participants economically culturally and politically Although heated battles over race and other cultural issues sometimes derailed the programs these organizations produced lasting positive effects for the communities they touched Despite Nixon era budget cuts and the nation s turn toward conservatism the War on Poverty continues to be fought today as these agencies embrace the changing politics economics and demographics of Los Angeles Race and the War on Poverty shows how the struggle to end poverty evolved in ways that would have surprised its planners supporters and detractors and that what began as a grand vision at the national level continues to thrive on the streets of the community

Civil Rights Digest ,1970 Racism and Resistance Franziska Meister, 2017-04-15 Even a cursory look at U S society today reveals that protests against racial discrimination are by no means a thing of the past What can we learn from past movements in order to understand the workings of racism and resistance In this book Franziska Meister revisits the Black Panther Party and offers a new perspective on the Party as a whole and its struggle for racial social justice She shows how the Panthers were engaged in exposing structural racism in the U S and depicts them as uniquely resourceful imaginative and subversive in the ways they challenged White Supremacy while at the same time revolutionizing both the self conception and the public image of black people Meister thus highlights an often marginalized aspect of the Panthers how they sought to reach a world beyond race by going through race A message well worth considering in an age of color blindness
