Los Angeles Riots Lessons For The Urban Future:

The Los Angeles Riots Mark Baldassare, David O Sears, Edgar W Butler, Peter A Morrison, 2024-10-31 This book addresses three questions What were the causes of the Los Angeles riots what actually took place and what are the consequences and meaning of the riots for U S cities The Los Angeles Riots presents solutions and policy recommendations for avoiding a repeat of such unrest in the future *The Los Angeles Riots* Mark Baldassare, 1994 The Los Angeles riots in spring 1992 were among the most violent and destructive events in twentieth century urban America This book addresses three questions What were the causes of the riots what actually took place and what are the consequences and meaning of the riots for U S cities The findings presented here provide strong evidence that the existence of an inner city underclass the persistence of black white tensions in U S society and the emergence of inter ethnic hostilities in urban neighborhoods are critical to understanding the Los Angeles riots and their implications The book is crucial to everyone's understanding of the contemporary urban environment and will be ideal as a supplementary text in urban politics sociology urban planning and policy courses as well as in current affairs BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **A Companion to Los Angeles** William Devereaux, Greg Hise, 2014-01-28 This Companion contains 25 original essays by writers and scholars who present an expert assessment of the best and most important work to date on the complex history of Los Angeles The first Companion providing a historical survey of Los Angeles incorporating critical multi disciplinary themes and innovative scholarship Features essays from a range of disciplines including history political science cultural studies and geography Photo essays and contemporary voice sections combine with traditional historiographic essays to provide a multi dimensional view of this vibrant and diverse city Essays cover the key topics in the field within a thematic structure including demography social unrest politics popular culture architecture and urban studies [Policing Los Angeles](#) Max Felker-Kantor, 2018-09-25 When the Los Angeles neighborhood of Watts erupted in violent protest in August 1965 the uprising drew strength from decades of pent up frustration with employment discrimination residential segregation and poverty But the more immediate grievance was anger at the racist and abusive practices of the Los Angeles Police Department Yet in the decades after Watts the LAPD resisted all but the most limited demands for reform made by activists and residents of color instead intensifying its power In *Policing Los Angeles* Max Felker-Kantor narrates the dynamic history of policing anti police abuse movements race and politics in Los Angeles from the 1965 Watts uprising to the 1992 Los Angeles rebellion Using the explosions of two large scale uprisings in Los Angeles as bookends Felker-Kantor highlights the racism at the heart of the city's expansive police power through a range of previously unused and rare archival sources His book is a gripping and timely account of the transformation in police power the convergence of interests in support of law and order policies and African American and Mexican American resistance to police violence after the Watts uprising *Documentary Trial Plays in Contemporary American Theater* Jacqueline O'Connor, 2013-06-21 From the Chicago

Conspiracy Trial and the O J Simpson trial to the Clarence Thomas Anita Hill congressional hearings legal and legislative proceedings in the latter part of the twentieth century kept Americans spellbound Situated on the shifting border between imagination and the law trial plays edit arrange and reproduce court records media coverage and first person interviews transforming these elements into a performance In this first book length critical study of contemporary American documentary theater Jacqueline O Connor examines in depth ten such plays all written and staged since 1970 and considers the role of the genre in re creating and revising narratives of significant conflicts in contemporary history Documentary theater she shows is a particularly appropriate and widely utilized theatrical form for engaging in debate about tensions between civil rights and institutional power the inconsistency of justice and challenges to gender norms For each of the plays discussed including The Trial of the Catonsville Nine Unquestioned Integrity The Hill Thomas Hearings and The Laramie Project O Connor provides historical context and a brief production history before considering the trial the play focuses on Grouping plays historically and thematically she demonstrates how dramatic representation advances our understanding of the law s power while revealing the complexities that hinder society s pursuit of justice

Literature and Race in Los Angeles Julian Murphet, 2001-03-19 Los Angeles is both the most fragmented and the most minoritized metropolis in America and its most luridly abstract and aestheticized city With more than eighty five languages being spoken in its classrooms and one homogeneous visual language emanating from its entertainment industry LA radically challenges the prospects of that archaic representational medium literature In its investigation of the work of Bret Easton Ellis James Ellroy Anna Deveare Smith and others Literature and Race in Los Angeles articulates their aesthetic preoccupations with the structures of social space in the city Harnessing some of the theoretical insights of Henri Lefebvre and the LA school of geographers Murphet demonstrates the versatility of literary production in LA and speculates about the fortunes of literature in a predominantly visual culture

LA Rising Kyeyoung Park, 2019-08-22 In LA Rising Korean Relations with Blacks and Latinos after Civil Unrest Kyeyoung Park revisits the Los Angeles unrest of 1992 and the interethnic and racial tensions that emerged She examines how structural inequality impacted relations among Koreans African Americans and Latinos Park explores how race citizenship class and culture were axes of inequality in a multi tiered racial cartography that affected how Los Angeles residents thought about and interacted with each other and were emphasized in the processes of social inequality and conflict For more information click here <https://lasocialscience.ucla.edu/2021/02/24/la-social-science-book-series-on-korean-intergroup-relations-in-la-with-professor-kyeyoung-park/>

The History of Forgetting Norman M.

Klein, 2020-05-05 Los Angeles is a city which has long thrived on the continual re creation of own myth In this extraordinary and original work Norman Klein examines the process of memory erasure in LA Using a provocative mixture of fact and fiction the book takes us on an anti tour of downtown LA examines life for Vietnamese immigrants in the City of Dreams imagines Walter Benjamin as a Los Angeleno and finally looks at the way information technology has recreated the city

turning cyberspace into the last suburb In this new edition Norman Klein examines new models for erasure in LA He explores the evolution of the Latino majority how the Pacific economy is changing the structure of urban life the impact of collapsing infrastructure in the city and the restructuring of those very districts that had been forgotten *Flak-Catchers* Lindsey Lupo,2010-12-02 *Flak Catchers* explores the ways in which riot commissions the institutional bodies appointed by an executive in the aftermath of a race riot to determine a riot timeline investigate causes and offer prescriptions for change have dealt with racial violence in the United States over the last century In studying five riots and their commissions Chicago 1919 Harlem 1935 Los Angeles 1965 USA 1967 and Los Angeles 1992 this book shows that riot commissions only serve to give the appearance of strong and responsive government action during uncertain times They primarily benefit the instituting body by focusing on a restoration of law and order while undermining any larger civil rights message However this book also challenges the prevalent idea that riot commissions are all the same by revealing how riot commissions have changed over the last century shifting in their prominence content and focus After the 1968 Kerner Commission which studied the 1967 summer riots it has become increasingly common for the riot commission to fail to answer fundamental questions posed by the crisis *The Public Nature of Private Property* Michael Diamond,2016-02-24 What exactly is private property Or to ask the question another way what rights to intrude does the public have in what is generally accepted as private property The answer perhaps surprisingly to some is that the public has not only a significant interest in regulating the use of private property but also in defining it and establishing its contour and texture In *The Public Nature of Private Property* therefore scholars from the United States and the United Kingdom challenge traditional conceptions of private property while presenting a range of views on both the meaning of private property and on the ability some might say the requirement of the state to regulate it **Blacks in the American West and Beyond--America, Canada, and Mexico** George H. Junne,2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers **The Next Los Angeles** Robert Gottlieb,2006-08-07 With this rich account of its community and labor struggles the city of angels and apocalypse becomes the city of hope Barbara Ehrenreich author of *Nickel and Dimed* *On Not Getting By in America* This wonderful book with its evocations of LA s alternative histories and its bold templates for social and environmental justice is proof that the American Left is alive and well especially in Southern California Mike Davis author of *Dead Cities* A rare book combining history analysis strategy and a platform and it may well be carried out in this

Policing Public Disorder David Waddington, 2013-05-13 This book draws on a wide range of studies of collective conflict and the policing of crowds and social movements to provide an understanding of the causes and management of public disorder It seeks to describe and explain the processes by which the police interpret and respond to instances of public disorder to account for variations in their strategies and tactics and to identify the conditions in which police interventions or inaction may serve to enhance or reduce the potential for wider confrontation In addition to providing a penetrating review and critique of relevant theory the author employs a combination of existing studies and first hand research to explore the lessons both practical and theoretical of recent examples of British and American urban disorders the policing of worldwide anti globalisation protests such as the British G8 protests of 2005 and the activities of British football fans abroad between 1990 and 2006 These case studies are brought together to provide an engaging and sharply focused explanation and evaluation of contemporary police methods for avoiding or controlling public disorder Policing Public Disorder will be essential reading for anyone with an interest in policing crowd behaviour and issues around public order and disorder

Anthropology of Los Angeles Jenny Banh, Melissa King, 2017-01-23 The Anthropology of Los Angeles Place and Agency in an Urban Setting questions the production and representations of L A by revealing the gray spaces between the real and imagined city Contributors to this urban ethnography document hidden histories that connect daily actors within cultural systems to global social formations This diverse collection is recommended for scholars of anthropology history sociology race studies gender studies food studies Latin American studies and Asian studies

Governing American Cities Michael Jones-Correa, 2001-11-29 The new immigrants who have poured into the United States over the past thirty years are rapidly changing the political landscape of American cities Like their predecessors at the turn of the century recent immigrants have settled overwhelmingly in a few large urban areas where they receive their first sustained experience with government in this country including its role in policing housing health care

education and the job market *Governing American Cities* brings together the best research from both established and rising scholars to examine the changing demographics of America's cities the experience of these new immigrants and their impact on urban politics Building on the experiences of such large ports of entry as Los Angeles New York Miami Houston Chicago and Washington D C *Governing American Cities* addresses important questions about the incorporation of the newest immigrants into American political life Are the new arrivals joining existing political coalitions or forming new ones Where competition exists among new and old ethnic and racial groups what are its characteristics and how can it be harnessed to meet the needs of each group How do the answers to these questions vary across cities and regions In one chapter Peter Kwong uses New York's Chinatown to demonstrate how divisions within immigrant communities can cripple efforts to mobilize immigrants politically Sociologist Guillermo Grenier uses the relationship between blacks and Latinos in Cuban American dominated Miami to examine the nature of competition in a city largely controlled by a single ethnic group And Matthew McKeever takes the 1997 mayoral race in Houston as an example of the importance of inter ethnic relations in forging a successful political consensus Other contributors compare the response of cities with different institutional set ups some cities have turned to the private sector to help incorporate the new arrivals while others rely on traditional political channels *Governing American Cities* crosses geographic and disciplinary borders to provide an illuminating review of the complex political negotiations taking place between new immigrants and previous residents as cities adjust to the newest ethnic succession A solution oriented book the authors use concrete case studies to help formulate suggestions and strategies and to highlight the importance of reframing urban issues away from the zero sum battles of the past

Beyond Redistribution Kevin M. Graham, 2012-07-10 Since the publication of John Rawls's *A Theory of Justice* in 1971 political philosophers in the English speaking world have shared a broad consensus that social justice should be understood as a matter of fair distribution of social resources Many contemporary political philosophers disagree sharply about what would count as a fair distribution of social resources yet agree that if social resources were to be distributed fairly then social justice would exist In *Beyond Redistribution* Kevin M. Graham argues that political theories operating on a distributive understanding of social justice fail to address adequately certain forms of social injustice related to race Graham argues that political philosophy could understand race related injustice more fully by shifting its focus away from distributive inequities between whites and nonwhites and toward white supremacy the unfair power relationships that allow whites to dominate and oppress nonwhites *Beyond Redistribution* offers a careful detailed critique of the positions of leading contemporary liberal political philosophers on race related issues of social justice Graham's analysis of the racial politics of police violence and public education in Omaha Nebraska vividly illustrates why the search for racial justice in the United States must move beyond redistribution
