Maldonado, 2004-05-01 La pérdida de valores morales que llevan a considerar todo desde una perspectiva groseramente relativista la situación social y económica tan crítica que lleva a tratar de protegernos de cualquier manera posible el materialismo contemporáneo que nos hace creer que teniendo más cosas seremos más felices y otros muchos aspectos similares han provocado una crisis que se refleja y tiene sus efectos en la pareja y familia contemporánea La sociedad ha contagiado su enfermedad a la familia As pues esta unidad básica sufre los devastadores efectos del tiempo y sociedad en que nos ha tocado vivir Hay algo que se pueda hacer Hay remedio que alivie esa enfermedad El Dr Maldonado nos muestra que para que la familia pueda procesar cualquier situación crítica que estén viviendo y salir adelante por el camino de la recuperación y el crecimiento la mayor parte del tiempo requiere de orientación consejo o asesora As pues y desde la perspectiva cristiana en este libro el Dr Maldonado presenta los elementos básicos de la asesora los criterios que servirán para identificar a una familia sana e ir hacia ella y las metas que se deben perseguir al asesorar y que servirán al asesor o consejero para promover el sano crecimiento tanto de la pareja como de la familia Porque a final de cuentas la familia no es solamente el lugar donde encontramos refugio y alimento La familia por sobre todo es el lugar donde nos formamos como y donde somos verdaderamente humanos y cristianos

Volume 7 of Law and Anthropology brings together a collection of studies that discuss legal problems raised by cultural differences between people and the law to which they are subject This volume developed from the idea that it can be useful to consider current discussions in various legal systems facing issues of cultural difference that cannot be regarded as legal problems related to indigenous societies alone The book focuses on contradiction between national law and complex and diverse kinship structures which are essential for the cultural identity of both indigenous groups and cultural minorities The social construction of gender relations and gender conflicts is an important theme in many essays Some of the essays examine the area of conflict between cultural practices and universal human rights standards The demand for cultural rights may collide with human rights standards especially with the principles of gender equality This volume will be of great interest to academics and to all those with practical involvement in the field of cultural pluralism Previously published by VWGO Verlag in Austria Law and Anthropology will be published and distributed by Martinus Nijhoff Publishers from Volume 7 onwards
