Loss Of Virtue The Moral Confusion And Social Disorder In Britain And America

Robin Harris

Loss Of Virtue The Moral Confusion And Social Disorder In Britain And America:

The Loss of Virtue Digby C. Anderson, 1992 **Education with Character** James Arthur, 2003-08-29 The establishment of citizenship education as a compulsory subject has recently been accompanied by the government's policy of promoting education with character Schools are identified as having a crucial role to play in helping to shape and reinforce basic character traits that will ultimately lead to a better society This radical new policy is explicitly linked to raising academic standards and to the needs of the emerging new economy This book provides an introduction to character education within the British context by exploring its meanings understandings and rationale through the perspective of a number of academic disciplines The author examines character education from a philosophical religious psychological political social and economic perspective to offer a more detailed understanding of character education and what it can offer He also considers how British schools can implement character education successfully and what lessons we can draw from the American experience This book will be of interest to academics researchers policy makers and teachers with responsibility for citizenship education in their schools **Not for Turning** Robin Harris, 2013-09-24 Margaret Thatcher is one of the most significant political figures of the twentieth century a Prime Minister whose impact on modern English history is comparable only to Winston Churchill's Like them or not her radical policies made Britain the country it is today And like her or not Margaret Thatcher's legacy remains a massive political force responsible for laying the groundwork for New Labour Tony Blair and David Cameron and for England's strong political allegiance to the United States throughout the Cold War Now Robin Harris for many years Mrs Thatcher's speechwriter close adviser and the draftsman of both volumes of her autobiography has written the definitive book about this indomitable English woman In this international bestseller he tells the compelling story of her life from humble beginnings above her father's grocery store in Grantham her early days as one of the first women in Westminster she became known as Thatcher Milk Snatcher during her time in the Ministry of Education and then on to her groundbreaking career as Prime Minister by which time her reputation already demanded a more powerful epithet Iron Lady We follow Thatcher through hard fought political battles and experience with her the tribulations of the English miners strike and the Falklands War of her sometimes troubled friendship with Ronald Reagan and their shared staunch opposition to Communism We learn of the political intrigue behind the scenes at Ten Downing Street And how during one of the darkest hours of her premiership she refused to alter course and adapting the words of an English play declared to her enemies inside and outside the Government You turn if you want to The Lady's Not for Turning summing up for admirers and detractors alike the defiance and consistency of Mrs Thatcher's approach Throughout Not for Turning we sense the passionate intellect which fuelled her ambitions drove her into and out of one of the highest offices in the English speaking world and has established a unique political legacy that continues even after her death Not for Turning is an unforgettable portrait of Britain's first female Prime Minister written by one of her most trusted advisers and a fitting tribute

to an extraordinary politician and leader Not for Turning: The Life of Margaret Thatcher Robin Harris, 2013-09-24 First published in Great Britain by Bantam Press an imprint of Transworld Publishers T p verso *Welfare: Needs, Rights and Risks* Mary Langan, 2005-10-27 Welfare Needs Rights and Risks addresses the question of how people get access to social welfare in the UK today It explores the public political and professional definitions constructions and conflicts about who should receive social welfare and under what conditions In a period during which the rationing targeting and selective provision of welfare have become more significant more visible and more disputed this book examines how individuals and groups come to be defined as in need at risk or deserving of welfare **Measuring Immorality** Gail Reekie, 1998-10-13 Why do conservative politicians and scholars in Britain Australia and the United States continue to view rising rates of out of wedlock births and teenage pregnancies as a threat to civilised society This book examines the process by which social science transforms a biological event a birth into a social and moral problem Drawing on Foucault s archaeology of knowledge Reekie stresses the role of statistics and other social scientific discourses in the emergence of the illegitimacy problem in the early nineteenth century and its continuing cultural significance The book illustrates the continuity in concerns about illegitimacy including pressure on the welfare system fears of racial and intellectual denigration the detrimental nature of fatherless families and the association of rising illegitimacy with the supposed selfishness of excessively independent women *Motivation, Agency, and Public Policy* Julian Le Grand, 2003-09-18 Uses a detailed empirical examination of policies in health services education social security and taxation to illustrate how policies can be designed to give the proper balance of motivation and agency cover *Ethics at Work* Barbara Goodwin, 2012-12-06 What would tempt you to whistleblow Do Codes of Conduct make organisations ethical How do people react to taking the blame for others This book answers such questions drawing on the views of employees in eight large organisations One finding is the whited sepulchre phenomenon an organisation which presents a squeaky clean image to the world but has intrinsic failings which cause moral dilemmas for staff While treatment of customers is regulated by Codes and Charters internal organisation is typically more anarchic The study also exposes the moral conflicts generated by party political machinations in organisations with democratic governance The book offers a unique perspective on ethical attitudes at work and reactions to responsibility and accountability It finds that although religious belief is declining strong moral beliefs still thrive and ethical employees abound It highlights the importance of empowerment procedures and professionalism in creating the moral organisation This original study will interest practitioners in business the public sector and NGOs especially human resources professionals as well as philosophers and business ethicists **The Challenge of Liberty** Robert Higgs, 2006-02-01 Is Classical Liberalism Still Vital The quest for freedom has always been as much a battle of ideas as it is a popular struggle Classical liberal pioneers such as John Locke and Adam Smith stressed the inherent worth of the individual inalienable rights and the benevolent consequences of the cooperative peaceful pursuit of one s own happiness These ideas became the intellectual

scaffolding for much of the West's most fundamental institutions and achievements Yet after its 19th century high water mark classical liberalism lost much of its passion focus and popular support Intellectual trends increasingly began to support coercive egalitarianism empire and central planning at the expense of individual liberty personal responsibility private property natural law and free institutions But the eclipse of classical liberalism by contemporary liberalism and conservatism is passing The Challenge of Liberty restores the ideas and ideals of classical liberalism and shows how its contemporary exponents defend such pillars of free societies as individual rights human dignity market processes and the rule of law

Therapeutic Culture Donileen Loseke, 2017-07-05 For nearly half a century social scientists have made claims that there is a therapeutic ethos with extensive influence upon numerous aspects of American society In Therapeutic Culture twelve authors address the implications of this ethos and its effects on a wide range of social institutions extending from the family to schools and operating in religious behavior and within the legal system Has there been as the sociological theorist Philip Rieff argued in 1966 a triumph of the therapeutic If so in what kinds of institutions has it been most pervasive At the same time what aspects of modern culture has it replaced or defeated Therapeutic Culture addresses these questions and raises others Part 1 of this volume examines the emergence of the idea of authenticity as it defines the manipulation of emotions and behavior both in the United States and Great Britain Contributors include Elisabeth Lasch Quinn Frank Furedi Jonathan B Imber and Alan Woolfolk Part 2 illustrates specific cases of the effects of therapeutic culture within institutions including courts schools religious communities and the virtual community of the Internet Contributors include James L Nolan Jr John Steadman Rice Felicia Wu Song and James Tucker Part 3 extends the analyses of specific social institutions to the broader consequences that have resulted as a therapeutic ethos has taken root in contemporary life Contributors include Digby Anderson Ellen Herman and James Davison Hunter Part 4 is devoted to a previously unpublished essay by Philip Rieff whose significant influence can be seen in many of the contributions Rieff revisits the highly controversial confirmation hearings of Supreme Court Associate Justice Clarence Thomas in 1991 and offers ample evidence of the therapeutic uses of politics as well as the political manipulations available within a therapeutic culture to provide a fitting conclusion This volume establishes a benchmark for further

Youth and Crime John Muncie, 2015-01-31 This book provides you with the most comprehensive and authoritative overview of youth crime and youth justice available Keeping you abreast of contemporary debates this fourth edition of Youth and Crime Includes updated chapters on youth crime discourse and data youth victimology youth and social policy youth justice strategies and comparative and international youth justice providing a critical analysis of issues such as institutional abuse child poverty cyberbullying child trafficking international children's rights and transnational policy transfer Covers numerous issues raised by the UK coalition government's law and order and austerity policies including ages of criminal responsibility the rehabilitation revolution troubled families abolition of antisocial behaviour orders ASBOs initiatives in gangs gun and knife crime responses to the August 2011 riots prospects for

restorative justice and reductions in child imprisonment Keeps you up to date with contemporary research into explanations of youth crime youth and media youth cultures youth unemployment and training programmes and youth justice policies and takes into account recent legislative reform Features a new companion website featuring links to journal articles relevant websites blogs and government reports Complete with chapter outlines summary boxes key terms study questions further reading lists web based resources and a glossary this is the textbook to take you through your studies in youth and crime

American Educational History William Jeynes,2007-01-24 American Educational History School Society and the Common Good is an up to date contemporary examination of historical trends that have helped shape schools and education in the United States Author William H Jeynes places a strong emphasis on recent history most notably post World War II issues such as the role of technology the standards movement affirmative action bilingual education undocumented immigrants school choice and much more *Culture Shift* David W. Henderson,1998-11-01 A map of today s cultural

landscape guiding Christians toward more effective communication with the postmodern world **Sociology After Postmodernism** David Owen,1997-03-25 Postmodernism is frequently described as dealing a death blow to sociology This book however argues that it is a mistake to conceive postmodernism in terms of a fatal attack upon what sociologists do The contributors locate the identity of sociology after postmodernism as a contested site which opens up the possibility of re imagining the enterprise of sociology They show how this re imagination might be conducted and trace some of the key potential consequences *The State of the Nation* Derek Curtis Bok,1998 The author shows that although Americans are better off today in most areas than they were in 1960 they have performed poorly compared with other leading industrial nations

Hayek's Bastards Quinn Slobodian,2025-04-15 The story of the American Right is often told as the fusion of the free market and religion Yet recent decades have seen the rise of a new fusionism which turns to nature and science to defend naturalized inequality and the Social Darwinist virtues of competition Education for Values: Morals, Ethics and Citizenship in Contemporary Teaching Jo Cairns,Roy Gardner,Denis Lawton,2013-05-13 Values in education in terms of both how they are taught and of the ethics of teaching itself are an area of lively debate This text provides a resource of ideas issues and practice for all those with an interest in this area of education Crime in Context Ian Taylor,2013-06-28 This book is a timely and wide ranging account of the relationship between the development of a free market society in Europe and North America and the fears and anxieties provoked by crime It offers an evaluation of the theoretical schools in social theory and in criminology which continue to dominate the academy but whose purchase on contemporary realities is everywhere slipping

Telling the Old, Old Story (Larsen) David L. Larsen,2000 **God Is Just: A Defense of the Old Testament Civil Laws: Biblical Theocracy, Justice, and Slavery versus Humanistic Theocracy, "Justice," and Slavery** Steve C. Halbrook,2014-05-02 This 600 page book is a defense of biblical civil law on topics despised not only by humanists but by professing Christians It is in short theonomic apologetics God is Just takes our culture and its attacks on

the Bible to task It defends biblical theocracy justice and slavery and cuts humanistic opposition down to size by its own self destructive foolishness and most importantly by the sword of God s word The book includes appendices defending theonomy biblically and historically as well as appendices refuting alternative political philosophies One appendix is written by Daniel F N Ritchie and there is also a forward by Buddy Hanson The second edition includes a Scripture index and a new appendix by Vindiciae Legis who gives an excellent historical treatment of the theonomic views of the Westminster divines
