Cerulo,Janet M. Ruane,2022-06-21 How social status shapes our dreams of the future and inhibits the lives we envision for ourselves Most of us understand that a person s place in society can close doors to opportunity but anything is possible when we dream about what might be or so we think Dreams of a Lifetime reveals that what and how we dream and whether we believe our dreams can actually come true are tied to our social class gender race age and life events Karen Cerulo and Janet Ruane argue that our social location shapes the seemingly private and unique life of our minds We are all free to dream about possibilities but not all dreamers are equal Cerulo and Ruane show how our social position ingrains itself on our mind s eye quietly influencing the nature of our dreams

whether we embrace dreaming or dream at all and whether we believe that our dreams from the attainable to the improbable can become realities They explore how inequalities stemming from social disadvantages pattern our dreams for ourselves and how sociocultural disparities in how we dream exacerbate social inequalities and limit the life paths we believe are open to us Drawing on a wealth of original interviews with people from diverse social backgrounds Dreams of a Lifetime demonstrates how the study of our dreams can provide new avenues for understanding and combatting inequality including inequalities that precede action or outcome *Diary of a Dating Bombshell* Claire Dobinson,2011 **The Makings of a Project Queen** Denisha “Coco” Blossom,2023-05-05 The broken pieces of a Black woman Shattered by the neglect of a Black man It s too much pressure to save her So he turns his head Acting as if he don t see her pain While all she needed was his hand In her debut poetic memoir *The Makings of a Project Queen* Blossom relives a path of self discovery empowerment and healing as she shines a light on key issues impacting inner city Black girls today She uses a collection of poems and short behind the scenes stories to take others on an inspirational journey of a hood scholar who forged her own path as a community based educator and scholar activist Through the book she emerges as a Project Queen Growing up in South Sacramento Denisha Coco Blossom had to navigate gang territories drugs poverty hustle and power plays She survived immense heartbreak broken relationships body shaming and hopelessness At a young age she internalized the notion that as an impoverished fat Black girl her choices in life were limited Despite these adversities through engagement with poetry education street literacy and faith she exceeded all of the low expectations especially those that came from her teachers Instead of succumbing to her circumstances she grew into a Queen She lifted her head reclaimed her crown and became the author of her own life *The makings of a Project Queen* is a powerful story that will encourage women and girls everywhere to fix their crown walk in their queendom and embark on their own journey to self discovery and fulfilling their greatest life purpose *Trail of Dreams* Kittendorf Dana Kittendorf,Dana Kittendorf,2009-10 Michelle a 15 year old with more responsibility than most gets sent along with her two brothers to live with her Aunt Karen when her father gets deployed on an eight month Navy assignment She dreads having her life uprooted once again When she has to leave the city life to move to farm country in rural Pennsylvania she thinks she s entered another world She has just not the one she anticipated She soon finds her life entwined with a crow and her Cherokee ancestors Fala and Cheveyo who were forced to endure the Trail of Tears Strange and vivid dreams start to invade Michelle s sleep and even stranger experiences become part of her waking hours She seeks guidance from her mystically minded Aunt Sandra to get explanations for what s taking place Some of those answers come from an Oneida Indian Shaman called Grandfather The rest must come from her awareness She must keep Grandfather s words in mind always You will know your purpose when it is time **Let Your Body Interpret Your Dreams** Eugene T. Gendlin,1986 *A Profound Method to Work with Dreams* In research at the University of Chicago Dr Gendlin found that certain specific bodily responses can open up and lead to small steps of a new experience These bodily responses can

indicate the steps for interpreting a dream Theories about dreams differ and give contradictory interpretations Dr Gendlin derives 16 questions from the many existing theories to aid you the dreamer in the process of interpretation In this book Dr Gendlin teaches you to ask the questions so that your body can respond You learn to recognize how it feels when a question is about to lead to a breakthrough You learn to let the question complete itself so that the dream opens and you know without doubt what it is about The first stage is learning what the dream is about But this alone may not yet tell you anything you did not know before The second stage is getting something new from the dream for your own development The BIAS CONTROL solves what was until now an insurmountable problem People could not interpret their own dreams because they always imposed their usual biases on them The BIAS CONTROL shows you how to open yourself to a new step Eugene T Gendlin Ph D is Professor of Psychology at the University of Chicago He has written books and articles in philosophy and psychology His work has been translated into more than seven languages He was for many years the editor of Psychotherapy Theory Research and Practice In 1970 he was chosen by the Psychotherapy Division of the American Psychological Association for their first Distinguished Professional Psychologist of the Year Award
