Baxter,Marcia Agness Kochel,2006-11-30 Research indicates boys are interested in reading nonfiction materials yet most children s librarians prefer to booktalk fiction Offering citations for more than 1 100 books *Gotcha for Guys* deals specifically with books to pique the interest of middle grade boys A series of booktalks are grouped within

chapters with like titles such as Creepy Crawly Creatures Disasters and Unsolved Mysteries Action and Innovation and All Things Gross Complete booktalks are presented in a beginning section of chapters 1-9. A second section in each of these chapters contains short annotations and talks for other books of interest and a third section offers lists of well reviewed titles to consider for boys. The book is enhanced with book cover art and reproducible lists for teachers and librarians. *The Protection of the Underwater Cultural Heritage* Anastasia Stratē, 1995. The marine environment is almost ideal for the preservation of artefacts and until relatively recently it also provided complete protection from destruction by man. However the aqualung has made most shallow underwater sites accessible leading to widespread plundering. Current deep sea bed technology now threatens deep water sites. There is a need for immediate international action to preserve the man made environment alongside the natural one. The enunciation of legal rules to protect the underwater cultural heritage is a complex issue involving a matrix of interests and laws both international and national. **The Complete Home Learning**

The CD ROM contains the complete text of the book plus website links and a search engine. The Ancient Sailing Season James Beresford, 2012-11-21. Providing a comprehensive examination of the capacity of ancient ships and seafarers to cope with seasonally changing sea conditions this book draws on a wide range of ancient literary sources while also taking account of modern weather records hydrological data and recent archaeological discoveries. Taking a fresh look at the various ways in which seasonality affected maritime transport across the sea lanes of the ancient world this book offers new perspectives on the nature of seaborne trade naval warfare and piratical operations. The result is a volume that questions many long held scholarly assumptions concerning the strength and seaworthiness of ancient vessels as well as the abilities of Greek and Roman mariners to regularly undertake voyages across hazardous stretches of sea. **The World of Water** Phyllis J. Perry, 1995-03-15. Use popular fiction to attract students to great nonfiction expository text about science. Focusing on the general theme of water this resource provides webs that lead from popular fiction titles to a variety of related nonfiction titles that will generate interest and build in depth scientific knowledge for thematic studies. Detailed summaries of books and student activities across the content field motivate young readers and help busy educators implement a multidisciplinary approach.
