Lost Highway:

Lost Highway Richard Currey, 2005 Richard Currey's *Lost Highway* has attracted a legion of admirers since its initial publication in 1997. The book depicts the epic struggle of an ordinary person living his dreams and following his passion. *Lost Highway* is the story of Sapper Reeves, a gifted country musician from the small town of Maxwell, West Virginia. Sapper's story covers the events of more than half a century from his birth in a poor coal mining town through his travels on the back roads of Appalachia in search of recognition and respect. Along the way, Sapper's embattled love for his wife and struggle to come to terms with his combat-wounded son form the basis of his artistic and personal redemption. Lost highway David Lynch, Barry Gifford, 1997 Billboard, 2001-02-10 In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital events brand. David Lynch Tom Huddleston, 2025-09-09 An in-depth, richly illustrated exploration of the work and life of cinema and TV's greatest cult creator. Without David Lynch, our world would have been a much more ordinary place. As a filmmaker, screenwriter, designer, musician, visual artist, and living avatar of all things uncanny, his influence pervaded every corner of our culture. Alongside his game-changing TV series *Twin Peaks*, Lynch also created big-screen masterpieces such as his DIY debut *Eraserhead* and unconventional mystery thrillers *Blue Velvet*, *Lost Highway*, and *Mulholland Drive*. But Lynch was also a cult figure in his own right, releasing albums under his own name, staging art shows, photography exhibitions, and design showcases from LA to Milan, and sharing his spiritual philosophy and love of Transcendental Meditation with audiences around the globe. Published in a lavish slip-cased edition, *David Lynch: His Work, His World* covers all aspects of this truly eclectic output while also exploring Lynch's many influences to tell the full story of how he worked, created, thought, and lived.

Lost Highway David Lynch, Barry Gifford, 1995 *David Lynch* Justus Nieland, 2012-04-15 A key figure in the ongoing legacy of modern cinema, David Lynch designs environments for spectators, transporting them to inner worlds built by mood, texture, and uneasy artifice. We enter these famously cinematic interiors to be wrapped in plastic, the fundamental substance of Lynch's work. This volume revels in the weird dynamism of Lynch's plastic worlds. Exploring the range of modern design idioms that inform Lynch's films and signature *mise en scène*, Justus Nieland argues that plastic is at once a key architectural and interior design dynamic in Lynch's films, an uncertain way of feeling essential to Lynch's art, and the prime matter of Lynch's strange picture of the human organism. Nieland's study offers striking new readings of Lynch's major works: *Eraserhead*, *Blue Velvet*, *Wild at Heart*, *Mulholland Dr.*, *Inland Empire*, and his early experimental films, placing Lynch's experimentalism within the aesthetic traditions of modernism and the avant-garde, the genres of melodrama, film noir, and art.

cinema architecture and design history and contemporary debates about cinematic ontology in the wake of the digital This inventive study argues that Lynch's plastic concept of life supplemented by technology media and sensuous networks of an electric world is more alive today than ever The Oneiric in the Films of David Lynch Raphael Morschett, 2024-06-27 The Oneiric in the Films of David Lynch is the first systematic book length study to explore the nature and function of dreams in David Lynch's different phases and audio visual formats There is hardly a contemporary film director whose name is as closely linked to the dream like as that of David Lynch Both popular and academic discourse frequently identify Lynch's films by their dreamlike qualities However in the existing literature on Lynch these qualities tend to remain underspecified in terms of their experiential dimension Departing from an interest in the phenomenon of dream experience this is the first systematic book length study exploring the nature and function of the oneiric in the director's different phases and audio visual formats It shows that over the course of 50 years Lynch has developed a cinematic aesthetics of the oneiric an ensemble of four dream related dimensions that unfolds its full potential in the dynamic interplay between sensory address and reflective medialization On the one hand the Lynchian oneiric presents a markedly sensory perceptual mode of experience both characters and viewers are challenged in their perceptual patterns while at the same time being immersed in the material dream scenario On the other hand the Lynchian oneiric provides a mode of both psychological and medial reflection Not only the characters but the films themselves are inclined to turn back on themselves in a dream exploring the preconditions possibilities and limitations of their own existence and ability to know the world The oneiric in Lynch's films is thus of phenomenological media theoretical and philosophical interest *Texture In Film* Lucy Fife Donaldson, 2014-08-13 Drawing on interdisciplinary perspectives of art literature and music Donaldson develops a stimulating understanding of a concept that has received little detailed attention in relation to film Based in close analysis *Texture in Film* brings discussion of style and affect together in a selection of case studies drawn from American cinema *EXploZion!* Ross Wells, 2002 Were you first attracted to me or my art the dangerous feline beauty purred coyly curling on the soft black leather chair in the dark southwestern corner of the Pink Iguana coffee house Isis an intoxicating beatnik poet encourages a cowboy drifter to resurrect his lost dream regardless of the consequences In Beat Generation fashion modeled after their icons novelist William S Burroughs and film director David Cronenberg Gabriel a traveling folk rock artist and Isis his oriental muse compose an explosive New Wave film that exposes corruption abuse harassment censorship and mind control in contemporary society As a result the couple fights for their lives against the corrupt bureaucratic establishment This revolutionary first novel by Texas playwright Ross Wells also features a unique guide to the most unusual yet influential films ever made So get hip and dig this incendiary film trip You've never experienced anything like it **The Complete Lynch** David Hughes, 2014-04-30 After working with David on his previous work for the series The Complete Kubrick we knew we were on to a winner for this book Not only is David Lynch a master of modern film making but David Hughes is well qualified to write this complete book The

book covers all Lynch's films including *Mulholland Drive* TV and other projects as well as the unrealised ventures such as *Revenge of the Jedi* later directed by Richard Marquand as *Return of the Jedi* It also includes a foreword by Barry Gifford the novelist behind *Wild at Heart* and co writer with Lynch of the screenplay for *Lost Highway* and excerpts from a new interview David Hughes carried out with David Lynch himself *The Complete Lynch* is the only comprehensive study of this great director

The Architecture of David Lynch Richard Martin, 2014-10-23 From the Red Room in *Twin Peaks* to Club Silencio in *Mulholland Drive* the work of David Lynch contains some of the most remarkable spaces in contemporary culture Richard Martin's compelling study is the first sustained critical assessment of the role architecture and design play in Lynch's films Martin combines original research at Lynchian locations in Los Angeles London and L dz with insights from architects including Adolf Loos Le Corbusier and Jean Nouvel and urban theorists such as Jane Jacobs and Edward Soja In analyzing the towns cities homes roads and stages found in Lynch's work Martin not only reveals their central importance for understanding this controversial and distinctive film maker but also suggests how Lynch's films can provide a deeper understanding of the places and spaces in which we live

Impure Cinema Lúcia Nagib, Anne Jerslev, 2013-10-24 *Impure Cinema* goes back to Bazin's original title precisely for its defence of impurity applying it on the one hand to cinema's interbreeding with other arts and on the other to its ability to convey and promote cultural diversity In contemporary progressive film criticism ideas of purity essence and origin have been superseded by favourable approaches to hybridization transnationalism multiculturalism and cross fertilizations of all sorts *Impure Cinema* builds on this idea in novel and exciting ways as it draws on cinema's combination of intermedial and intercultural aspects as a means to bridge the divide between studies of aesthetics and culture Film is revealed here as the location par excellence of media encounters mutual questioning and self dissolution into post medium experiments Most importantly the book argues film's intermedial relations can only be properly understood if their cultural determinants are taken into account Scholars and students of film cinefiles and students of the arts will discover here unexpected connections across many artistic practices

Cosmic American Rhapsody Ray Sweatman, 2024-08-12 Get ready for a wild ride as country rock pioneer Gram Parsons struggles to survive both physically and spiritually at the *Lost Highway Motel* As his life flashes before him several colorful characters try to help him find the meaning of life such as the ghosts of his parents a strange policeman a transcendentalist and the animated animals from *Hee Haw* With rich allusions to both popular and classical culture it is at turns hilarious poetic tragic and thought provoking

Film as Philosophy Bernd Herzogenrath, 2017-03-21 Film and philosophy have much in common and books have been written on film and philosophy But can films be or do philosophy Can they think *Film as Philosophy* is the first book to explore this fascinating question historically thematically and methodically Bringing together leading scholars from universities across the globe *Film as Philosophy* presents major new research that leads film studies and philosophy into a productive dialogue It provides a uniquely sweeping historical overview of the confluence of film and philosophy for more

Pulling Focus Jane Stadler, 2008-09-15 The most powerful films have an afterlife Their sensory appeal and their capacity to elicit involvement in story character and conflict reaches beyond the screen to subtly reframe the way spectators view ethical issues and agents within the narrative and in the world outside the cinema Pulling Focus Intersubjective Experience and Narrative Film questions how cinematic narratives relate to and affect ethical life Extending Martha Nussbaum and Wayne Booth s work on moral philosophy and literature to consider cinema Dr Stadler shows that film spectatorship can be understood as a model for ethical attention that engages the audience in an affective relationship with characters and their values Building on Vivian Sobchack s Address of the Eye and Carnal Thoughts she uses a phenomenological approach to analyse ethical dimensions of film extending beyond narrative content arguing that the camera describes experience and views screen characters with an evaluative form of perception an ethical gaze in which spectators participate Films discussed include Dead Man Walking Lost Highway Batman Begins Nil By Mouth and Eternal Sunshine of the Spotless Mind
