Lost Peace International Relations In Europe 1918 1939:

The Lost Peace, International Relations in Europe, 1918-1939 Anthony P. Adamthwaite, 1981 *British Foreign Policy, 1919-1939* Paul W. Doerr, 1998-05-15 Provides students with a clear narrative overview of the period which will enable them to form critical opinions Introduces students to the historical controversies of the period and communicates the results of recent specialist studies to a student readership in an easily understood manner An accessible clearly written account accompanied by useful bibliography chronology tables and maps and written by an author teaching in the field Britain and Central Europe, 1918-1933 Gábor Bátonyi, 1999-04-01 This book emphasizes the key role played by Britain in restoring peace and stability in central Europe after the First World War It focuses on the endeavours of British diplomats in the 1920s to promote political integration and economic co operation in the Danubia region The work traces the gradual shift in British attitudes towards the small central European states from one of active engagement to disinterest and even hostility Three case studies of British foreign policy in Vienna Budapest and Prague support the novel thesis that British involvement in central European affairs was terminated as a result of Austrian Hungarian and Czechoslovakian unwillingness to co operate and not simply because of economic and political pressures from Germany *History for the IB Diploma: Peacemaking, Peacekeeping: International Relations 1918-36* Nick Fellows, 2012-07-26 An exciting new series that covers the three prescribed subjects for Paper 1 of the IB 20th Century World History syllabus This coursebook covers Paper 1 Prescribed Subject 1 Peacemaking Peacekeeping International Relations 1918 36 in the 20th Century World History syllabus for the IB History programme The text is divided into clear sections following the IB syllabus structure and content specifications It offers in depth coverage of the subject as well as detailed study of a wide range of primary and secondary sources to develop students analytical skills It also provides plenty of exam practice including student answers with examiner s comments simplified mark schemes and practical advice on approaching the document based Paper 1 examination **German Diplomatic Relations 1871-1945** William Young, 2006-09-04 The continuity issue has been a theme in German historiography for half a century Historians have examined the foreign policy of Wilhelmine and Nazi Germany that led to two world wars Dr William Young examines the continuity of German Foreign Office influence in the formulation of foreign policy under the leadership of Otto von Bismarck 1862 1890 Kaiser William II 1888 1918 the Weimar Republic 1919 1933 and Adolf Hitler 1933 1945 He stresses the role and influence of strong German leaders in the making of policy and the conduct of foreign relations German Diplomatic Relations 1871 1945 will be of value to individuals interested in the history of Germany Modern Europe and International Relations **France and the Apres Guerre, 1918-1924: Illusions and Disillusionment** , **A History of Eastern Europe 1918 to the Present** Ian D. Armour, 2021-04-08 Why is Eastern Europe still different from Western Europe more than a quarter century after the collapse of Communism A History of Eastern Europe 1918 to the Present shows how the roots of this difference are based in Eastern Europe s tortured 20th

century Eastern Europe emerged in 1918 as the lands between new states whose weakness vis vis Germany and Soviet Russia soon became obvious The region was the main killing field of the Second World War which visited unimaginable horrors on its inhabitants before their liberation by the Soviets in 1945 The imposition of Communist dictatorships on the region ironically only deepened Eastern Europe s backwardness Even in the post Communist period its problems continue to make it a fertile breeding ground for nationalism and political extremism A History of Eastern Europe 1918 to the Present explores the comparative backwardness of Eastern Europe and how this has driven strategies of modernisation it looks at the ways in which the region has served as a giant test tube for political experimentation and in particular at the enduring strength of nationalism which since 1989 has re emerged more virulent than ever This book is the essential textbook for any student of 20th century Eastern Europe *Germany and Europe 1919-1939* John Hiden,2014-09-25 This is the only short study in English to survey Germany s foreign policy from a German viewpoint across the entire inter war period The approach which sets Germany in her full European context is not narrowly diplomatic and it gives as much attention to the Weimar years of the 1920s as it gives to the more familiar story of Germany s international relations under the Third Reich John Hiden has now thoroughly revised his text to take account of new scholarship since the book first appeared in 1977

British Foreign Office Documents on the Macedonian Question, 1919-1941 Ilko Drenkov,2021-03-31 A collection of original British Foreign Office documents on the Macedonian Question accompanied with a professional preface introducing the problem *French Foreign Policy 1918-1945* Young,1997-08-01 **The Flight of International Capital** Brendan Brown,2017-11-30 Originally published in 1987 The Flight of International Capital provides a fascinating comprehensive analysis of the history of international money movements Taking 1931 as the turning point between old style and modern methods of conducting monetary affairs the book relates currency shifts and investment trends to political events He deals with five eras in the history of international capital the unsettled post crash period 1931 1936 the flight of capital to the US before World War II the dollar and Swiss Franc s time as the only hard monies till the late fifties the emergence of the mark dollar axis before 1971 and finally the behaviour of floating currencies **Jeremiah Smith, jr. and Hungary, 1924-1926** Zoltán Peterecz,2013-01-01 Zolt n Peterecz presents in this monograph the personality and work of Jeremiah Smith Jr 1870 1935 the League of Nations Commissioner General for the 1924 loan to Hungary He deals also in extenso with the economic and political problems associated with the financial reconstruction of Hungary both on the domestic and international scene Publisher s description **Humanity's Soldier** David Chuter,1996 A study detailing the historical cultural and philosophical origins of French security policy since 1919 Chuter Ministry of Defence London explains how and why security policy has developed since that time arguing that the origins of current policy lie even further back in history and through a cultural network of myths and symbolisms continues to influence how the French perceive contemporary events often to the bewilderment of Anglo Saxon countries with a vastly different set of experiences Annotation copyrighted by Book News Inc

Portland OR The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24 Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain's role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocal attempts to avoid political controversies and London's contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s **A Concise History of the Modern World** William Woodruff, 1998-06-30 By investigating the major changes in world history during the past five hundred years Woodruff explains to what extent world forces have been responsible for shaping both the past and the present This extraordinary book tells of the rise and fall of empires and civilizations it recounts the growing communality and interdependence of nations it shows how so many problems of the contemporary world are the legacy of an unprecedented era of western domination the end of which was hastened by the two world wars In explaining how the world has come to be what it is the author examines the implications surrounding the end of the cold war the unravelling of communism in Eastern Europe and the growing challenge of the non western world to western superiority It is Woodruff's belief that we have reached a crucial transitional stage in world history in which the world will no longer be shaped by the single image of western modernism but increasingly by the image of all cultures and civilizations With the shift of geopolitical and geoeconomic power to Asia and with the growing world wide influence of religious fundamentalism and revolutionary nationalism the need for a global perspective has become acute A Concise History of the Modern World encompasses the learning and the insights gleaned by the author from a life time career as a world historian **Christian Democracy in Europe Since 1945** Michael Gehler, Wolfram Kaiser, 2004-08-02 For the first time this book reveals the actual roles of the Christian Democratic CD parties in postwar Europe from a pan European perspective It shows how Christian Democratic parties became the dominant political force in postwar Western Europe and how the European People's Party is currently the largest group in the European Parliament CD parties and political leaders like Adenauer Schuman and De Gasperi played a particularly important role in the evolution of the core Europe of the EEC EC after 1945 Key chapters address the same questions about the parties membership and social organization their economic and social policies and their European and international policies during the Cold War The book also includes two survey chapters setting out the international political context for CD parties and comparing their postwar development and two chapters on their transnational party cooperation after 1945 This is the companion volume to Political

Catholicism in Europe 1918 1945 *Hitler and the Rise of the Nazi Party* Frank McDonough, 2014-06-11 Now fully revised and reformatted *Hitler and the Rise of the Nazi Party* is an indispensable guide to the history of the Nazi party between its initial electoral breakthrough in 1930 and its victory in 1933 Arguing that the Nazis owed their success as much to Hitler's charismatic leadership and their own effective propaganda and organisation as to the weakness of the Weimar regime Frank McDonough provides an original perspective on the subject as well as a concise readable introduction to key events and debates This new edition includes A new introduction on the broad context of Weimar Germany Two new chapters on the reasons for the Nazi breakthrough in 1930 and on the crucial 1930 1933 period New clearer student friendly format Supported by an expanded documents section and fully revised bibliography a chronology of key events and a who's who of leading figures *Hitler and the Rise of the Nazi Party* will provide an invaluable introduction for any student of this fascinating period *The Rise and Fall of the Great Powers* Paul Kennedy, 2010-10-27 About national and international power in the modern or Post Renaissance period Explains how the various powers have risen and fallen over the 5 centuries since the formation of the new monarchies in W Europe ***Churchill and His Airmen*** Vincent Orange, 2013-02-19 The author of *Dowding of Fighter Command* examines the relationships Churchill had with the airmen of the RAF Winston Churchill probably had more impact on 20th century British military history than any other person especially during World War II Yet of the many volumes since that war that deal with his relationships with generals and admirals most surprisingly there seems not to be a single book devoted to Churchill as a would be pilot and more importantly to the relationships he had with a host of airmen between 1914 and 1945 Exceptional air marshals of his time included Dowding Park Portal Freeman Tedder Coningham and Harris Such men had years of professional expertise behind them and those who had reached the top by 1943 were such strong characters that not even the prime minister could dominate them in policy making Crucially Churchill had supported the independence of the RAF from other services and while he did bully and cajole even abuse his airmen he also listened to them and their plans and inspired them With his expert eye respected historian and professor Vincent Orange has carefully studied and evaluated every detail of Churchill's relationships with his closest officers to produce a masterful analysis of a neglected subject ***Routledge Library Editions: Financial Markets*** Various, 2021-07-09 The volumes in this set originally published between 1970 and 1996 draw together research by leading academics in the area of economic and financial markets and provide a rigorous examination of related key issues The volumes examine the stock exchange capital cities as financial centres international capital the financial system bond duration security market indices and artificial intelligence applications on Wall Street whilst also exploring the general principles and practices of financial markets in various countries This set will be of particular interest to students of economics and finance respectively
