Lost Prince Anselm Ritter von Feuerbach, 1996 Kaspar Hauser turned up in Nuremberg in 1828 when he was sixteen after being kept in a dungeon most of his life Hauser barely able to talk or walk was taken in by Feuerbach Masson looks at who Hauser was and what his case tells us about abused children *Lost Prince* Paul Johann Anselm Ritter von Feuerbach, Jeffrey Moussaieff Masson, 1996 **Kaspar Hauser** M. Kitchen, 2001-07-11 On Whit Monday 1828 a strange youth barely able to speak and hardly able to walk appeared in Nuremberg This new case of a wild man excited widespread curiosity and many prominent figures wanted to test their pedagogical and medical theories on such a promising subject Who was he Was he as many claimed the rightful heir to the Grand Duchy of Baden or was he simply an ingenious fraud This book examines the many ramifications of this fascinating case and offers many insights into the social political and intellectual life of Biedermeier Germany **The Story of My Life** Helen Keller, 2004-03-09 THE 100th YEAR ANNIVERSARY EDITION The Story of My Life a remarkable account of overcoming the debilitating challenges of being both deaf and blind has become an international classic making Helen Keller one of the most well known inspirational figures in history Originally published in 1903 Keller's fascinating memoir narrates the events of her life up to her third year at Radcliffe College Helen Keller's story of struggle and achievement is one of unquenchable hope From tales of her difficult early days to details of her relationship with her beloved teacher Anne Sullivan to her impressions of academic life Keller's honest straightforward writing lends insight into an amazing mind Like the original this centenary edition of The Story of My Life includes letters Keller wrote to friends throughout her childhood and adolescence that chronicle her intellectual and sensory progression as well as assistant John Macy's commentary on her interpretations of her surroundings In addition to reprinting Keller's long lost original work this edition contains excerpts from her little known deeply personal memoir The World We Live In which give readers a detailed look into an otherwise unimaginable existence as well as an excerpt from Out of the Dark a political commentary Keller wrote during her years as a socialist Deftly edited and prefaced by scholar James Berger this comprehensive anniversary edition celebrates a century of readers' enthrallment with one of the most powerful figures in history The Murder of Helen Jewett Patricia Cline Cohen, 1999-06-29 In 1836 the murder of a young prostitute made headlines in New York City and around the country inaugurating a sex and death sensationalism in news reporting that haunts us today Patricia Cline Cohen goes behind these first lurid accounts to reconstruct the story of the mysterious victim Helen Jewett From her beginnings as a servant girl in Maine Helen Jewett refashioned herself using four successive aliases into a highly paid courtesan She invented life stories for herself that helped her build a sympathetic clientele among New York City's elite and she further captivated her customers through her seductive letters which mixed elements of traditional feminine demureness with sexual boldness But she was to meet her match and her nemesis in a youth called Richard Robinson He was one of an unprecedented number of young men who flooded into America's burgeoning cities in the 1830s to satisfy the new

business society's seemingly infinite need for clerks The son of an established Connecticut family he was intense arrogant and given to posturing He became Helen Jewett's lover in a tempestuous affair and ten months later was arrested for her murder He stood trial in a five day courtroom drama that ended with his acquittal amid the cheers of hundreds of fellow clerks and other spectators With no conviction for murder nor closure of any sort the case continued to tantalize the public even though Richard Robinson disappeared from view Through the Erie Canal down the Ohio and the Mississippi and by way of New Orleans he reached the wilds of Texas and a new life under a new name Through her meticulous and ingenious research Patricia Cline Cohen traces his life there and the many twists and turns of the lingering mystery of the murder Her stunning portrayals of Helen Jewett Robinson and their raffish colorful nineteenth century world make vivid a frenetic city life and sexual morality whose complexities contradictions and concerns resonate with those of our own time **The**

**Cinema of Werner Herzog** Brad Prager, 2007 More than any other director Werner Herzog is renowned for pushing the boundaries of conventional cinema especially those between the fictional and the factual the fantastic and the real Drawing on over 35 films this book explores his continuing search for what he has described as the ecstatic truth **Allegorical Moments** Lyn Hejinian, 2023-11-07 Allegorical Moments is a set of essays dedicated to rethinking allegory and arguing for its significance as a creative and critical response to sociopolitical environmental and existential turmoil affecting the contemporary world Traditionally allegorical interpretation was intended to express an orthodoxy and support an ideology Hejinian attempts to liberate allegory from its dogmatic usages Presenting modern and contemporary materials ranging from the novel to poetry to painting and cinema to activist poetry of the Occupy movement each essay in the book begins again with different materials and from different perspectives Hejinian's generative scholarship looks back to experimental modernism and forward into a future for a vital wayward poetry resistant to the crushing global effects of neoliberalism

**The Wild Child** Jeffrey Moussaieff Masson, 2010-05-11 Kept in a dungeon for his entire childhood Kaspar Hauser appeared in Nuremberg Germany in 1828 at age sixteen barely able to walk or talk When he was killed in 1833 his true identity and the motives for his unsolved murder became the subjects of intense speculation This provocative essay sheds new light on this mystery and delves into fundamental questions about the long term effects of child abuse **The Disarticulate** James Berger, 2014-05-23 Language is integral to our social being But what is the status of those who stand outside of language The mentally disabled wild children people with autism and other neurological disorders as well as animals infants angels and artificial intelligences have all engaged with language from a position at its borders In the intricate verbal constructions of modern literature the disarticulate those at the edges of language have paradoxically played essential defining roles Drawing on the disarticulate figures in modern fictional works such as Billy Budd The Sound and the Fury Nightwood White Noise and The Echo Maker among others James Berger shows in this intellectually bracing study how these characters mark sites at which aesthetic philosophical ethical political medical and scientific discourses converge It is

also the place of the greatest ethical tension as society confronts the needs and desires of the least of its brothers Berger argues that the disarticulate is that which is unaccountable in the discourses of modernity and thus stands as an alternative to the prevailing social order Using literary history and theory as well as disability and trauma theory he examines how these disarticulate figures reveal modernity's anxieties in terms of how it constructs its others **Encounters with Wild**

**Children** Adriana S. Benzaquén, 2006-04-05 Through detailed readings of a wide variety of accounts debates and representations *Encounters with Wild Children* explores the many different meanings these children were given and the varied responses they elicited Adriana Benzaquén explains why wild children continue to haunt and fascinate Western scientists and shows how the knowledge they have generated in different disciplines including anthropology psychology psychiatry pedagogy linguistics and sociology has contributed to the shaping and reshaping of the modern understanding of the child and affected the social and institutional practices directed at all children in schools welfare mental health and the law **Erlangen** Gary C. Fouse, 2005-04-07 This work is a historiography of the German town of Erlangen which lies approximately 20 kilometers north of Nuremberg in the Franconian region of Bavaria With a current population of just over 100 000 the city is primarily noted for its university and as the headquarters of the Siemens Corporation In this book author Gary Fouse who spent three years as a U S military policeman in Erlangen traces the history of Erlangen from its humble beginnings as a village in 1002 to the current era Fouse describes the city during the most important historical events in German history including the Reformation the Thirty Years War the Napoleonic Wars the Franco Prussian War of 1870 1871 the two world wars and post World War II recovery Fouse delves into the life of the city under the rule of the House of Hohenzollern the arrival in 1686 of French Huguenot refugees the founding of the university and the history of the Jewish community in Erlangen Also detailed is the history of the U S Army in Erlangen from 1945 to 1994 The author's personal accounts provide an interesting look into the lives of the Americans both inside and outside the caserne *The Encyclopedia of Unsolved Crimes* Michael Newton, 2009 Over 800 entries examine the facts evidence and leading theories of a variety of unsolved murders robberies kidnappings serial killings disappearances and other crimes *If You Can't Trust Your Mother, Whom Can You Trust?* Leonard Shengold, 2018-05-01 The main theme of this book concerns the continuing psychic centrality of parents for their children Several chapters examine an author and his works outlining that author's relationships with parents good and bad and making descriptive comments about these based both on information gleaned from the author's life and writings as well as from observations found in autobiographies biographies and critical works Since these studies in part concern stories of child abuse and deprivation the book predominantly illustrates bad parenting that seems to have contributed to the child's psychopathology Yet in most cases there has also been an evocation by the trauma and deprivation of adaptive and even creative reactions this positive effect also of course largely attributable to concomitant good parenting and yet there are some cases where little of this seems to have existed and yet the children still turn out to be able to make

something of themselves The conditions that make for psychic health in a traumatized childhood are mysterious and can't always be accounted for

[History in Transit](#) Dominick LaCapra, 2018-08-06 History in Transit comprises Dominick LaCapra's explorations of relationships he believes have been insufficiently theorized between experience and identity between history and various theories of subjectivity between extreme events and their representation between institutional structures and the kinds of knowledge produced within them Taken together these discussions form a dialogical encounter positing the links among epistemological questions historicist ones and issues pertaining to disciplinary and institutional politics Reacting against the antitheoretical bias of some prominent historians LaCapra presents an alternative model of historiographical practice one in which

emphases on plurality and hybridity are combined with the concept of historical experience For LaCapra experience emerges as a category both theoretically determined and anchored in the facticity of the everyday LaCapra tests the assumptions and implications of the way one approaches the past by looking to psychoanalysis to render more self aware the relationship between the historian and his or her material He offers criticisms of assumptions held by practicing historians and theorists placing the study of history at the center of a larger argument about the role of the contemporary university Contesting both corporatization and claims that the university is in ruins LaCapra writes It is paradoxical that the demand to make the university conform to an ever increasing extent to a market or business model seems oblivious to the fact that the American university has probably been the most successful of its type in the world that students from other countries disproportionately desire to study in it
