Magic Of The Munros:

The Magic of the Munros Irvine Butterfield, 2005-03-01 In 1891 Hugh Thomas Munro published his tables of the Scottish 3 000 foot peaks and ever since the Reverend A E Robertson became the first Munroist by completing the first ascent of all the mountains listed there has been an accelerating number of mountaineers seeking to follow in his footsteps The listing was updated in 1997 to make a total of 284 mountains and in this stunning book Irvine Butterfield has selected the most evocative photographs to reveal the individual character of each one with supporting information such as vital statistics All the photographers work shown here captures that illusive quality which simply put is the magic of the Munros

The Munros Andrew Dempster, 2021-09-30 The mountains provide the spiritual nourishment so essential to a truer understanding of the hills and ultimately ourselves Munro bagging is a headily addictive pursuit with the holy grail of completion the ultimate aim currently achieved by around 7 000 Munroists It all began in 1891 when Sir Hugh Munro s Tables of 3 000 foot Scottish mountains appeared in The Scottish Mountaineering Club Journal Since then this innocent compilation of hills has become a hallowed hit list Andrew Dempster traces the meandering course of this cult activity which has gone from trickle to torrent in the space of a century From early map makers to current record breakers from the why and the wry to wildness and well being The Munros A History explores the compulsions and philosophies underpinning the Munro phenomenon

The Munros and Tops Chris Townsend, 2013-05-24 When Chris Townsend reached the summit of Ben Hope in Sutherland he walked his way into the record books After 118 days in which he had covered more than 1 700 miles and climbed over 575 000 feet he had completed the first single continuous journey of all 277 Munros and 240 Tops in the Scottish Highlands This is the story of that remarkable walk from the start on Ben More on the Isle of Mull through to the finish the equivalent of climbing Mount Everest 18 times For the author the real enjoyment of the walk was not in counting up the summits or the miles but in spending week after week in the hills and living in the wilds In THE MUNROS AND TOPS Chris Townsend recalls the joys of observing the birds and animals the trees and flowers the changing shapes of the hills and the play of light on their slopes He writes about the complexities of route finding and the challenge of rugged terrain and of coping with often atrocious weather conditions Illustrated with photographs taken during the walk this is a stirring account of a unique achievement

The Munros in Winter Martin Moran, 2020-11-03 The winter completion of the Munros in a single push was not only a tremendous team effort but also Martin and Joy s great love story It was an amazing Odyssey and The Munros in Winter is a superb account Sir Chris Bonington In 1984 Martin Moran became the first person to conquer the Munros in a single winter journey In this gripping narrative he recounts his legendary achievement
