the Christian idea of Jesus resurrection and insist he got the punishment he deserved in hell and that a similar fate awaits his followers Sch fer contends that these stories betray a remarkable familiarity with the Gospels especially Matthew and John and represent a deliberate and sophisticated anti Christian polemic that parodies the New Testament narratives He carefully distinguishes between Babylonian and Palestinian sources arguing that the rabbis proud and self confident countermesssage to that of the evangelists was possible only in the unique historical setting of Persian Babylonia in a Jewish community that lived in relative freedom The same could not be said of Roman and Byzantine Palestine where the Christians aggressively consolidated their political power and the Jews therefore suffered A departure from past scholarship which has played down the stories as unreliable distortions of the historical Jesus Jesus in the Talmud posits a much more deliberate agenda behind these narratives
