The Persona of Ingmar Bergman Barbara Young, 2015-10-15 Born to a mother who did not want him and a father who humiliated him during his upbringing Ingmar Bergman somehow endured his dysfunctional family to become one of the great artists of the twentieth century However the scars left from his early agony affected him both physically and emotionally He suffered with a disabling psychosomatic gastrointestinal illness and serious problems in his interpersonal relationships In *The Persona of Ingmar Bergman Conquering Demons through Film* Barbara Young looks at how the director's personal life shaped his creative output A practicing psychiatrist and psychoanalyst Young probes Bergman's relationships with his parents his wives his children and his colleagues to explore the meanings of his many films As Bergman gradually began to work through his psychological problems he accomplished something that few people have ever done he analyzed himself The films examined in this study include the majority of his features including *The Seventh Seal* *Wild Strawberries* *The Virgin Spring* *Through a Glass Darkly* *The Hour of the Wolf* *The Passion of Anna* *Cries and Whispers* *Face to Face* *Autumn Sonata* *Fanny and Alexander* and *Persona* Young also draws upon recorded interviews and Bergman's autobiographical novels to provide further insight into the director's creative process While many books have been written about Bergman and analysts have studied particular films this volume represents a unique approach to understanding an artist through his art *The Persona of Ingmar Bergman* will appeal to film and art students as well as those in the psychotherapy profession and of course the director's fans throughout the world

The Soul's Code James Hillman, 2013-02-06 An acute and powerful vision offers a renaissance of humane values Thomas Moore author of *Care of the Soul* and *The Re Enchantment of Everyday Life* Plato called it daimon the Romans genius the Christians guardian angel today we use such terms as heart spirit and soul While philosophers and psychologists from Plato to Jung have studied and debated the fundamental essence of our individuality our modern culture refuses to accept that a unique soul guides each of us from birth shaping the course of our lives In this extraordinary bestseller James Hillman presents a brilliant vision of our selves and an exciting approach to the mystery at the center of every life that asks What is it in my heart that I must do be and have And why Drawing on the biographies of figures such as Ella Fitzgerald and Mohandas K Gandhi Hillman argues that character is fate that there is more to each individual than can be explained by genetics and environment The result is a reasoned and powerful road map to understanding our true nature and discovering an eye opening array of choices from the way we raise our children to our career paths to our social and personal commitments to achieving excellence in our time Praise for *The Soul's Code* Champions a glorious sort of rugged individualism that with the help of an inner daimon or guardian angel can triumph against all odds *The Washington Post Book World* A brilliant absorbing work Hillman dares us to believe that we are each meant to be here that we are needed by the world around us *Publishers Weekly*

[How to Read a Film](#) James Monaco, 2009-05-08 Richard Gilman referred to *How to Read a Film* as simply the best single work of its kind. And Janet Maslin in *The New York Times Book Review* marveled at James Monaco's ability to collect an enormous amount of useful information and assemble it in an exhilaratingly simple and systematic way. Indeed since its original publication in 1977 this hugely popular book has become the definitive source on film and media. Now James Monaco offers a special anniversary edition of his classic work featuring a new preface and several new sections including an Essential Library One Hundred Books About Film and Media You Should Read and One Hundred Films You Should See. As in previous editions Monaco once again looks at film from many vantage points as both art and craft sensibility and science tradition and technology. After examining film's close relation to other narrative media such as the novel painting photography television and even music the book discusses the elements necessary to understand how films convey meaning and more importantly how we can best discern all that a film is attempting to communicate. In addition Monaco stresses the still evolving digital context of film throughout one of the new sections looks at the untrustworthy nature of digital images and sound and his chapter on multimedia brings media criticism into the twenty first century with a thorough discussion of topics like virtual reality cyberspace and the proximity of both to film. With hundreds of illustrative black and white film stills and diagrams *How to Read a Film* is an indispensable addition to the library of everyone who loves the cinema and wants to understand it better.
