Early Stuart England Ofer Hadass,2018-03-26 The astrologer physician Richard Napier 1559 1634 was not only a man of  
 practical science and medicine but also a master of occult arts and a devout parish rector who purportedly held  
 conversations with angels This new interpretation of Napier reveals him to be a coherent and methodical man whose burning  
 desire for certain true knowledge contributed to the contemporary venture of putting existing knowledge to useful ends  
 Originally trained in theology and ordained as an Anglican priest Napier later studied astrological medicine and combined  
 astrology religious thought and image and ritual magic in his medical work Ofer Hadass draws on a remarkable archive of  
 Napier s medical cases and religious writings including the interviews he claimed to have held with angels to show how  
 Napier s seemingly inconsistent approaches were rooted in an inclusive and coherent worldview combining equal respect for  
 ancient authority and for experientially derived knowledge Napier s endeavors exemplify the fruitful relationship between  
 religion and science that offered a well founded alternative to the rising mechanistic explanation of nature at the time
