Cryer, 1994-05-01 In this revealing study the author suggests that ancient Israel was a magic society like those around it and similar in many respects to a number of magic using savage societies studied by modern social anthropology Although the Old Testament attempts to distinguish between priestly and prophetic divination this distinction was not sharply drawn in ancient times References to divination in fact are found in all genres of Israelite literature implying that many of these practices were performed throughout Israelite society Cryer's investigation of divination in ancient Israel is a masterful synthesis of social and historical analyses of an important yet neglected topic Ronald E Simkins Catholic Biblical Quarterly **The Sphinx**, 1921

imaginative collection of fourteen short stories won't move you to tears but will very likely move you to laughter Phillips writes about a committee of grief about termites in Africa about Lee Harvey Oswald's can opener He tells of how an angry consumer shows his disdain for the telephone company by sending out false bills which ultimately leads to the withdrawal of the state of Iowa from the union In one crazy piece Phillips describes the chaos that occurs when a cat finds Thomas Hardy's heart and well devours it disrupting plans to put the heart on display And he writes that amazing title story Yes it's true King Lear was penned by Radcliffe Graduate Muriel B Hopkins not by the esteemed William Shakespeare What is the theme connecting these stories Madness perhaps but not only the madness of single characters these stories are also about the madness of crowds Read these stories but be prepared to confront new realities some of which you may never entirely escape
