Magus Of North:

Grimoire of Aleister Crowley Rodney Orpheus, Aleister Crowley, John Dee, 2019 Group ritual has been a cornerstone of spiritual practice since time immemorial yet its history and importance have often been overlooked by occultists of the modern age This book is the first comprehensive presentation of group oriented rites for modern magicians inspired by the works of Aleister Crowley It contains rituals written by Crowley for his own magic circles many of them unpublished during his lifetime plus rare ancient texts that were Crowley s own inspiration The rituals are newly edited and explained by Rodney Orpheus who brings to this volume decades of experience in performing and teaching Aleister Crowley s rituals within Crowley s magical order Ordo Templi Orientis He introduces each ritual with a clear overview setting each in its historical context and explaining its function and mode of operation and includes detailed notes on the setting and performance of each one Whether absolute beginner or seasoned expert magicians of all paths will find this volume to be an eminently workable and extremely powerful grimoire spanning centuries from ancient Mithraic and Bacchanalian rites Goetia and Gnosticism right up to present day Crowleyan invocations and sexual magick *The Magus of the North* Isaiah Berlin, 1993 **Hilia's Ties** Robert L.
