Mini Moments of Value Donna L. Smith, 2024-08-13 *Mini Moments of Value* is a comprehensive list of essential Christian character values It is unusual for a book to contain more than just a few values in specific scriptures such as 1 Peter 1 Romans 12 or Galatians 5 In this book Donna writes about many values She briefly describes each value with a scriptural reference to that value She gives the reader an opportunity not only to read something and then lay the book down but also to meditate on the written description of the value The scripture s presented on day one assists the individual in learning from a scriptural standpoint Then with the Hebrew and Greek definitions included the reader can gain a further understanding of the meaning of that value Donna engages the reader to learn more about this value by searching for scriptures that give more insight The reader is then asked to ponder and write a prayer about the value using the scriptures as a guide This helps one develop these characteristics in one s own life Finally the reader can allow this value to be lived out through practical demonstration or application in his her own life and then in that of his her family The greatest gift that anyone can give to someone else besides the Gospel of Jesus Christ is to be a living example through practical application and instill value into the lives of others This reflects God s love for humanity The real value is touching the lives of yourself and others in mini moments It doesn t take hours By touching one person at a time we all can make the world a better place This book certainly encourages living life in such a way that others see Jesus Christ and the best that one can become This is a great study book for individuals families or various groups
