Mahavastu Trans Sanskrit Vol 2:

Shared Characters in Jain, Buddhist and Hindu Narrative Naomi Appleton, 2016-11-25 Taking a comparative approach which considers characters that are shared across the narrative traditions of early Indian religions Brahmanical Hinduism Jainism and Buddhism Shared Characters in Jain Buddhist and Hindu Narrative explores key religious and social ideals as well as points of contact dialogue and contention between different worldviews The book focuses on three types of character gods heroes and kings that are of particular importance to early South Asian narrative traditions because of their relevance to the concerns of the day such as the role of deities the qualities of a true hero or good ruler and the tension between worldly responsibilities and the pursuit of liberation Characters including character roles and lineages of characters that are shared between traditions reveal both a common narrative heritage and important differences in worldview and ideology that are developed in interaction with other worldviews and ideologies of the day As such this study sheds light on an important period of Indian religious history and will be essential reading for scholars and postgraduate students working on early South Asian religious or narrative traditions Jain Buddhist and Hindu as well as being of interest more widely in the fields of Religious Studies Classical Indology Asian Studies and Literary Studies **Dreamworlds of Shamanism and Tibetan Buddhism** Angela Sumegi, 2008-05-08 Explores shamanic and Tibetan Buddhist attitudes toward dreams

Roaming Free Like a Deer Daniel Capper, 2022-03-15 By exploring lived ecological experiences across seven Buddhist worlds from ancient India to the contemporary West Roaming Free Like a Deer provides a comprehensive critical and innovative examination of the theories practices and real world results of Buddhist environmental ethics Daniel Capper clarifies crucial contours of Buddhist vegetarianism or meat eating nature mysticism and cultural speculations about spirituality in nonhuman animals Buddhist environmental ethics often are touted as useful weapons in the fight against climate change However two formidable but often overlooked problems with this perspective exist First much of the literature on Buddhist environmental ethics uncritically embraces Buddhist ideals without examining the real world impacts of those ideals thereby sometimes ignoring difficulties in terms of practical applications Moreover for some understandable but still troublesome reasons Buddhists from different schools follow their own environmental ideals without conversing with other Buddhists thereby minimizing the abilities of Buddhists to act in concert on issues such as climate change that demand coordinated large scale human responses With its accessible style and personhood ethics orientation Roaming Free Like a Deer should appeal to anyone who is concerned with how human beings interact with the nonhuman environment

Bookseller's catalogues Thornton J. and son, 1883 **Stars at Dawn** Wendy Garling, 2016-08-30 A contemporary and provocative examination of the life of the Buddha highlighting the influence of women from his journey to awakening through his teaching career based on overlooked or neglected stories from ancient source material In this retelling of the ancient legends of the women in the Buddha's intimate circle lesser known stories from Sanskrit and Pali sources are for the first

time woven into an illuminating coherent narrative that follows his life from his birth to his parinirvana or death Interspersed with original insights fresh interpretations and bold challenges to the status quo the stories are both entertaining and thought provoking some may even appear controversial Focusing first on laywomen from the time before the Buddha's enlightenment his birth mother and stepmother his co wives and members of his harem when he was known as Prince Siddhartha then moving on to the Buddha's first female disciples early nuns and to female patrons Wendy Garling invites us to open our minds to a new understanding of their roles **Eternal Legacy** Sangharakshita,2013-09-27 An invaluable guide and reference book to Buddhist sacred texts The Eternal Legacy gives students of Buddhism an unparalleled overview of texts from canonical Pali works to Mahayana sutras together with their doctrinal and historical context and significance It brilliantly and concisely summarizes the essence of core Buddhist teachings such as the Diamond Sutra Lotus Sutra Flower Ornament Sutra and Perfection of Wisdom scriptures The author also addresses the question of what actually constitutes Buddhism's authentic canonical literature **Garland of the Buddha's Past Lives (Volume 2)** Aryashura,2017-04-01 In this second volume of the Garland of Past Lives Aryashura applies his elegant literary skill toward composing fourteen further stories that depict the Buddha's quest for enlightenment in his former lives Here the perfection of forbearance becomes the dominant theme as the future Buddha suffers mutilations from the wicked and sacrifices himself for those he seeks to save Friendship too takes on central significance with greed leading to treachery and enemies transformed into friends through the transformative effect of the future Buddha's miraculous virtue The setting for many such moral feats is the forest Portrayed as home for the future Buddha in his lives as an animal or ascetic the peaceful harmony of this idyllic realm is often violently interrupted by intrusions from human society Only the future Buddha can resolve the ensuing conflict influencing even kings in the stories but also throughout Asian history to express wonder and devotion at the startling demonstrations of virtue they encounter **Constituting Communities** John Clifford Holt,Jacob N. Kinnard,Jonathan S. Walters,2012-02-01 Constituting Communities explores how community functions within Theravada Buddhist culture Although the dominant focus of Buddhist studies for the past century has been on doctrinal and philosophical issues this volume concentrates on discourses that produced them and why and how these discourses and practices shaped Theravada communities in South and Southeast Asia From a variety of perspectives including historical literary doctrinal and philosophical and social and anthropological the contributors explore the issues that have proven important and definitive for identifying what it has meant individually and socially to be Buddhist in this particular region The book focuses on textual discourse how communities are formed and maintained within pluralistic contexts and the formation of community both within and between the monastic and lay settings **A Survey of Vinaya Literature** Charles S. Prebish,2013-01-11 The most important research tool for vinaya studies Covers both primary and secondary sources in Sanskrit Pali Tibetan and Chinese as well as modern sources in English French German and Japanese **Mārg** ,1995 **The Jewels of India** Susan

Charming Cadavers Liz Wilson,1996-12 In this highly original study of sexuality desire the body and women Liz Wilson investigates first millennium Buddhist notions of spirituality She argues that despite the marginal role women played in monastic life they occupied a very conspicuous place in Buddhist hagiographic literature In narratives used for the edification of Buddhist monks women s bodies in decay diseased dying and after death served as a central object for meditation inspiring spiritual growth through sexual abstention and repulsion in the immediate world Taking up a set of universal concerns connected with the representation of women Wilson displays the pervasiveness of androcentrism in Buddhist literature and practice She also makes persuasive use of recent historical work on the religious lives of women in medieval Christianity finding common ground in the role of miraculous afflictions This lively and readable study brings provocative new tools and insights to the study of women in religious life *Encyclopaedia of Buddhism: fasc. 2.
