**Abrahamic Religions** ,     **The Scandal of a Divine Messiah** Brian J. Crawford,2024-12-30 In this groundbreaking book Brian J Crawford navigates the complex intellectual landscape that has traditionally separated Jews and Christians His focus is on a scandalous claim God became a man as Jesus of Nazareth Since the Middle Ages Jewish philosophers have said such an idea is impossible and absurd and Jewish mystics have said the idea is redundant for all things are inhabited by divine sparks By critically examining the philosophical underpinnings of the Maimonidean and Kabbalistic thought that has shaped Jewish theology Crawford constructs a compelling case for the incarnation that is grounded in the Hebrew Scriptures consistent with history informed by science and illuminated by philosophical inquiry Included within is a deep interaction with Maimonides s Guide to the Perplexed the Jewish mystical tradition historical Christian orthodoxy and Messianic Jewish theology This landmark study promises to reinvigorate Jewish Christian discourse on the nature of God the Jewishness of the Trinity and the incarnation and the role of philosophy in Judaism and Christianity     [With Perfect Faith](#) J. elucidate these principles for all those interested in the heart of Jewish belief Organized into a sequence of user friendly lessons this series takes the reader on a journey through more than 150 traditional sources that influenced these beliefs through the ages Added to this is the Toras Menachem commentary on the Principles culled from the Lubavitcher Rebbe s extensive lectures and writings **Maimonides' Essential Teachings on Jewish Faith and Ethics** ,2011 No Jewish thinker has had a more significant impact on Jewish religious thought than Moses Maimonides In this examination of Maimonides s theological and philosophical teachings Rabbi Marc D Angel opens up for us Maimonides s views on the nature of God providence prophecy free will human nature repentance and more Messiah in the Passover Darrell L. Bock,Mitch Glaser,2017 Nothing provided Principles of the Jewish Faith Louis Jacobs,2008-11-06 All the fundamental tenets of Judaism as expressed in the Thirteen Principles of Faith laid down by Maimonides are subjected to a brilliant courageous interpretation a major work *God's Quest* Lyman C.D. Kulathungam,2019-12-09 Why bother with God when he is viewed as a sacred superstition a discarded non entity or a pretext for religious wars Jews and Christians have doubted and discarded God at many times throughout the ages and have also justified countless conflicts in his name Their history however tells a different story Here we observe the historical reality of God s relentless quest to relate with people whether Jew or gentile Despite significant differences between these communities this is the DNA that binds them and places them in a paradigm different from the one articulated in The Quest Christ Amidst the Quest where people are seeking to be freed from their predicament The Judeo Christian narrative shows God s incessant quest orchestrated through various channels such as scriptural revelation miraculous interventions covenantal commitments divine presence in the tabernacle or the temple God s sacrificial incarnation in Christ and the advent of the anticipated Jewish Messiah The narrative climaxes in a grand finale when humans and their habitat will be ushered into an age of peace and harmony Journeying through such a narrative will provide assurance that God is walking with you amidst life s turmoil and that the best is yet to be

**Reflections on Issues in Judaic Law and Lore** Dr. Martin Sicker,2023-02-22 The fundamental basis of Judaism as is well known is the Torah the teachings contained in the Pentateuch the five biblical books the composition of which is traditionally attributed to Moses These teachings may be grouped in two basic categories matters between man and man individually as well as societally and matters between man and God The basic guidelines that apply in matters between man and man are referred to as mishpatim or ordinances whereas those applying to matters between man and God are referred to as statutes The fundamental distinction between the two categories is that the ordinances are subject to human judgment whereas the statutes are not the divine reason for them a mystery about which people may speculate but cannot know for certain The present work is primarily concerned with four statutes that have direct and significant impact on the lives of those committed to compliance with them Since simply rejecting any of them is not an acceptable option over the millennia since their codification in the Torah efforts have been made to deal with them under conditions that are significantly different

from those that prevailed at the beginning of their revelation Given that the statutes as set forth in the Torah cannot be tampered with issues have been raised regarding how they are to be applied in the contemporary Jewish world These reflections are not intended to propose answers to those issues but only to clarify their significance and their present treatment in the various schools of Judaic thought

**Redemption of the Lost Tribes** Rick Richardson, 2023-06-28 Rick Richardson takes us back in time from the fall of man to the Abrahamic covenant the kingdom of Israel and the separation of the Ten Lost Tribes of Israel from the southern kingdom of Judah He explores the Messianic Age and notes that this will only happen once Israel is redeemed turns back to God and the Ten Lost Tribes return to their homeland Redemption of the Lost Tribes cuts through myths and misunderstandings carried over the years regarding the End Time prophecies with great Biblical exposition Pacific Book Review

Seeing God Through Science Barry David Schoub, 2019-08-27 It has been said that science and religion aren't friends Indeed science and scientists are preferably shunned in conservative religious circles Seeing God through Science however emphatically dispels that notion This book compellingly shows how science is in point of fact a potent support for religious faith From the powerful universal biological drives of living organisms to the unimaginable vastness of the universe science cogently frames the fundamental questions of meaning and purpose Answers to these questions however lie outside science It is solely through religious revelation that acceptable answers close the circle of enquiry into truth In addition examples from the sciences of genetics and cosmology illustrate the typical pattern of metascience i.e. the process of science which advances toward a frontier only to generate further avenues of exploration but never reaches a finality of knowledge Thus metascience steers enquiry to a supernatural reality answerable only through religious revelation This book shows how modern science is now entering a new phase where what is unattainable by the science of nature constitutes a message to humankind that there exists a supernatural being who created and controls the universe Modern science is now coming to prove God

Isaac Polqar – A Jewish Philosopher or a Philosopher and a Jew? Racheli Haliva, 2020-06-08 To date scholars have skilfully discussed aspects of Polqar's thought and yet none of the existing studies offers a comprehensive examination that covers Polqar's thought in its entirety This book aims to fill this lacuna by tracing and contextualizing both Polqar's Islamic sources al-Farabi, Avicenna and Averroes and his Jewish sources Maimonides and Isaac Albalag The study brings to light three of Polqar's main purposes 1 seeking to defend Judaism as a true religion against Christianity 2 similarly to his fellow Jewish Averroists Polqar wishes to defend the discipline of philosophy By philosophy Polqar means Averroes' interpretation of Aristotle As a consequence he offers an Averroistic interpretation of Judaism and becomes one of the main representatives of Jewish Averroism 3 defending his philosophical interpretation of Judaism From a social and political point of view Polqar's unreserved embrace of philosophy raised problems within the Jewish community he had to refute the Jewish traditionalists' charge that he was a heretic led astray by philosophy The main objective guiding this study is that Polqar advances a systematic naturalistic

interpretation of Judaism which in many cases does not agree with traditional Jewish views Haliva's lucid learned and incisive monograph on the thought of Isaac Polqar is the first comprehensive study devoted to this important but neglected fourteenth century Jewish Averroist It makes a significant contribution to our knowledge of post Maimonidean medieval Jewish philosophy Haliva convincingly shows that while Polqar claims to follow Maimonides he consistently pushes his thought in a more radical direction offering a severely naturalistic interpretation of Jewish religious principles and refusing to make any concessions to more traditional theological modes of thought Her study leads us to ask whether it is possible to uphold such an uncompromising philosophical and naturalistic reading of Judaism as that of Polqar that is whether it does justice to the Jewish religious principles it purports to interpret and enables us to maintain the authority of traditional Halakhah Lawrence J Kaplan McGill University Montreal Racheli Haliva's excellent book is the first comprehensive study of the philosophy of Isaac Polqar late thirteenth early fourteenth century Polqar emerges as a radical and creative thinker a fascinating link between the philosophy of Averroes and Maimonides and that of Spinoza Warren Zev Harvey Hebrew University of Jerusalem Haliva's groundbreaking book is the first comprehensive study of Polqar's intellectual world forged in the crucible of the late Middle Ages where Greco Arabic philosophy and the Maimonidean legacy meet inner Jewish and anti Christian polemics Polqar Haliva demonstrates was a formidable thinker in his own right who critically engages with Maimonides and Averroes At the same time he defends the Jewish faith as the only true religion of reason against Kabbalists and Jewish traditionalists and against his former teacher Abner of Burgos whose conversion to Christianity was a major intellectual shock This is a meticulously researched and lucidly argued scholarly contribution that fills a crucial gap in the history of Jewish philosophy Carlos Fraenkel McGill University Montreal
