independence and vigorous outdoor work he is assigned during the cool Maine summer days a marked break from the hot summers in his home town of Miami Florida But the thick fog that envelops the island many afternoons is now filled with spooky moving apparitions that terrify him He loves his new job and doesn't want to be afraid to go to the cemetery so with help from his family and the local Sheriff he seeks to find out what or who is really moving around in the ghostly fog The mystery of the fifth cemetery consumes Danny and his family for many days It peaks when Danny is almost killed by a bunch of roughneck smugglers who are most certainly not ghosts The Danny Collins series is a project that will include several books that follow our young protagonist through many mysteries that will include an illegal dumping ring marine mammal stranding and other environmental disasters that threaten the wellbeing of this small island community Although he is stricken with the label of being from away as locals refer to the summer residents he is eventually befriended by some local kids who help him solve a myriad of environmental mysteries
