Un philanthrope d'autrefois Ferdinand-Dreyfus,1903 *Les Maisons closes d'autrefois* Brigitte Rochelandet,1999-01-01T00:00:00+01:00 Fascinante et mystérieuse l'histoire des maisons closes est longtemps restée secrète Inspiré du journal intime tenu par une fille d'amour de 1890-1906 cet ouvrage construit comme une enquête historique est galement le fruit d'importantes recherches effectuées auprès des archives de la police des mœurs Cette visite insolite au sein des maisons closes de la Belle époque permet de découvrir la vie quotidienne des différents protagonistes de l'amour vulgaire Des souteneurs aux tenancières en passant par les clients et les prostituées toutes les mœurs de ce théâtre dramatique sont décrites dans leur vérité la plus nue Richement illustré de documents d'époque ce livre lève le tabou des maisons closes pour nous entraîner dans ce monde aussi sordide que captivant

Le théâtre d'autrefois ,1842 *Cheminements linguistiques malgaches* Jacques Dez,1990 Les normes fondamentales de structure de la langue malgache peuvent maintenant être considérées comme suffisamment reconnues pour qu'il soit possible de comprendre les modalités du fonctionnement théorique de cette langue Mais quand on passe au plan pratique des domaines d'expression particuliers on s'aperçoit de ce que la connaissance des structures grammaticales ne suffit pas Il est nécessaire d'acquiescer la maîtrise des modes particuliers d'expression propres à la langue malgache Or ces modes particuliers sont peine effleurés par les grammairiens quand ils ne sont pas complètement ignorés Par suite le lecteur est invité à cheminer dans leur exploration En raison même de la nature des situations la description qui en est faite contient de nombreuses informations d'ordre ethno linguistique Quand on se situe à ce niveau de compréhension pratique du fonctionnement de la langue il n'est pas possible qu'il en soit autrement L'exposé comporte des études sur les noms propres et les normes grammaticales de leur utilisation sur les formations numérales et les particularités de leur emploi sur la circonstance de lieu largement tendue localisation dans l'espace expression de la distance sur la circonstance de temps elle aussi largement tendue localisation dans le temps durée sur l'expression de l'indéfini sur les noncs interrogatifs et sur l'usage assertif de l'interrogation sur les noncs évaluatifs la justification de cette dénomination est donnée alors et sur les noncs signifiant ordre ou interdiction souhait ou regret Il est précis que l'objet de l'étude est la langue officielle malgache Tous les exemples sont donnés dans cette langue Le travail est complété par un index très développé sans lequel il serait inutilisable en raison de l'abondance et de la variété des informations qu'il contient Résumé de l'auteur
