Partridge,1903 *The uncommercial traveller* Charles Dickens,1911 *Bertie* Peter Lovesey,2019 The Complete Prince of Wales Mysteries collects all three of Peter Lovesey s charming and thrilling Bertie adventures in a single volume for the first time Albert Edward Prince of Wales Bertie as he s known is the eldest son of Queen Victoria and future King Edward VII Bertie is a pleasure seeker always searching out the best meals the most beautiful women and the most lavish parties As Prince Regent

Bertie is expected to behave like a proper royal and avoid scandal. Instead his love of excitement leads him to a decidedly unprincely hobby sleuthing. Bertie is not the best detective but that does not stop him from trying to solve every case that crosses his path including the feverish suicide of the greatest jockey of the century the mysterious death of a member of the royal hunting party and the murder of the son in law of an old friend Newdick's Season of Frost Robert Spangler Newdick,1976-01-01 In 1935 Professor Robert Newdick of Ohio State University wrote to Robert Frost already America's most famous living poet in order to suggest certain revisions in the arrangement of the poet's collected poems. The brief letter was to begin a relationship of nearly five years ending only with Newdick's untimely death in 1939 in which Newdick assiduously gathered materials from a wide variety of sources for a projected but not authorized Frost biography. Although only part about 100 pages of the biography was actually written Newdick left behind him several files of factual data as well as observations and comments by Frost and by many people who knew him. These materials have not heretofore been published nor were they used in any subsequent biography. In the present volume William A Sutton brings together Newdick's partial biography with his various notes and letters adding a narrative of the Frost Newdick relationship which sheds new light on the poet and on the identity of poets. With Newdick as with subsequent researchers the fiction making Frost was often playing a game of hide and seek so that he would never be completely found out as a mere empirical datum although there is evidence that his candor with Newdick was at times greater than it would be in later years. Newdick a perceptive admirer of Frost's poetry had to struggle with his own realizations of such Frostian characteristics as secretiveness ambivalence and capriciousness and so the book reveals a great poet who could be both generous and arch a professor relentless in his search for information a famous man fitfully bothered then amused by a young academic's earnest efforts on his behalf and a biographer devoted to but at times exhausted by the demands of his biographical subject. Frost appears as one who thought of both biography and biographer as attractive nuisances. The original materials brought together here manifest therefore both a kind of biography and a chronicle of the act of biography a fresh look at the creative personality and a running account of how a biographer attempts to bring such a personality into focus *Congratulations and Counsels* Felix Friendly,2023-06-13 Reprint of the original first published in 1872. The publishing house Anatiposi publishes historical books as reprints. Due to their age these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost **The Electrical Review** ,1912
