Historia de un pornstar Fernando Peña Charlón,Pedro Vicente Esquerdo Lope de Castro,2011-04-15 Cuerpo a Cuerpo Carlos Pérez Ariza,2011-01-21 *Cuerpo a Cuerpo* es una novela que explora las relaciones del mundo del arte y la sexualidad del arte de la entrevista period stica en un momento de transici n del propio arte de informar Una historia imaginaria que bien ha podido suceder como todo lo que imaginan los creadores On the Translation of Swearing into Spanish Betlem Soler Pardo,2015-06-18 Audiovisual translation has attracted the attention of many researchers in the years since it became recognised as an academic discipline with an established theory of translation For its part cinema is one of today s most powerful and influential media and the vast number of US films translated for Spanish audiences merits particular academic attention This book presents an analysis of the insults from seven films directed by the North American filmmaker Quentin Tarantino Reservoir Dogs Pulp Fiction Four Rooms Jackie Brown Kill Bill vols I and II Death Proof and Inglourious Basterds and how these insults have been translated from English into Spanish One of the main reasons for building a corpus of this

nature was to document the way Tarantino's work is dubbed and using concrete examples to describe the reality of translation and provide linguistic material with which to study dubbing the most widespread translation modality in Spain. In an analysis of this nature Tarantino's films offer an interesting opportunity from a social perspective because of the exceptional number of insults they contain. 1526 insults have been recorded, classified and analysed in the preparation for this book. The magnitude of this figure is evidence of Tarantino's constant use of swearwords regardless of what his audiences might think and whether or not they might sometimes prefer not to hear such a steady stream of foul language. Furthermore, his popularity has been achieved precisely because he refuses to allow distribution companies to alter his dialogues in any way or modify the violence of his scenes, making Tarantino's films of particular interest to the reader. **TEORÍA E**

HISTORIA DEL HOMBRE ARTIFICIAL Jesús Alonso Burgos, 2017-04-25 *Generation X Rocks* Christine

Henseler, 2007-06-18. Essays in this volume explore the popular cultural effects of rock culture on high literary production in Spain in the 1990s. **Máquinas de amar** Pilar Pedraza, 1998. Este libro *Máquinas de Amar* que trata de mujeres artificiales, muñecas, autómatas y replicantes en el cine y otras artes recoge el legado de muchas generaciones de artistas y reflexiona sobre él. A través del mito de Pigmalión, creador de la supermujer y de los devaneos del mundo de la cultura con el cuerpo artificial, Pilar Pedraza pasa revista a las bellas y peligrosas autómatas antiguas y modernas desde los ilustres autómatas de Neuchâtel y Montecarlo que viven todavía en una vida enigmática tras los cristales de sus vitrinas e investiga en qué grado de evolución se encuentra la mujer ideal y su reverso, la mujer basura, producto de la contaminación industrial y médica. Por otra parte, los avances continuos de la biomecánica, la ingeniería genética y las comunicaciones instantáneas hacen que las fronteras entre el cuerpo natural y artificial se borren. El cuerpo natural está quedando obsoleto y es fundamental saber qué son y cómo funcionan los cuerpos artificiales para lo cual conviene familiarizarse con los autómatas que divertieron y aterrorizaron a nuestros antepasados. Tampoco está de más conocer los peligros que entraña su intimidad. Si vamos a convertirnos en cyborgs, sepamos al menos a qué atenernos. De dónde les viene la vida a los autómatas. Sobre el mecanismo del mundo espiritual a través de la música. De la locura de sus creadores y dueños. Por qué matan las muñecas a sus amantes. Por qué ese deseo obsesivo de Pigmalión de que las mujeres se vuelvan estatuas y las estatuas mujeres. Por qué viven los viudos con las efigies en cera de sus esposas. Por qué no está bien visto usar una muñeca hinchable como flotador. A estas preguntas y otras a continuación se responden. Películas como *Ensayo de un crimen*, *Casanova*, *My Fair Lady*, *Tamara* o *natural*. No es bueno que el hombre esté solo. *Metrópolis*, *Blade Runner*, *Nikita* o *Henry*. Escritores como Tolstói, Bukowski, Sharpe y artistas como Rops, Kokoschka, Duchamp, Allen Jones, Stelarc, Sherman. *Máquinas de Amar* es un libro arriesgado, comprometido con nuestro tiempo que aborda de una manera lúcida y divertida los retos del siglo XXI. **Sexo en mi ciudad** Adaia Teruel, 2025-09-24. La sabiduría pícaro Alexandre Jollien, 2021-02-15 El libro que ha inspirado la película Mentees maravillosas producida y protagonizada por Alexandre Jollien Qué hacer con las heridas profundas del alma y los traumas que se resisten Cómo integrar la tragedia en la historia personal Alexandre Jollien quien padece una discapacidad neuromotora desde que nació decidió acoger sin miedo el

caos psíquico y el dolor crónico y seguir su propio camino en busca de ayuda En este libro comparte su recorrido personal y lo que ha aprendido de los médicos que intentaron curar su cuerpo de los filisofos que le enseñaron a abrir su mente y también de aquellos seres cargados con sus tormentos y miserias De sus encuentros con Nietzsche Rousseau Chogyam Trungpa Spinoza Bukowski y especialmente con los estoicos y desde lo más hondo de sus obsesiones miedos y contradicciones surge esta especie de ensayo de filosofía práctica sobre el arte de vivir Un auténtico tratado de sabiduría para que nos devuelva la confianza y la alegría Porque como nos recuerda el autor la vida es un desastre pero no hay problema *Forth and Back* Cintia Santana, 2013-06-27 *Forth and Back* broadens the scope of Hispanic trans Atlantic studies by shifting its focus to Spain's trans literary exchange with the United States at the end of the twentieth century Santana analyzes the translation boom of U S literature that marked literary production in Spain after Franco's death and the central position that U S writing came to occupy within the Spanish literary system Santana examines the economic and literary motives that underlay the phenomenon as well as the particular socio cultural appeal that U S dirty realist writers which in Spain included authors as diverse as Charles Bukowski Raymond Carver and Bret Easton Ellis held for Spaniards in the 1980s Santana also studies the subsequent appropriation of this writing by a polemic group of young Spanish writers in the 1990s who self consciously and insistently associated themselves with the U S *Forth and Back* illustrates that literary movements do not unilaterally spread rather those that flourish take root in fertile soil and are transformed in their travel by the desires creative choices and practical constraints of their differing producers and consumers It is precisely in the crossing of these currents that plots thicken The translation of dirty realism its reception in Spain and its cultural legacy as appropriated by the young Spanish writers serve to interrogate a perceived U S hegemony If Spanish *realismo sucio* has been said to be symptomatic of the globalization of literature *Forth and Back* argues that the Spanish works in question posed a subtle reaffirmation of Spanish literature's strong ties to realist fiction a gesture of continuity in a decade that seemed to presage the undoing of much of Spain's Spanishness Ultimately this project asks an ambitious pair of questions at the heart of human culture how do we read each other quite literally across geography and language How do we construct others and ourselves vis vis those readings *Máquina Sexual* Lara Steele, 2025-07-29 En *Máquina Sexual* Lara Steele nos invita a explorar los límites del deseo humano en una novela erótica tan atrevida como imaginativa Tras vivir dos intensas y fallidas relaciones el protagonista se ve envuelto en un abismo de soledad y ansiedad sexual hasta que descubre NextGen Personal Robots una empresa que promete lo impensable compañeras artificiales tan reales tan sensuales tan obedientes que borran la línea entre lo humano y lo programado Desde el primer clic comienza un viaje cargado de lujuria y curiosidad tecnológica donde los cuerpos perfectos de estos robots diseñados para el placer sin condiciones despiertan fantasías insospechadas El lector es testigo de encuentros ardientes hiperrealistas y explícitos contados con una narrativa directa excitante y sin filtros Más que una novela *Máquina Sexual* es una experiencia que desafía tabes y enciende los sentidos Hasta donde llegarás por una conexión
