Marauders And Day Of The Halfbreed:

The Marauders and Day of the Halfbreed Peter McCurtin, 1988-10 **Double Barrel Sundance: The Marauders Day of the Halfbreeds** Peter McCurtin, 1980 A King of Tyre: A Tale of the Times of Ezra and Nehemiah James Meeker Ludlow, 2020-09-28

The island city of Tyre lay close to the Syrian coast. It seemed to float among the waves that fretted themselves into foam as they rolled in between the jagged rocks and spread over the flats retiring again to rest in the deep bosom of the Mediterranean. The wall that encircled the island rose in places a hundred cubits and seemed from a distance to be an enormous monolith. It was therefore called Tsur or Tyre which means The Rock. At the time of our narrative about the middle of the fifth century B C the sea girt city contained a dense mass of inhabitants who lived in tall wooden houses of many stories for the ground space within the walls could not lodge the multitude who pursued the various arts and commerce for which the Tyrians were of all the world the most noted. The streets were narrow often entirely closed to the sky by projecting balconies and arcades mere veins and arteries for the circulation of the city's throbbing life. For recreation from their dyeing vats looms and foundries the artisan people climbed to the broad spaces on the top of the walls where they could breathe the sweet sea air except when the easterly wind was hot and gritty with dust from the mainland a few bow shots distant. The men of commerce thronged the quay of the Sidonian harbor at the north end of the island or that of the Egyptian harbor on the south side two artificial basins which were at all times crowded with ships for the Tyrian merchantmen scoured all the coast of the Great Sea even venturing through the straits of Gades and northward to the coasts of Britain and southward along the African shore giving in barter for the crude commodities they found not only the products of their own workshops but the freight of their caravans that climbed the Lebanon and wearily tracked across the deserts to Arabia and Babylon. The people of fashion paraded their pride on the Great Square in the heart of the city called by the Greeks the Eurychorus where they displayed their rich garments in competition with the flowers that grew almost as artificially in gay parterres amid the marble blocks of the pavement.

The Marauders of Frontiers Antoine Crosby, Today the forests have fallen its gloomy inhabitants gradually rejected by the civilization that persecutes them without truce or rest have fled step by step before it they have gone in search of safer retreats in the distance taking their parents bones with them lest they be unearthed and desecrated by the ruthless share of the white plow which carves its long and productive furrow over their former homelands hunt. Is this continuous incessant clearing of the American continent an evil? Not by the way on the contrary progress which marches by leaps and bounds and tends to transform the soil of the New World within a century deserves all our sympathies. Nevertheless we cannot help feeling a feeling of painful sympathy for this unfortunate race brutally outlawed pitilessly hemmed in on all sides diminishing day by day and fatally doomed to disappear very soon from that land whose immense territory four centuries ago at the most covered with its innumerable masses.
