Page, 2021-05-04 What does evangelism look like at its best Evangelism can hurt sometimes Well meaning Christians who welcome immigrants and refugees and share the gospel with them will often alienate the very people they are trying to serve through cultural misconceptions or insensitivity to their life experiences In *No Longer Strangers* diverse voices lay out a vision for a healthier evangelism that can honor the most vulnerable many of whom have lived through trauma oppression persecution and the effects of colonialism while foregrounding the message of the gospel With perspectives from immigrants and refugees and pastors and theologians some of whom are immigrants themselves this book offers guidance for every church missional institution and individual Christian in navigating the power dynamics embedded in differences of culture race and language Every contributor wholeheartedly affirms the goodness and importance of evangelism as part of Christian discipleship while guiding the reader away from the kind of evangelism that hurts toward the kind of evangelism that heals

Phillips, Rainer Pineas, Ruth Pike, Wolodymyr V. Petryshyn, 1954 Theologizing in the Radical Middle Ryun H. Chang, 2018-09-17 This book doesn't endorse any systematic theology rather it's about how we theologize Why do two equally trained theologians studying the same book and loving the same Lord arrive at such different conclusions This theological disagreement at times becoming personal spills over from the academia to seminaries and churches And if history is any indicator this always weakens the unity of the church Who needs unity when correct doctrines are at stake right But is the defense of all doctrines worth foregoing the unity of the church despite Jesus' prayer that they may be one even as we are one At bottom our theological contentiousness stems from not recognizing that the way biblical revelation is framed is not designed to be handled the way seminaries typically do Regardless we strive for the rightness of our tidy theology even disowning those who disagree while doing so The disavowal of continuationists by the Strange Fire crowd is the most recent instance in a long line of placing doctrinal purity over the unity of the body This book uncovers how Scripture is really structured and how therefore we need to theologize differently so that we may grow spiritually in Word and Spirit **No Longer Strangers** Mary Argall Phraner, 1954 **Seeking A Better Country** Donald MacLean, 2016 Donald MacLean takes us through the 11th chapter of the Epistle to the Hebrews He shows what faith is and what it looks like in action He draws out the theological and practical significance of the lives of Old Testament heroes of the faith from Abel to Sarah to Joseph This book will support and motivate today's believers as they too walk on towards the heavenly country **On Knowing Humanity** Eloise Meneses, David Bronkema, 2017-07-14 This volume is intended as a critique of anthropology's epistemological and ontological assumptions and a demonstration of the value added by an expanded set of parameters for the field The book's core argument is that whilst ethnographers have allowed their own perspectives to be positively influenced by the perspectives of their informants until recently anthropology has done little in the way of adopting these other viewpoints as critical tools for analysis The book is essential reading for scholars of the anthropology of religion as well as other philosophically oriented social scientists and theologians *The Ruach Ha'Kodesh* Unknown Hebrew, 2019-08-26 *The Ruach Ha'Kodesh* The Submission The Sword Divine Power Revealed Book 4 in the transformative Ruach Ha'Kodesh series unlocks how submission to the Spirit reveals true power and guidance This compelling finale takes you on a journey to connect the words of the Spirit with the authoritative Sword of the Spirit Not only will you uncover how scripture uses different words to describe a single powerful reality but you will also see the deep unity that ties all of these meanings together Understanding the Language Words with Purpose In the opening chapter you will gain fresh insight into the language of the Spirit Although the Bible uses various terms they all illuminate aspects of the same divine presence Thus this book connects key passages that together deepen your understanding of the Ruach's purpose and voice The Sword of the Spirit Sharper Than You Think Next delve into the depths of scripture with thought provoking exploration Hebrews 4:12 teaches For the word of ELOHIM is quick and powerful and sharper than any two edged sword a discernor of the thoughts

and intents of the heart Therefore you will discover how the Word empowered by the Spirit not only pierces the surface but also divides soul from spirit exposing what lies beneath Consequently this book shows you how spiritual discernment begins when you let the Spirit's sword work in your life Pathways to True Submission and Spiritual Growth Have you ever longed for answers about your purpose your calling or your heart's deepest hunger As you move through each chapter you will find that surrender to the Spirit is not about blind obedience Instead it is the path to deeper connection with YAHUAH and lasting spiritual victory Additionally you will learn principles that empower you to walk boldly in truth while discerning your spiritual journey each step of the way Embrace Your Spiritual Destiny Don't Wait If you're ready to stop wandering and start living with clarity scroll up and click Buy Now This book will arm you with the wisdom power and discernment you need for your next step Let the Sword of the Spirit transform your life finish the journey today Be sure to read the complete series Book 1 The Ruach Ha Kodesh Sinai The Breath Book 2 The Ruach Ha Kodesh Two Spirits The Trinity Book 3 The Ruach Ha Kodesh Ever Present What It Does Purpose

Ethnographic Film Karl G. Heider, 2009-04-20 From reviews of the first edition Ethnographic Film can rightly be considered a film primer for anthropologists Choice This is an interesting and useful book about what it means to be ethnographic and how this might affect ethnographic filmmaking for the better It obviously belongs in all departments of anthropology and most ethnographic filmmakers will want to read it Ethnohistory Even before Robert Flaherty released

Nanook of the North in 1922 anthropologists were producing films about the lifeways of native peoples for a public audience as well as for research and teaching Ethnographic Film 1976 was one of the first books to provide a comprehensive introduction to this field of visual anthropology and it quickly became the standard reference In this new edition Karl G Heider thoroughly updates Ethnographic Film to reflect developments in the field over the three decades since its publication focusing on the work of four seminal filmmakers Jean Rouch John Marshall Robert Gardner and Timothy Asch He begins with an introduction to ethnographic film and a history of the medium He then considers many attributes of ethnographic film including the crucial need to present whole acts whole bodies whole interactions and whole people to preserve the integrity of the cultural context Heider also discusses numerous aspects of making ethnographic films from ethics and finances to technical considerations such as film versus video and preserving the filmed record He concludes with a look at using ethnographic film in teaching
