

Эволюционные функциональные пространства лежат в основе современной теории дифференциальных уравнений с частными производными, описывающих процессы, протекающие с течением времени. Элементами подобных пространств являются отображения интервала действительной оси в некоторое банахово пространство. Книга содержит систематическое изложение основ теории эволюционных функциональных пространств. Для студентов и аспирантов, обучающихся по математическим специальностям, а также специалистов в области дифференциальных уравнений и функционального анализа.
