## **Other Side Of The Sun:**

**The Otherside of The Dark** Sandip Ghosh,2022-11-10 *Rainbow's Shadow and the Other Side of Paradise* John Cicero,2012 We conclude the Rainbow s Shadow trilogy with a journey into the Other Side of Paradise Faced with the ultimate decision Will has to choose between true paradise or chasing a madman into the other side The decision is easy His brothers soul and the ability to eliminate evil is motivation enough to forego experiencing paradise Only one destination is at hand He has to enter the belly of the beast and he knows it Accompanied by his buddy Jimmy Foster Will sets out on a journey unlike anything they have witnessed Not only have they agreed to travel through the ten spheres of the other side they have also committed to eliminate Malkuth once and for all A total eclipse of the sun symbolizes Malkuth s ascension as Will s ultimate purpose emerges He has to rise to the challenges which confront him Malkuth doesn t go easy as he assembles armies beyond expectations It takes faith and a unique visit to Writers Block to energize Will and his forces as they endeavor to cleanse the book of souls for all mankind The quest to eliminate evil drives him But it s his perseverance and the forerunner s legacy which elevate him into iconic leadership **The Other Side of the Mountain** Janice

Angelique,2013-07-01 Pamela loves her daughter very much and when she begins asking of their exiled relatives on the opposite mountain Pamela drops everything to find out what had happened ten years ago to cause the rift between the two communities Meeting the dashing handsome and very imperfect Saul who d caused the rift years ago wasn t the worst thing Pamela had ever done in her life With Saul came danger and a sexual tension that would have him constantly tripping through her every thought They were two souls determined to conquer all obstacles to their union and not even the threat of death can keep Pamela away **On the Other Side of the Rainbow** Lonny Dargavel,2018-06-29 The deaths of my parents on consecutive days and with the interference of the enemy caused extreme grief in my life It did however open the door of the spirit world for me in real very profound and personal manner In *On the Other Side of the Rainbow* I recount how my grief was transcended by remembering past readings and teachings to strengthen me and I came to develop abilities to perceive and experience my loved ones who were sharing time with me in the present The seeking to heal my soul also led me to connect with Jesus in a very real and personal way His friendship and mentorship has helped me to heal and develop spiritually He has also provided me with the protection I needed and he lifted me up when I needed it and continues to daily Eventually we grew quite close as did my relationship with Mother Mary and Michael the archangel Without their divine help I am sure I could not have lasted in the face of the enemy Encounters with them as well as my loved ones on the other side of life have become normal occurrences I have also had encounters with other spiritual beings whom I consider allies such as Buddha Ganesh King David a fairy princess a British guard from Fort George during the 1812 War St Theresa St John Paul II and others It is especially interesting to see how my parents continued evolving once they reached the other side and how my spiritual growth and relationship with the Lord changed their course as well as my own Prior to my experiences with the

Christian faith I had followed and had many other firsthand experiences that are based on truths that simply are Included in this are experiences with past lives and spiritualism as well as Buddhist teachings and Native American as well My personal experiences are based on truths and were a guided path that led to my development as a spiritual clairvoyant and light worker The book starts in more of the self help variety but soon evolves into a more complex novel that is experiential as well as unique as it embraces many teachings but is not confined by anything that is not based on truth It eventually broadens onto a serious journey with Christ but it does not leave out any past experiences and knowledge gained as a result of these truths It is not typical or confined by any religious teaching but it does not attempt to say they are not significance or important quite the opposite It is I believe a guided path from above that is meant to bring together many to break down walls not build them as what Jesus desires as are other teachers and great beings who work together to try to win this world away from the dark side and lead it into a world that desires light and welcomes it when it soon arrives I hope that my first book helps to achieve some of these
