Me and My House Magdalena J. Zaborowska, 2018-03-29 The last sixteen years of James Baldwin s life 1971-87 unfolded in a village in the South of France in a sprawling house nicknamed *Chez Baldwin* In *Me and My House* Magdalena J Zaborowska employs Baldwin s home space as a lens through which to expand his biography and explore the politics and poetics of blackness queerness and domesticity in his complex and underappreciated later works Zaborowska shows how the themes of dwelling and black queer male sexuality in *The Welcome Table* *Just above My Head* and *If Beale Street Could Talk* directly stem from *Chez Baldwin* s influence on the writer The house was partially torn down in 2014 Accessible heavily illustrated and drawing on interviews with Baldwin s friends and lovers unpublished letters and manuscripts *Me and My*

House offers new insights into Baldwin's life, writing, and relationships, making it essential reading for all students, scholars, and fans of Baldwin. *Racially Writing the Republic* Bruce Baum, Duchess Harris, 2009-07-29 Investigates the history of U.S. political thought, dreams, and national identity by foregrounding the debasing role of race and racialized identities in constructions and transformations of what it has meant to be American. [A Historical Guide to James Baldwin](#) Douglas Field, 2009-09-24 With contributions from major scholars of African American literature history and cultural studies, *A Historical Guide to James Baldwin* focuses on the four tumultuous decades that defined the great author's life and art. Providing a comprehensive examination of Baldwin's varied body of work that includes short stories, novels, and polemical essays, this collection reflects the major events that left an indelible imprint on the iconic writer: civil rights, black nationalism, and the struggle for gay rights in the pre and post Stonewall eras. The essays also highlight Baldwin's under-studied role as a trans-Atlantic writer, his lifelong struggle with faith, and his use of music, especially the blues, as a key to unlock the mysteries of his identity as an exile, an artist, and a black American in a racially hostile era. **Performing Ethnicity, Performing Gender** Bettina Hofmann, Monika Mueller, 2016-09-01 Performance and performativity are important terms for a theorization of gender and race/ethnicity as constitutive of identity. This collection reflects the ubiquity, diversity, and historically locatedness of ethnicity and gender by presenting contributions by an array of international scholars who focus on the representation of these crucial categories of identity across various media, including literature, film, documentary, and music video performance. The first section, *Political Agency*, stresses instances where the performance of ethnicity/gender ultimately aims at a liberating effect, leading to more autonomy. The second section, *Diasporic Belonging*, explores the different kinds of negotiations of ethnic performances in multi-ethnic contexts. The third part, *Performances of Ethnicity and Gender*, scrutinizes instances of the combined performance of ethnicity and gender in novels, films, and musical performances. The last section, *Cross-Ethnic Traffic*, contains a number of contributions that are concerned with attempts at crossing over from one ethnicity into another by way of performance. *Situation Critical* Max Cavitch, Brian Connolly, 2024-02-26 The contributors to *Situation Critical* argue for the continued importance of critique to Early American studies, pushing back against both reductivist neo-empiricism and so-called postcritique. [Multicultural Poetics](#) Nissa Parmar, 2017-12-21 *Multicultural Poetics* provides a new perspective on American poetry that will contribute to the evolution of contemporary critical practice. Nissa Parmar combines formalist analysis with cultural studies theory to trace a lineage of hybrid poetry from the American Renaissance to what Marilyn Chin deemed America's multicultural renaissance: the blossoming of multicultural literature in the 1980s and 1990s. This revisionary literary history begins by analyzing Whitman and Dickinson as postcolonial poets. This critical approach provides an alternative to the factionalism that has characterized twentieth-century American poetic history and continues to inform literary criticism in the twenty-first century. Parmar uses a multiethnic, multigender method that emphasizes the relationship between American poetic form and cultural development. This book provides a new approach by

using hybridity as the critical paradigm for a study that groups multiethnic and emergent authors It thereby combats literary ghettoization while revealing commonalities across American literatures and the cross fertilization that has informed their development

Class, Self, Culture Beverley Skeggs, 2013-11-05 Class Self Culture puts class back on the map in a novel way by taking a new look at how class is made and given value through culture It shows how different classes become attributed with value enabling culture to be deployed as a resource and as a form of property which has both use value to the person and exchange value in systems of symbolic and economic exchange The book shows how class has not disappeared but is known and spoken in a myriad of different ways always working through other categorisations of nation race gender and sexuality and across different sites through popular culture political rhetoric and academic theory In particular attention is given to how new forms of personhood are being generated through mechanisms of giving value to culture and how what we come to know and assume to be a self is always a classed formation Analysing four processes of inscription institutionalisation perspective taking and exchange

relationships it challenges recent debates on reflexivity risk rational action theory individualisation and mobility by showing how these are all reliant on fixing some people in place so that others can move
