Chenail,2013-11-05 This collection of original papers by scholars who closely analyze the talk of the clinic features studies that were conceived with the aim of contributing to clinical practitioners insight about how their talk works No previous communication text has attempted to take such a practitioner sensitive posture with its research presentations Each chapter focuses on one or more performances that clinical practitioners in consort with their clients or colleagues must achieve with some regularity These speech acts are

consequential for effective practice and sometimes present themselves as problematic Rather than calling for research to be simplified or reoriented in order for practitioners to understand it these authors interpret state of the art descriptive analysis for its practical import for clinicians Each contributor delves deeply into clinical practice and its wisdom therefore each is positioned to identify alternative clinical practices and techniques and to appreciate practitioners means of performing effectively When reflective practitioners encounter these new pieces of work productive alterations in how their work is done can be stimulated By reading this work reflective practitioners will now have new ways of considering their talk and new possibilities for speaking effectively The volume is uniquely constructed so as to engage in dialogue with these reflective practitioners as they struggle to articulate their work A practical wisdom as research trend has recently emerged in the clinical fields stimulating these practitioners to explore new and more informative ways communication and literary theory ethnography and discourse analysis to express what they do in clinics and hospitals With the studies presented in this book the editors build upon this dialectical process between practitioner and researcher thus helping this productive conversation to continue

The History of Human Marriage Edward Westermarck,1922 *The History of human marriage* v. 2 Edward Westermarck,1922

Sacred Marriages Martti Nissinen,Risto Uro,2008-06-30 The title of this volume Sacred Marriages consciously plays with the traditional concept of sacred marriage but the plural form sacred marriages gives the reader an idea that something more is at stake here than a monomaniacal idea of manifestations deriving from a single prototype Following the guidelines of one of the contributors Ruben Zimmermann the editors tentatively define sacred marriage as a real or symbolic union of two complementary entities imagined as gendered in a religious context Sacred marriages plural then refers to various expressions of this kind of union in different cultures that seek to overcome to cite Zimmermann again the great dualism of human and cosmic existence The subtitle indicates that the contributors are primarily interested in different aspects of the divine human sexual metaphor that is the imagining and reenactment of a gendered relationship between the human and divine worlds This metaphor which is essentially about relationship rather than sexual acts can find textual ritual mythical

and social expressions in different times and places Indeed the sacred marriage ritual itself should be considered not a manifestation of the sacralized power of sexuality experienced in sexual intercourse but one way of objectifying the divine human sexual metaphor *Marriage a Covenant-not Indissoluble ; Or, The Revelation of Scripture and History* James Preston Fugitt,1895 **Journal of the Royal Anthropological Institute of Great Britain and Ireland** ,1884 African Marriage and Social Change Lucy P. Mair,2013-11-26 First Published in 1969 Building upon the author s previous work *Survey of African Marriage and Family Life* this title s findings are intended to produce for policy makers a picture of the forces producing changes in family relationships and the instability of marriage to which legislators civil or religious could refer when deciding what practices to treat as permissible and what to forbid For this reason it has laid more emphasis than is usual in works of theoretical anthropology on specific aspects of African marriage where it has been assumed that the divergence was most marked **Illicit Love** Ann McGrath,2015-12 *Illicit Love* is a history of love sex and marriage between Indigenous peoples and settler citizens at the heart of two settler colonial nations the United States and Australia Award winning historian Ann McGrath illuminates interracial relationships from the late eighteenth to the early twentieth century through stories of romance courtship and marriage between Indigenous peoples and colonizers in times of nation formation The romantic relationships of well known and ordinary interracial couples provide the backdrop against which McGrath discloses the marital middle ground that emerged as a primary threat to European colonial and racial supremacy in the Atlantic and Pacific Worlds from the Age of Revolution to the Progressive Era These relationships include the controversial courtship between white Connecticut born Harriett Gold and southern Cherokee Elias Boudinot the Australian missionary Ernest Gribble and his efforts to socially segregate the settler and aboriginal population only to be overcome by his romantic impulses for an aboriginal woman Jeannie the irony of Cherokee leader John Ross s marriage to a white woman Mary Brian Stapler despite his opposition to interracial marriages in the Cherokee Nation and the efforts among ordinary people in the imperial borderlands of both the United States and Australia to circumvent laws barring interracial love sex and marriage *Illicit Love* reveals how marriage itself was used by disparate parties for both empowerment and disempowerment and came to embody the contradictions of imperialism A tour de force of settler colonial history McGrath s study demonstrates vividly how interracial relationships between Indigenous and colonizing peoples were more frequent and threatening to nation states in the Atlantic and Pacific worlds than historians have previously acknowledged **African Marriage and Social Change** Lucy Mair,1969 First Published in 1969 Routledge is an imprint of Taylor Francis an informa company **Westminster and Foreign Quarterly Review** ,1876 *Love & Eroticism* Mike Featherstone,1999-03-19 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues

which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Eroticism is simultaneously published as volume 15 issue 3 4 of Theory Culture Society **John Chrysostom on Paul** Margaret M.
