**Resilient Grieving, Second Edition: How to Find Your Way Through Devastating Loss (Second Edition)** Lucy Hone, 2024-06-25. From a leading voice in resilience and bereavement science who has personally experienced incomprehensible loss, a fully updated and expanded new edition incorporating contemporary research, insight, and advice. *Resilient Grieving* offers an empowering alternative to the five stages of grief and makes clear our capacity for growth following the trauma of a loss that changes everything. As heard on NPR's *Hidden Brain* and CBS News, in 2014 Dr. Lucy Hone, the trailblazer in the field of *Resilient Grieving*, was faced with her own inescapable sorrow after her twelve-year-old daughter was killed in a car accident. By developing and following the strategies of *Resilient Grieving* shared here, she found a proactive way to manage her grief, embrace life again, and discover profound meaning. In this completely updated and expanded second edition, she continues to shift the narrative on how to grieve. With new scientific evidence, Dr. Hone demonstrates the inadequacy and potential harm of Elisabeth Kubler-Ross's Five Stages model of grief. In its place, Dr. Hone shares the best of contemporary grief advice, offering tools to handle emotions, manage relationships, and get the support you need, replacing helplessness with hope and a sense of control. Here also are all new practical insights into how to keep your loved one's memory alive. Dr. Hone has never been more convinced that the tools of *Resilient Grieving* can transform the ways that
