## **Our African Winter:**

**Our African Winter** Arthur Conan Doyle, 1929      **Our African Winter ...** , 1928      **In Winter's Eye** Wallace Collins, 2001-03-07 My endeavor here is to validate and document In Winters Eye what causes me to reflect and try to recapture in retrospect my experiences events propelled then by my pervasive apprehension of frost This symbolic cold weather chills me to the bone In Winters Eye which has now resurfaced in this brooding but stark and detail reality Yet though the metaphorical winter weather doesnt bother me that much anymore but when I accidentally get onto that slippery patch of racial black ice that camouflages the asphalt Thru way as passable then it would hit on my wheels and send me careening into a chaotic irrational verbal spin My meeting with that icy patch on lifes roadway to somewhere or nowhere for that matter freewheels my sense of direction as it throws me off my intended course of normal human progress after which I would struggle to maintain control of myself and the vehicle of my life I am driving down the road if not to somewhere in the future but to obliterate the past where my wheels would swerve and skid helter skelter luckily into the shoulder of the Thru way for my ultimate survival It became a necessity for me then after meeting head on the pronounced differences intoned by the assonant and dissonant sounds that racial preference plays out with acrimony compared with the personal autonomy of my parent culture and the restrictions based on race in anothers My endeavor to be accepted by my peers saw me struggle to adapt and to assimilate the new culture I enter of which I wrote about In Winters Eye or simply to remain not just as an entity but preferably that of a functional individual as in the following It is in such an ethnic arena that one jazz dance to the subtle tempo from the racial nuances afoot as one tries to keep time to that unique racial beat sufficient to make one assess ones common experiences with others keeping in mind meanwhile how it was in the countries I lived and traveled over the years In the fall of 1967 it was not a dream I had awakened from and found myself living a life akin to that of a spectator perched on a ledge in the balcony gawking at the happenings taking place below in the arena My consciousness held sway as I ogled at the vibrant milieu of racial politics happening then in my New York I was not dreaming either when I found myself living in an apartment in Corona Queens as it was my natural evolvment within the trajectory of my migratory path to the Big Apple Neither was I having an out of body experience that spirited me from Jamaica to London then whisked me off to Toronto on a tidal wave and finally being carried aloft by a big silver bird that landed me in the New York slab dab in the middle of the Civil Rights struggle It was a vast struggle then and remains so today though on a higher level as still a living breathing a phenomenon that in the 1960 s had elicited a mad rush of water to ooze from fire hoses manned by assiduous if not sadistic law and order protagonists that swept their fellow American brethren off their feet and tossed them several yards from the offending fray      **Fashioning Africa** Jean Allman, 2004-09-09 There is a close connection between the clothes we wear and our political expression In Fashioning Africa an international group of anthropologists historians and art historians bring rich and diverse perspectives to this fascinating topic      Spirit Possession and Spirit Mediumship in Africa and Afro-America

Irving Zaretsky, Cynthia Shambaugh, 2019-06-19 Originally published in 1978 *Spirit Possession and Spirit Mediumship in Africa and Afro America* is an incredibly diverse and comprehensive bibliography on published works containing ethnographic data on and analysis of spirit possession and spirit mediumship in North and Sub Saharan Africa and in some Afro American communities in the Western Hemisphere The sources on Western Afro American communities were chosen to shed light on the African continent and the Americas The bibliography while not exhaustive provides extensive research on the area of research in spiritualism in Africa and Afro America The bibliography also provides unique sources on spirit cults ritual or ethnic groups and will be of especial interest to researchers Although published in the late 70s this book will still provide an incredibly useful research tool for academics in the area of religion with a focus on spiritualism and non western religions

**Something of Themselves** Sarah LeFanu, 2020-03-01 In early 1900 the paths of three British writers Rudyard Kipling Mary Kingsley and Arthur Conan Doyle crossed in South Africa during what has become known as Britain's last imperial war Each of the three had pressing personal reasons to leave England behind but they were also motivated by notions of duty service patriotism and in Kipling's case jingoism Sarah LeFanu compellingly opens an unexplored chapter of these writers' lives at a turning point for Britain and its imperial ambitions Was the South African War as Kipling claimed a dress rehearsal for the Armageddon of World War One Or did it instead foreshadow the anti colonial guerrilla wars of the later twentieth century Weaving a rich and varied narrative LeFanu charts the writers' paths in the theatre of war and explores how this crucial period shaped their cultural legacies their shifting reputations and their influence on colonial policy

*The Cambridge bibliography of English literature. 3. 1800 - 1900* Frederick Wilse Bateson, 1940 *Arthur Conan Doyle and the Meaning of Masculinity* Diana Barsham, 2016-12-05 A valued icon of British manhood Sir Arthur Conan Doyle has been the subject of numerous biographies since his death in 1930 All his biographers have drawn heavily on his own autobiography *Memories Adventures* a collection of stories and anecdotes themed on the subject of masculinity and its representation Diana Barsham discusses Doyle's career in the context of that nineteenth century biographical tradition which Dr Watson so successfully

appropriated It explores Doyle's determination to become a great name in the culture of his day and the strains on his identity arising from this project A Scotsman with an alcoholic Irish fairy painting father Doyle offered himself and his writings as a model of British manhood during the greatest crisis of British history Doyle was committed to finding solutions to some of the most difficult cultural problematics of late Victorian masculinity As novelist war correspondent historian legal campaigner propagandist and religious leader he used his fame as the creator of Sherlock Holmes to refigure the spirit of British Imperialism This original and thought provoking study offers a revision of the Doyle myth It presents his career as a series of dialogic contestations with writers like Thomas Hardy and Winston Churchill to define the masculine presence in British culture In his spiritualist campaign Doyle took on the figure of St Paul in an attempt to create a new religious culture for a Socialist age

**Conan Doyle's Wide World** Andrew Lycett, 2020-02-20 With fascinating extracts from his own writings this book reveals the captivating travels and adventures of Arthur Conan Doyle the creator of Sherlock Holmes Arthur Conan Doyle was not simply the creator of the world's greatest detective he was also an intrepid traveler and extraordinary travel writer His descriptions of his journeys and adventures which took him to the Arctic and the Alps throughout Africa Australia and North America and across every ocean in between are full of insight humour and exceptional evocations of place Until now these captivating travelogues have never been gathered together In this ground breaking book Andrew Lycett Conan Doyle's celebrated biographer collects and annotates the best of his writings from around the world which illuminate not just the places he visited but the man himself

**The Man Who Created Sherlock Holmes** Andrew Lycett, 2008-11-18 Though Sir Arthur Conan Doyle's name is recognized the world over for decades the man himself has been overshadowed by his better understood creation Sherlock Holmes who has become one of literature's most enduring characters Based on thousands of previously unavailable documents Andrew Lycett author of the critically acclaimed biography *Dylan Thomas* offers the first definitive biography of the baffling Conan Doyle finally making sense of a long standing mystery how the scientifically minded creator of the world's most rational detective himself succumbed to an avid belief in spiritualism including communication with the dead Conan Doyle was a man of many contradictions Always romantic energetic idealistic and upstanding he could also be selfish and fool hardy Lycett assembles the many threads of Conan Doyle's life including the lasting impact of his domineering mother and his wayward alcoholic father his affair with a younger woman while his wife lay dying and his nearly fanatical pursuit of scientific data to prove and explain various supernatural phenomena Lycett reveals the evolution of Conan Doyle's nature and ideas against the backdrop of his intense personal life wider society and the intellectual ferment of his age In response to the dramatic scientific and social transformations at the turn of the century he rejected traditional religious faith in favor of psychics and seances and in this way he embodied all of his late Victorian early Edwardian era's ambivalence about the advance of science and the decline of religion The first biographer to gain access to Conan Doyle's newly released personal archive which includes correspondence diaries original

manuscripts and more Lycett combines assiduous research with penetrating insight to offer the most comprehensive lucid and sympathetic portrait yet of Conan Doyle's personal journey from student to doctor from world famous author to ardent spiritualist
